

# TREASURER TO COLLECT TAXES

## CHANGE IS EFFECTIVE JANUARY 1

Thereafter Sheriff Will Devote Himself Exclusively to Criminal Catching and Executive Duties—Offices Are to Be Remodelled.

(Special to The Bulletin)

PRINEVILLE, July 7.—Owing to the fact that an act of the 1913 legislative assembly has transferred the task of tax collection from the sheriff's to the treasurers of the several counties effective January 1, an alteration of the court house has been ordered by the county court in order to provide adequate quarters for the treasurer. The present office occupied by Treasurer Jordan is altogether too small.

The treasurer will occupy the rooms on the first floor at the northeast corner of the building, which are now used by the sheriff. Quarters for the sheriff will be constructed beneath the present office in the basement and immediately in front of the present office in the basement and immediately in front of the jail. Entrance to the jail will then only be possible through the sheriff's office and entrance to the office will be made through one of the present windows of the basement, level with the ground.

After January 1, 1914, the sheriff's duties will be confined to running down criminals, serving civil and criminal process for the courts of the county and the administration of his executive duties pertaining to the law enforcement.

## POSTAGE STAMP CHANGE

Ordinary Kinds Now Good on Parcels As Well As For Letters.

The days of the parcel post stamp are numbered, for when those now printed are used up they will go out of existence. They are replaced by the ordinary stamps, which are now good on parcels as well as letters. If you have a package to mail and do not have parcel post stamps at hand to use, stick any old kind on and it will do, according to an order issued by Postmaster General Burleson, effective July 1. This order says:

"On and after July 1, ordinary postage stamps, including commemorative issues, shall be valid for postage and for insurance and collect on delivery fees on fourth class mail, and distinctive parcel post stamps shall be valid for all purposes for which ordinary stamps are valid."

The distinctive parcel post stamp issue was made so that the government might keep track of the use of the parcel post which was inaugurated on January 1, 1913.

## SEATTLE EXCURSION BIG ONE

This Year Solid Pullman Train Will Come on August 17.

This year's Seattle excursion promises to be the biggest thing of the kind pulled off in the Northwest, and certainly far the most notable ever attempted by a town of several times the size of Bend. The train will be composed of six standard Pullman sleepers, two dining cars, an observation car and a baggage car.

Leaving Seattle at 11 p. m. on Saturday, August 16, it will reach Bend Sunday at 4 p. m., and will leave here Monday at midnight. This year it will come over the Oregon Trunk Railway.

## LA PINE PLANS MEET

Good Roads Barbecue Scheduled For August 9.

LA PINE, July 8.—La Pine is to have a good roads barbecue and a general good time on August 9. While the important work of the gathering will be discussion of good roads, there will be much entertainment as well.

The announcement sent out by the Commercial Club contains these paragraphs:

Col. Chas. W. Thatcher, the unique 'Apostle of Good Roads,' will be here and will tell of his wonderful experiences in all parts of the country and of his plans for the future. This alone would justify a journey of many miles.

Judge W. S. Worden, the famous 'Good Roads Judge,' of Klamath county, will attend the meeting and tell of his work.

"Many other men prominent in the good roads movement will be present. All organizations in the state or elsewhere interested in the great question of good roads are urged to send representatives. The time and money spent will prove to be a good investment."

## M'KENZIE PASS ROAD PUT IN GOOD CONDITION

Letter From Lane County Judge Says That Autos May Now Take the Trip Safely—Grades to Be Cut.

The following letter, received by County Commissioner Bayley from the Judge of Lane county, shows that the McKenzie pass route is now in excellent shape:

"Our foreman, who has been in charge of our gang on the McKenzie road from the pass west, came down to town yesterday and informs me that the road is entirely practicable for automobiles. I write you this as you probably have numerous inquiries from people as to whether they can get through or not. He informs me that the snow is entirely off from the pass.

"Yesterday we sent our engineers up the McKenzie to set the grade stakes for the work of reducing the 25 per cent hills, near the summit, to a grade of 10 per cent or better.

"I think you need have no hesitation now in recommending tourists to cross on the McKenzie pass. Of course, the old grades are steep but they are entirely practicable for automobiles.

"We are doing a good deal of work on the McKenzie road, below McKenzie bridge, and in a few years, if we continue at the present rate, the road across the mountains from our county into your county will be a scenic highway of which the state will have reason to be proud. The Forest Service is materially assisting us in doing the work.

HELMUS W. THOMPSON, Eugene, June 18, 1913."

## NEW STORE AND POSTOFFICE.

Martin Hallmeyer and J. R. Rivers of the Prinegle Flats country southeast of Bend were in town Thursday getting supplies for a store which Mr. Rivers will establish there about the 15th. A petition for a postoffice for that community has been granted by the government and it will be located in Mr. Rivers' store, which will be about three-fourths of a mile west of the warm spring in section 22-19-19. The name of the office will be Highland.

## Tactful.

Dobson had just bought a new type writing machine.

"Now, what color ribbon do you want for this machine?" asked the salesman.

"Oh, black, by all means," said Dobson. "You see, my typewriter is a widow."—Judge.

He that fears not the future can enjoy the present.

# WORK SHOULD BE PERMANENT

## HIGHWAY EXPERT TO COME HERE

Bowlby Favors Bond Expenditure For Permanent Roads in Counties Proposing to Act Under Law Passed By the 1913 Legislature.

(Oregon Journal)

Major James Bowlby, highway commissioner for Oregon, is giving the first attention of his recently organized office to the roads plans of Jackson and Crook counties. Jackson county people are having a campaign for a bond issue of \$700,000 with which to make the Jackson county unit of the Pacific highway.

Crook county, under the law passed by the last Legislature, is agitating a bond issue of \$200,000, for the construction of two trunk highways, one north and south, the other east and west through the county. Major Bowlby, who was in Portland Saturday evening, said that some time this week he will visit Crook county. The state highway department, on request from the County Court of a county, will take charge of and direct highway construction, doing the surveying and other preliminary work.

"I think I am warranted in insisting," said Major Bowlby, "that when roads are built out of the proceeds of long-time bonds, they should be built so permanently as still to be good and in service when the money for the bonds falls due. I do not believe that temporary roads should be built from the proceeds of bond issues."

Newcomers should get the habit of going to Innes & Davidson's barber shop.—Adv.

## CHURCH NOTICES

Methodist.

Services Sunday at 11 a. m. and 8 p. m. Sunday school at 10 a. m.

## PRINGLE FLATS

(Special to The Bend Bulletin.)

PRINGLE FLATS, June 20.—Mr. Nelson is busy plowing ten acres for Mr. Beebe.

The crops and gardens are looking fine since a week of heavy rain.

Ted Boerste made a trip to Mr. Winters' where he bought 23 little chickens.

Mrs. Eric Danielson called on Mrs. A. B. Taylor Sunday afternoon.

Mr. Carpenter visited at C. A. Stevenson's last week where he expects to buy a number of turkeys this fall. Mr. Stevenson has over a hundred.

Warren Libby will make final proof on his claim in a few weeks, at Prineville.

## WITHOUT WATER FOUR MONTHS.

The United States forest service reports that sheep on the Nebo National Forest in Utah go four and a half months without water except for such moisture as they get from the dew and the juices of forage plants. The grazing season is from June 15 to October 31. In one area on the Targhee forest in Idaho sheep got water only twice during the four-month season.

## WEEKLY MARKET REPORT.

NORTH PORTLAND, July 5.—Receipts for the week have been as follows: Cattle 1027, calves 74, sheep 5372, hogs 3784, horses 21. The cattle market was steady to lower this week. Killers have not been in the market for any large supply of beef and bidding was consequently very slow. Prime grass steers in car lots are selling around 8 cents. Medium grade steers quarter to a half cent lower. Butcher stock have been steady to weaker. Prime cows at 6.50 to 6.75, choice bulls at 5.50 to 6 and calves 6.50 to 9 are prices at the top of the various classes.

This week's hog market has been a very strong one. Prices reached 9.15 Wednesday, but the market weakened at the close, the top being 9 cents. Liquidation has been comparatively liberal.

Trade in the sheep house showed up considerable this week, due to the poor demand for mutton. The outlet

is not very broad and any size receipts clogs it. Best yearlings 4.30 to 4.75, old wethers 3.75 to 4.25 and prime selling ewes 3.75 to 4.25 were extreme top bids. The lamb market is about steady, with a shade better demand than for sheep. Choice stock sold at 6.50 to 6.75.

## Lighten the Housework

A plain iron sink returns very little for the effort spent upon it. A few minutes spent in cleaning a "Standard" white enameled sink and you have a veritable beauty spot of radiance.

Our catalogue of sinks is very interesting with its wall hanging, corner and recess patterns. It is free to all interested in good plumbing and good fixtures.
