

ADJUDICATION OF WATER FINAL

CROOKED RIVER IS INVOLVED

About 225 Users of Water on the Stream Where 40 Certificates Are Issued by Water Board Board Last Week. (Special to The Bulletin)

SALEM, Nov. 24.—The final decree in the adjudication of the waters of Crooked river, in Central Oregon, was entered by the State Water Board at a meeting held last Wednesday. There are about 225 users of water interested in the stream. The board also issued the final water certificates to the users having title to the waters of Squaw creek. The issuance of the first certificates of water rights under the water code enacted in 1909 were authorized by the water board. These certificates convey as bona fide a title to the water involved as a warranty deed does with land. The certificates are based on a showing by the persons filing on the water that the same has been put to beneficial use as contemplated when a permit for use of the water was obtained in the first place from the state engineer. About 40 certificates were issued.

ROAD UP M'KENZIE VALLEY?

Indications Point to Hill Line More Strongly Than Ever. EUGENE, Nov. 23.—There are indications that the Oregon Electric Railway expects to extend its line from Eugene well up the McKenzie valley, the coming summer. Announcement made last night by Hydraulic Engineer George S. Edmondstone that surveys are complete for the Oregon Electric's \$5,000,000 power plant at Clear Lake add to the belief that the railroad will be built for at least 40 miles up the McKenzie this coming year.

The construction of this proposed road across the mountains to join the Oregon Trunk at Bend has been repeatedly rumored.

CARD OF THANKS. We take this means of thanking our friends in Bend who assisted us by their kindness and sympathy through the illness and death of our son Erle. Mr. and Mrs. C. S. Ruff.

FLOUR MILL IMPROVES PLANT

About \$3000 Expended on New Elevator and Equipment. As announced last week, the addition recently put on the south end of the Bend Milling & Warehouse Co.'s flour mill is now completed. The storage room in the new elevator has a capacity of 6000 bushels, as well as holding a carload of barley and oats as required. Hereafter all grain received from cars or teams will be dumped directly into the elevator and taken to the top of the building where it will be weighed. After passing over the scales it goes through a receiving separator which thoroughly cleans it before it is stored. In addition to other improvements, whose cost has been about \$3000, the company has installed a new feed roll, of a daily capacity of 20 tons.

McCaffery to Presbyterian Church of Sisters, lots 1-2, blk 5, Sisters.

EVENING LIGHT.

Here on the high hill's dusky crest I look far down the valley dim To where the sunset in the west Burns faint against the great earth's rim. The home lights dot the shadowed vale. They twinkle on hills far and gray— Wee beacon lights that never fall To point the feet the homeward way. They send across the twilight miles A cheery word to hearts who roam. Each is a star that brightly smiles To mark the place of love and home. Yea, little stars of earth, whose beams I see far down the valley dim, Ye light to love as they whose beams In heavens far light us to him! —Arthur Wallace Peach.

You Should See La Pine
and its surrounding country. The land is rich, deep volcanic ash formation, so rock, is level, has good drainage, and excellent drinking water never deeper than 30 feet. The irrigated land with a perpetual water right for a vacation. La Pine is only about two years old, but growing rapidly. It has a telephone system, two good hotels, two big general merchandise stores, a first class livery and feed stable, an excellent newspaper (the La Pine Inter-Mountain), one of the most progressive commercial clubs in the state—and this club, by the way, has its own property and the past year erected thereon an attractive club house. There are three small saw mills in the vicinity of La Pine, which is just the beginning of the big lumbering and milling business that will be done here. There are good openings in manufacturing and other business lines here. In educational matters La Pine is progressive. It has a ten-acre school park in the heart of the residential section, and now teachers up to the twelfth grade. A Catholic church has been built here, and other churches are planning to establish themselves. La Pine has over 12,000 available electric horse power which the owners have commenced to develop, and which alone would build a good sized city. The vast tracts of timber tributary to La Pine would alone build and maintain a good sized city. The vast tracts of timber tributary to La Pine would alone build a good sized city. With the coming of the two big railroad systems to La Pine, which will be soon, development in and around La Pine will be rapid. La Pine can be reached via Gr. Nor., N. P., O. W. R. & N. and E. P. Ry. You can make money by buying property at La Pine in advance of the railroad. Others are doing it, why not YOU? **WAKE UP!** to the fact that a solid, well-located town in one of the newest and best sections of the Northwest is bound to grow rapidly, and that property values will climb accordingly. Prices now from \$250 up. The terms are easy, only a few dollars per month on each lot. You don't miss the money, but you soon acquire valuable property. Write today for plat, prices and terms to

guests of Harry Beckwith Sunday. Mr. Lamb and friend, of Salem, called at the Council Ridge farm Thursday. Rev. Ira Fox of Redmond preached at the school house Sunday morning. Mrs. Harry Beckwith is on the sick list.

DUCKING MISHAPS.
Automobiles and ducks don't always agree. Saturday O. Laugaard of Laidlaw, with C. E. Ross and Alfred Hanson, left for Crane Prairie. When about 15 miles from their destination they got stuck in a young blizzard, and had to turn back. Sunday they tried again, on the upper river, but the car broke down, and they walked. On the 15th J. C. Rhodes and Clyde McKay left for Silver Lake. Nine miles from Sycan the main drive piston broke; they camped there two days. After new parts had arrived, they got home, arriving Sunday. Rhodes says they got plenty of ducks; McKay says they didn't.

NOTICE FOR PUBLICATION.
Department of the Interior, U. S. Land Office at The Dalles, Oregon, November 17, 1913.
Notice is hereby given that Isaac I. Gorbey of Portland, Oregon, who on November 8, 1913, made desert land entry No. 012186, for SW 1/4 NW 1/4, section 13, township 18 south, range 12 east, Willamette Meridian, has filed notice of intention to make final desert land proof, to establish claim to the land above described, before H. C. Ellis, U. S. Commissioner at Bend, Oregon, on the 26th day of December, 1913.
Claimant names as witnesses: Henry B. Ford, James Ryan, Otis C. Henkle and Joseph F. Thomas, all of Bend, Oregon.
H. FRANK WOODCOCK, Register.
