

### NEW BRIDGES ARE BUILT

One at Crane Prairie and Another at Davis Creek—Forest Service Busy.

G. W. Shriner and Clyde McKay returned Sunday evening from a five days' trip which took them to Crane Prairie and Davis Lake. They went up the east side of the Deschutes, returning on the west. They report that the forest service has built a bridge across the Deschutes near the ranger station at Crane Prairie and is cutting out a road from there to the cattle camp. There is also a new bridge across the river at Davis Creek built by a settler named Graft, and a bridge across Davis Creek is proposed.

### PAMPHLET FARMERS NEED.

A splendid hog publication, which is in the nature of an encyclopedia on swine production and everything having to do with the breeding and feeding of hogs, is a booklet being issued by the Portland Union Stock Yards. It should be a valuable pamphlet for the farmers of Central Oregon who are beginning to raise hogs. Any one may secure a copy by writing to O. M. Plummer, North Portland, Ore.

ever did take the match. Miss Olson did not play the usual fine game which she is reported to have been playing all summer, while Mrs. Putnam, who has been on the court but few times this summer, displayed marked ability. The result was that the Bend team took the match in straight sets, 6-3, 6-4.

Hosch is the "Iron Man." From Redmond came the town's mayor, Hosch, and he proved himself a veritable "iron man" on the court. Saturday he played 104 games, coming out victor in every match. A splendid example of his endurance was shown in his singles match with C. S. Hudson of Bend. The first set went 7-5, the second 6-8, and on the third Hudson had the advantage at 6-1. Despite this big lead, Hosch did not get up and finally won, 7-5, Hudson becoming exhausted and weakening. Immediately following this match Hosch went into the doubles semi-finals and played two sets without the least show of fatigue.

**Dance is Called Off.**  
On account of the death of Mrs. Ferrell Saturday morning, the dance for that evening was called off and will be held at a later date. The Laidlaw players found it impossible to get off to take part in the playing, but some of them came up for the dance, in the excitement of the matches Saturday afternoon everyone here overlooked to notify them by telephone that the dance had been

and its surrounding country. The land is rich, deep volcanic ash formation, no rock, is level, has good drainage, and excellent drinking water never deeper than 20 feet. The irrigated land with a perpetual water right can be purchased at \$1000 per acre on easy terms. The surrounding pine covered mountains are full of natural wonders—and just the place for a vacation. La Pine is only about two years old, but growing rapidly. It has a telephone system, two good hotels, two big general merchandise stores, a first class livery and feed stable, an excellent newspaper (the La Pine Inter-Mountain), one of the most progressive commercial clubs in the state—and this club, by the way, has its own property and the past year erected thereon an attractive club house. There are three small saw mills in the vicinity of La Pine, which is just the beginning of the big lumbering and milling business that will be done here. There are good openings in manufacturing and other business lines here. In educational matters La Pine is progressive. It has a two-acre school park in the heart of the residence section, and now teaches up to the twelfth grade. A Catholic church will be built here this spring, and other churches are planning to establish themselves. La Pine has over 15,000 available electric horse power which the owners have commenced to develop, and which alone would build a good sized city. The big area of farm land tributary to La Pine would alone build and maintain a good sized city. The vast tracts of timber tributary to La Pine would alone build a good sized city. With the coming of the two big railroad systems to La Pine, which will be soon, development in and around La Pine will be rapid. La Pine can be reached via Gr. Nor. N. P., D. W. R. & N. and U. P. Rys. You can make money by buying property at La Pine in advance of the railroads. Others are doing it, why not you? **WAKE UP!** to the fact that a model, well located town is one of the newest and best sections of the Northwest is bound to grow rapidly, and that property values will climb accordingly. Prices now from \$5000 up. The terms are easy, only a few dollars per month on each lot. You don't miss the money, but you soon acquire valuable property. Write today for plat, prices and terms.

### SELL THEIR WATER RIGHTS

#### Suttles Lake People Make Deal With "Lower Desert" Settlers.

The property and water rights of the Suttles Lake Improvement Company at Blue and Suttles Lakes in the Cascades were sold yesterday to settlers on the "lower desert" who have land between Squaw Creek and the Metolus river west of the Deschutes. The purchasing interest are known as the Metolus Irrigating & Power Co.

Representing the settlers, Ralph L. Jordan of Prineville yesterday closed the deal. The members of the Suttles Lake company who disposed of their holdings are Z. M. Brown, Joe Howard and L. D. West, Will Wurtzweiler retaining his interest. The settlers desired to organize an irrigating district but were without water rights, hence the purchase from the company which had such rights, but had no land to water. The Suttles Lake Improvement Company was organized two years ago.

### BIG DOG BITES CHILD

#### Josephine Young is Attacked and Badly Hurt.

Josephine, the 5-year-old daughter of Mr. and Mrs. George Young, was bitten by a big stray dog, at the Markel home, last Wednesday afternoon. The animal sank its teeth into her forehead, badly lacerating the flesh.

With her mother, Josephine was visiting at the Markels'. She has a dog at home which she fondles and started to pet the canine which had come to the Markels' and taken up its abode. It grabbed her and inflicted severe wounds before it was beaten off. Later it was killed and the brain sent to Portland to be examined to determine whether or not it had rabies. A telegram yesterday morning stated that the dog was not mad. Josephine is reported today as getting along very well.

#### Bend Presented With "Cup."

At the close of the doubles final, some of the Bend players brought forth a "cup" which was misinterpreted as having been presented to the Bend players by the visitors. This was a joke perpetrated at the expense of the locals, who up to that time had not got a "look-in" in the honors and who were expected not to get a share. The "cup" was

a wash basin on which was scrawled "BEND" and to one end of which was tied a bit of blue bunting. However, in the next and the last tournament match the Bend team came through with a victory giving them city honors.

#### Another Tournament Next Year.

There will be another tournament next year. All the cups awarded become the property of the winners except the singles championship cup which must be won three times by a player to become his property permanently. The local players showed great interest, many of them making entries although they had not handled a racket prior to this summer. Next year there will be a larger number of skilled players to take part with the results closer. This year there were 40 entries in all—22 in

singles, 11 in men's doubles and 7 in mixed doubles. U. N. H.
