POWER STATION IS READY

Electric Current Soon to Come From New Plant.

Water was turned into the turbines at the Bend Water, Light & Power Co.'s new power plant Monday and the new generator set going. It ran smoothly and there was no trouble experienced. The building is not yet completed, being roofless, but the machinery is ready to run and probably tomorrow the wires will be connected up and the city load put on the new equipment.

With the installation of a large number of "juice" consumers the past few weeks, the old plant has been taxed to capacity, but with a change to the new power house this difficulty will be relieved.

The electrical cooking outfit at the Mountain View was installed last week, and Monday night that at Corbett's was put in.

RIGHT OF WAY LOCATED

Oregon Eastern Railway Official Here Last Week.

W. O. Gardner, right of way agent of the Oregon Eastern Railway, which is building its line westward from Vale to a connection with the Deschutes branch of the O.-W. R. & N., spent last Friday night at the Hotel Bend. He left Saturday morning for Lakeview.

While here Mr. Gardner stated that the railway had made the final location of its line 49.4 miles westward from Dog Mountain, to which point the contract has been let. There was some trouble securing right of way from a few land owners west of Dog Mountain, but Mr. Gardner stated that settlement had been made with them and that the road now has its right of way located to the Harney county east line.

"HEISINGS" IS ATTRACTIVE

Though Dan Pretends That You Want Get Fish, You Usually Do.

When you get to Dan Heising's on the Metolus for a day's fishing about the first thing Dan will say, as you start off toward the river with an empty creel and high hopes, is: "Well, I reckon I'll send the boy out so we'll be sure of some trout for supper."

Despite the slur on one's piscatorial abilities, you probably have the time of your life, and like as not feel Dan by bringing home a nice string. Now that "Heising's" has a comfortable summer hotel, and the surrounding grounds are fixed up attractively, it would be hard to find a more pleasant place to spend a holiday. The fishing is apt to be good, and soon will be better, for arrangements are being made to "plant" 20,000 trout fry in the Metolus.

The monthly business meeting of the Ladies' Aid Society will be held at the Methodist church next Wednesday afternoon at 2:30. Strangers are invited to attend.

The friends of Earl H. Conser in Bend will be pleased to know that he has been chosen cashier of the new Paisley National Bank. Mr. Conser is now connected with the trust department of the Security Savings & Trust Co. of Portland.

The Women's Union of the Baptist church will hold its annual roll call and business meeting tomorrow at the home of Mrs. H. C. Ellis. A report on the work of the union since it was organized last August will be made and officers elected for the year.

A party of boys scouts consisting of Earl McClure, Herman Moore, Roy Fuller, Earl Lane and Tom Rauch made further explorations Sunday of Horse Cave. In clearing out the dirt from one end of the cave, said once to have been an Indian burial place, they found an arrowhead, some deer antlers and a few bones. The boys plan to make further searches in the cave.
