### BUILDING A RAILROAD.

What It Means When the Contractors Begin Operations.

With the right of way established, great army of men enter into the field. The company does not build its last week told of the happiness of ex- own road. It is turned over to contrac-President Taft over the loss of 69 tors and is usually let in sections of

The contractor must live up to cerbe quite a wonderful one, but there is taln specifications, just as though be nishes everything-men, teams, machinery, food and material. Few people realize what this means. A con-

For instance, there is the Hazelton section in the mountains. It is less as compared to Taft's 69 pounds in single abovel or pick was engaged in the building of this section the cen-The secret of this disappearance of tractors had to equip themselves with flesh is some tablets which Mr. O'- a fleet of steamboats at a cost of \$200,able to get about with more agility rials almost before a builder was brought in. Before these contractors moved a shovelful of earth or fired a single blast they had spent over \$6,-

Each contractor's camp is like a dining rooms, warehouses and barns.

## WHITE PROPERTY SOLD

Two Business Corners and Pilot Butte

Acreage Go At Auction.

Administrator A. C. Lucas was up from Redmond Thursday and put up at public auction the property of the W. White estate. All of it except the up-river ranch was sold, subject to the confirmation of the court,

A. M. Pringle was the highest bidder for the corner at Wall and Oregon streets, at \$3850. A. G. Brook. of Scattle, who aiready owns proper ty here, bought the corner at Nevada and Bond streets for \$4750. The White homestead, which includes Pilot Butte, was sold to Ralph Poindexter, who bid \$6000. No satisfactory bld was received for the upriver property and it was not dispos

You Should See La Pine and Its surrounding country. The land is a rich, deep volcanic ash forma-

can be purchased at \$36.00 per acre on easy terms. The surrounding pine covered mountains are full of natural wonders and just the place for a vacation. La Pine is only about two years old, but growing rapidly. It has a telephone system, two good hotels, two big general for a vacation. La Pine is only about two years old, but growing rapidly. It has a telephone system, two good hotels, two big general merchandise stores, a first class livery and leed stable, an excellent newspaper (the La Pine Inter-Mountain), one of the most progressive commercial clubs in the state—and this club, by the way, has its own property and the past year excellent thereon an astructive club house. There are three small saw mills in the vicinity of La Pine, which is just the beginning of the big lumbering and milling business that will be done here. There are good openings in manufacturing and other business lines here. In educational matters La Pine is progressive. It has a tensore school park in the heart of the residence section, and now teaches up to the twelfth grade. A Catholic cluurch has been built here, and other churches are planning to establish themselves. La Pine has over 12,000 available electric horse power which the owners have commenced to develop, and which alone would build a good sized city. The big area of farm land tributary to La Pine would alone build an good assed city. With the coming of the two big railroad systems to La Pine, which will be soon, development in and around La Pine will be rapid. La Pine is advance of the railroads. Others are doing it, why not YOU? WAKE UP to the fact that a solid, well-located town in one of the newest and best sections of the root by a few doilars per month on each lot. You don't miss the money, but you soon acquire valuable property. Write today for plat, prices, and terms to
