farm in real style next year. E. A. Bussett and family made a trip to Silver Lake last week, returning Sunday. They tell of a fine trip and say it is a great country. Mrs. Bussett stopped off in Bend for a few days' visit on the return trip. The Powell Butte Sorolls Club met with Mrs. Foster last Wednesday. An excellent meeting and a very enjoyable time were experienced by those present. Misses Alma Johnson, Viola Truesdale and Gladys Baya have returned to the buttes to spend vacation, after a hard year's work in the Crook County High School at Prineville. Clark Morse spent several days in Prineville last week, taking in the high school commencement exercises. Some time ago a man on the lower Deschutes made quite a splash over a stalk of alfalfa that was raised on dry land and that was 19 1/2 inches high. Cris Sletz has a patch of dry land alfalfa on his homestead which averages from 28 to 30 inches. Mrs. Charles Charlton made a trip to Prineville Thursday, Carl and Harold, who have been attending school there, returned with her. A very enjoyable evening was spent by some of the younger set under the leadership of George Beckman, when they called on Nathan Beach and bride for the usual stick of candy and cigar. Mr. Beach was totally unprepared but after an undue amount of persuasion he loosened up for a box of cigars. He is still worried over the useless expense. Jack Wolfer was the last one to get stuck in the ditch in front of Cris Sletz's. Perhaps the road supervisor will see his way clear to put a bridge in there after a few more get stuck.

POWELL BUTTE, June 1.—The continued warm weather is causing crops of all kinds to fairly jump. Already some of the alfalfa in the riverbed is in bud, and will be ready for cutting in two or three weeks. Clover is making the same good growth. Rye on dry land is now about a foot high. Married, May 24, Miss Hattie Frost and Nathan B. Beach. This wedding was something of a surprise to their friends and general knowledge of it brought an old-fashioned charivari party who serenaded lustily with tin cans and cow bells, and the dogs of the neighborhood still have a hunted look and a coyote hasn't been heard since. Mr. and Mrs. Beach will live on his homestead acre. Mr. and Mrs. J. D. Davidson moved to Bend last week. The annual school meeting in district 72 will be held at the school house on June 16. A clerk and one director will be elected. The school board as it stands now is J. I. Jones, clerk; A. D. Morrill, chairman; Chas. Frost and N. B. Beach.

HAMPTON BUTTE

(Special to The Bend Bulletin.) HAMPTON BUTTE, May 31.—The weather is hot now, the temperature during the day going as high as 99 degrees. C. J. Stauffer came in from Bend with a load of supplies and farm machinery. V. D. Harris of Lost Creek is moving his house. He recently dug a new well and secured a good supply of water. Mr. Harris will move his buildings to the new well. James Wells came in from Bend with a load of lumber for his house

and intends to build soon. R. R. Earle of New York and L. W. McDowell of St. Paul were in this locality recently taking photos. The views will be run on a film for moving pictures. Views of homesteaders clearing sagebrush, plowing and the like and also views of the roundup at the Hanley ranch near Burns will be shown in the "movies." Mr. Lesck of Portland has purchased the relinquishment of Mrs. J. W. McClure and Mr. Tinner of Bend that of Mr. McClure. Mr. Carter of Silver Creek was calling on friends here on his way to Bend. C. W. Ashbaugh is in Bend on business. Mr. Addington, who lives near Egli, passed through Hampton Butte on his way to Bend. Miss Elva McFadden expects to build on her claim this week. V. D. Harris will do the carpenter work. John Perry and son Marvin have purchased a well drill and sufficient apparatus to drill to a depth of 1500 feet. Miss Mary McMullin has been ill with an attack of muscular rheumatism. Mrs. Ed Street, after a couple of weeks' visit with relatives here, returned to her home on Buck creek. Her husband drove over and returned with her. O. W. Stone and daughter Bessie of Davenport, Wash., were calling on Horace Brookings and family. Mr. Stone and Mr. Brookings were old neighbors at Davenport several years ago. W. C. Ceell and H. D. Ceell and wife of Silver Creek passed through here on their way to Portland via Bend. Mr. Ceell's daughter is to be married in the metropolis on June 4.

TUMALO

(Special to The Bend Bulletin.) TUMALO, June 1.—The woods are full of survey crews at present doing preliminary work on the Tumalo project. All crops are now showing a fine growth and this should be a bumper year, from present indications. Charles L. Wimer was a business caller at Bend yesterday. Mr. Phoenix of Redmond, engineer on the project, with a crew, is staying at the Star ranch at present. G. W. Horner and family leave for the Metolius tomorrow for a camping trip of a month or more. They have sold much of their household goods, stock, crops, etc. Mr. Horner has contracted his land to the state. Mrs. L. J. Wimer, who for some time has been staying at the Star ranch, has returned to her home at Pinehurst.

REDMOND

(Special to The Bulletin.) REDMOND, June 2.—The Redmond Feed & Fuel Co. will put in a 25-barrel flour mill in this city and have it in operation probably about July 1. Commencement exercises of the Redmond High School were held in the Sparks theatre last Friday evening. There was a very large attendance. The baseball game which was to be played here Sunday between Redmond and Prineville was postponed. The Redmond schools closed for the summer vacation last Thursday. Extensive preparations are being made for the big Fourth of July celebration which is to be held here. The 4th and 5th will be the days for the celebration. The Baraca and Philathea Sunday school classes of the Methodist church spent Sunday on the Deschutes near Lower Bridge. A number of Redmond people attended the rabbit drive on the peninsula between the Deschutes and Crooked rivers, about 18 miles from here. About 50 rabbits were killed. R. L. Schee has been elected secretary of the Redmond Commercial Club to succeed A. J. Haney, resigned. M. H. Gillette was down from Bend last Sunday. He and his little son Ralph returned on Monday's train.

1c A WORD IS ALL A LITTLE WANT AD WILL COST YOU PRACTICAL BAKING LESSONS CAKES, (Continued) In last week's lesson, I gave full directions and two simple recipes for cake baking. The great essentials in making cakes, are to use good materials, to measure carefully, and to use care in baking. A cake should look appetizing. A careless cook will seldom make a good cake or one that looks good. It is worth while to use a little extra care and attention in order to have a nice appearing cake. Nevada Briggs White Cake 1/2 cup butter 1 cup granulated sugar 1/2 cup milk or water Whites of three eggs 2 cups sifted pastry flour 2 level teaspoons K. C. Baking Powder 1 teaspoonful vanilla extract. To mix white cake, measure the flour and sift it at least three times with the baking powder. Next cream the butter and sugar together until creamy and white; then add the water or milk and the flour mixture a little at a time, alternately to this creamed mixture, stirring it all the time. After all moisture and flour are added and the batter is perfectly smooth and glossy, beat the whites of the eggs until they are very stiff, adding these to the batter last. Bake in two medium sized layer pans and put together with chocolate, pineapple or plain icing. Simple Chocolate Filling 1/2 cup powdered or confectioner's sugar and enough milk or water to dissolve the sugar. Work it into a smooth paste by stirring, then add 2 tablespoonfuls of melted cooking chocolate and when smooth, spread upon the cake. To melt the chocolate break in lumps, place in a cup set in boiling water or over the steam of the tea kettle. Uncooked Pineapple Icing 1/2 cup grated pineapple 1 egg white (unbeaten) 2 cups powdered or confectioner's sugar Put egg white in bowl with the pineapple; take a rotary egg beater and beat the sugar in a very little at a time and continue beating until icing is stiff enough to spread. This icing is improved by long beating and adding sugar gradually, not much at a time. This recipe may be varied by using 1/2 cup of any kind of crushed fruit, such as grated sour apple, strawberries, peaches, bananas, orange juice, or lemon juice diluted one half with water. Boiled Icing 1/2 cup boiling water Whites of 1 egg 1 cup granulated sugar. Stir sugar and boiling water until sugar is dissolved; put over fire and cook without stirring until the syrup will form a soft spongy ball when dropped in cold water, then pour into the white of egg slowly, beating constantly until stiff enough to spread. Flavor to suit and spread upon the cake; a little lemon juice added to the syrup makes the icing spongy. This makes enough for two layers. Instead of 1/2 cup water use 1/4 cup of any fruit juice to make different flavors. Nuts, raisins or figs can be added if desired. Eggless Icing 2 cups powdered or confectioner's sugar; Juice of 1/2 lemon and water, cream or milk to soften sugar to consistency to spread. This cannot fail for if one should get it too soft, simply add a little more sugar. This can also be made with any kind of fruit juice to soften sugar instead of water, cream or milk. Gold Cake 1/2 cup butter Yolks of 4 eggs 1/2 cup sugar 1/2 cup milk or water 1 cup flour, less 2 tablespoonfuls 2 level teaspoonfuls K. C. Baking Powder Grated rind of orange. Copyright 1913 by Pioneer Mo. Co. The next lesson will be on Muffins with several recipes and full directions how to make them light and moist.
