The county school fund was not sufficient to permit the apportionment of \$5 to each district having a teacher in attendance at the annual county institute, as provided by law. The sum due each district under this provision will be included in the next apportionment.

## BEND SCHOOL NOTES

(Reported for The Bulletin)

Tom Murphy and his men have been taking dirt from the playground of the Bend school between Fir avenue and Greenwood, making it absolutely useless as a play field.

The seventh and eighth grades, which have been coming into the high school two mornings a week for singing instruction, will discontinue this practice and are going to organize a glee club instead. Meetings will be held on Wednesday and Friday under the direction of Miss Trautner. This will leave the students of the high school 15 minutes in which to study in the morning before classes are called.

Friday afternoon a debate and a short program were given by some of the students. It was as follows:

Song, "Old Black Joe," High School.

Quotations from the "Ancient Mariner," by Margaret Schreder, Frances Steidl, Susie Kelley, Genevieve Gerriah, Maydew Triplett, Leona Springer.

"Soldier's Farewell," by the Busy Bees quartet—Margaret Thompson, Margaret Schreder, Ruth Caldwell, Frances Steidl.

The debate on the question, "Should the United States increase her navy?" was won by the freshmen side, the leader being Evelyn Bedient, by a vote of 9 to 2. The sophomores or the negative side had Marie Fox as leader.

Walter Taylor has moved his family to town from their Harney Holes homestead to allow the three children to go to school.

J. P. Reynolds and family, formerly of Seattle, have moved to Bend. Mr. Reynolds has two sons in school. Floyd being a sophomore and Paul in the fifth grade.

Miss Cowles gave a short talk on Tuesday morning on "Home Rule in Ireland."

The high school will have a spelling lesson every Thursday morning and the marks therefrom will go in as an English grade.

The student of the sophomore and freshman class who raises his average monthly mark the most will be rewarded with a half holiday.

Frances Yoder entered the first grade Monday.

The total registration for last month was 248 pupils. The total at present is 299. This is an increase of 39 over the corresponding time last year, the enrollment at that time being 260.

The Sku-Ke-Leek Club will meet with Mrs. Charlotte Beatson October 9.

## POWELL BUTTE

(Special to The Bulletin)

POWELL BUTTE, Oct. 6.—Several freight outfits hauling ore from the Mayflower mines passed through here Sunday for the railroad.

George Hobbs spent a couple of days in Redmond and Bend last week.

Mickey Conlon of Redmond spent several days at Powell Butte last week. He was trying to place a Shire stallion with the farmers. A horse of this class is badly needed here.

Mrs. Lindquist and daughter have arrived from Tacoma to be with Mr. Lindquist and the two boys who have a ranch here.

Alvin Riggs brought a bunch of about 50 steers from Redmond Sunday to feed this winter. This is the

only logical way of disposing of alfalfa in quantities and it is certain that a number of Powell Butte farmers will start feeding.

A number of Prineville boys visited the lake near the Huston place Sunday with appetites all fixed for duck. They found shooting mud hens very poor sport.

The Sorosis spent a very pleasant afternoon with Mrs. Allen Wilcoxen last Wednesday. The time was spent with sewing and music. There were five new members who joined the club.

John Rhode has sold the remaining 89 acres of his place to R. L. Moore of Columbia, S. C.

Last Sunday while coming out from Prineville with a four-horse load of supplies, and people for the rabbit drive, George Morgan had a runaway. Although no serious damage was done, there was much excitement. One wheel horse fell and was stripped of harness and left in the road.

Munz Willeoxen made a trip to Bend with a load of dressed pork

last week.

Rudolph Johnson won the two lambs given at the Prineville fair for the best sheep of wheat exhibited by a school child.

Mr. Golden has just finished digging a quarter acre of potatoes he had planted for house use. They made 57 sacks of saucibus potatoes. This shows what spuds will do here if properly cared for.

John Wolfer has gone to San Francisco for a visit with his mother.

## BIDS WANTED.

The Common Council of the city of Bend will receive sealed bids until 4 p. m. Tuesday, October 14, 1913, for the construction of a municipal building exclusive of steel and iron work, in accordance with plans and specifications now in the hands of J. W. Dimick. Bids are desired based in a general way upon the following construction materials:

First. North and east walls of pink tufa rock laid in broken ashlar design with brick walls on west and south.

Second. North and east walls of pink tufa rock laid in range design with brick walls on the west and south.

Third. North and east walls of

local pressed brick with west and south walls of brick.

Sealed bids are also desired at the same time in a lump sum and also itemized for the steel and iron work called for by said plans and specifications. All bids must be delivered personally to the mayor or recorder prior to 4 p. m. Tuesday, October 14, 1913. The council reserves the right to reject any and all bids.

H. C. ELLIS,  
Recorder.

# Stop the Loss—Fires are Unnecessary

Brick is absolutely fire proof in any ordinary conflagration. Brick Buildings never burn, although they are sometimes injured by falling timbers or combustible interior woodwork. A brick building is absolutely fire proof if wire glass is used in the windows and if burned clay floors are used. An interior fire in such a building is confined to the room in which it originates; no outside fire can attack it. The proportion of burned clay in a building construction measures its fire proof qualities. Burned clay is the only building material that has been through the fire before you get it, in such a manner that it will resist fire. All combustible material is burned out of the brick before you get it.

WHEN YOU BUILD USE BRICK.
