A meeting of stock holders in the Grange Hall Company was held at the N. P. Alley home Friday night. About three years ago this company was formed, having for its purpose the building of a community hall.

Stock amounting to \$210 was sold and everything looked bright for the erection of the hall. The company bought an acre of land from A. H. Rohde, it being decided by a majority that this would be a proper location.

This matter of location, however, has always been a sore one with some of the stockholders and is the direct cause of the failure of the company to build. The recent meeting was for the purpose of dissolution. The majority of paid in stockholders transferred the money to the Wilson school house fund and it will be used to build a school house instead of a hall.
