THE REDMOND POTATO SHOW

"WATCH POWELL BUTTE GROW -- POTATOES," SLOGAN

Two Big Railroad Premiums Go to S. D. and Glen Mustard—Graham Takes Exhibit for Land Show. By Mrs. G. C. Truesdale.

POWELL BUTTE, Oct. 27.—Powell Butte was decidedly on the map at the Redmond Potato Show last week, and especially as concerns potatoes, for local growers carried off the big honors. The slogan for our district should be not "Watch Powell Butte Grow" but "Watch Powell Butte Grow—Potatoes."

The Mustards, S. D. and Glen, won the two big premiums offered by the Great Northern and the Oregon-Washington railways. The \$85 check went to S. D. Mustard for the best display of spuds in bushel lots, while Glen Mustard won the \$50 loving cup offered for the best and largest crop of potatoes. His 38 Early Rose potatoes grown on subirrigated land weighed 57 1/2 pounds. Glen also won honors in grains and other exhibits, while S. D. gathered in a great number of blue ribbons with accompanying purses.

Powell Butte also figured in the children's potato growing contest, as Ray and Jesette McPharland landed the blue ribbon in that contest.

F. W. Graham, Western industrial and immigration agent for the Great Northern Railway Company, in conversation with the writer in Redmond Saturday, stated that his company would ship the Glen Mustard exhibit of large potatoes to Chicago, where they will be shown at the Chicago Land Show. While there the big spuds will be seen by 250,000 people as that has been the average attendance at the show for several years. From the land show the potatoes will go to make up an exhibit shown in special cars by the railway all over the East. The commercial sizes which won the clock will also go to the land show, but as Mr. Graham says, it takes the big fellows to attract the attention of a crowd so these potatoes are of inestimable value to us for advertising purposes.

SPUD "BEAUTS" FROM POWELL BUTTES WINNERS

Agricultural Exhibits, Especially Potatoes and Fruit, are Notable—J. N. B. Gerking of Laidlaw on Deck. (Editorial Correspondence)

REDMOND, Oct. 25.—The Redmond Potato Show was a great success. The exhibits were little short of remarkable, the attendance was good and the prizes generous. Agriculturally, the showing of fruit was notable.

While, of course, the great majority of the exhibits were grown and entered by Redmond and near-by people, there was a goodly representation from Powell Butte, Laidlaw and Prineville. The Bend district was entirely unrepresented.

Powell Butte came through the contest with the highest batting average, while the records of S. D. Mustard and Glen Mustard, kings of the spud growers, placed their percentage way up near the 1000 mark. Indeed, it was a case of being "there with the mustard," for Powell Butte spud exhibits were certainly "beauts."

The Laidlaw country was well represented by the exhibits of J. N. B. Gerking, who takes as keen an interest in the agricultural shows as he does in helping shuffle \$450,000 appropriations through the Legislature. He won a nice lot of awards.

Among the Powell Butte exhibitors were the following—all of them prize winners, too, by the way:

J. E. Warner, Leonard Osborn, George C. Truesdale, Mrs. Truesdale, Roy Alley, J. L. Gilson, S. D. Mustard, W. G. Mustard, W. G. Mustard, Jesse and Ray McFarlane, Earl Saunders, Hazel Hays, Reeves Wilcoxson, C. H. Foster, Mrs. J. T. McMaster, Mrs. Grace Bayn, Mrs. J. P. Rhoads, Mildred Alley.

here. The well at Imperial is 292 feet deep. Water was struck at 245 feet and it rose 37 feet. The well has 81 feet of water. This is the only well in this community where the water has risen more than six inches, according to Mr. Shaver.

The land is a beautiful corner entirely free from rock or other objectionable features, is central and on the main traveled road.
