At a school election at the Shepard school house Friday evening C. H. Charlton was elected director to complete the unfinished term of N. P. Alley, who, after the division of the districts, is in No. 90 and as a consequence was unable to complete his term. The proposition of moving the Shepard school house was up for decision at this time also. The voters

Geo. Haven and Ferrel Osburn shipped a car of potatoes each Monday. These were loaded from the Union Warehouse in Redmond. Hobbs and Langdon shipped 100 sacks from there also.

A. H. Rhodes shipped a car of sheep to Portland Tuesday through the agency of the Farmers' Warehouse at Redmond.

Powell Butte was well represented in the crowd which listened to Gov. West at Ehret's hall in Redmond Saturday afternoon. The possibilities of state and federal capital being secured for the purchase and completion of the North canal as outlined by the Governor seems entirely feasible and the average Powell Butte farmer will gladly welcome any new

change of management that will work toward the completion of these irrigation projects, for by this means only will they get deeds to their lands. Engineer Redfield with the Central Oregon Irrigation Co. explained that all those lands north of the stave pipe flume in this district will be covered by water from the North canal upon its completion. This is another piece of good news for

## Stop the Loss—Fires are Unnecessary

BRICK IS ABSOLUTELY FIRE PROOF IN ANY ORDINARY CONFLAGRATION.

BRICK BUILDINGS NEVER BURN, ALTHOUGH THEY ARE SOMETIMES INJURED BY FALLING TIMBERS OR COMBUSTIBLE INTERIOR WOODWORK.

A BRICK BUILDING IS ABSOLUTELY FIRE PROOF IF WIRE GLASS IS USED IN THE WINDOWS AND IF BURNED CLAY FLOORS ARE USED.

AN INTERIOR FIRE IN SUCH A BUILDING IS CONFINED TO THE ROOM IN WHICH IT ORIGINATES; NO OUTSIDE FIRE CAN ATTACK IT

THE PROPORTION OF BURNED CLAY IN BUILDING CONSTRUCTION MEASURES ITS FIRE PROOF QUALITIES.

BURNED CLAY IS THE ONLY BUILDING MATERIAL THAT HAS BEEN THROUGH THE FIRE BEFORE YOU GET IT, IN SUCH A MANNER THAT IT WILL RESIST FIRE. ALL COMBUSTIBLE MATERIAL IS BURNED OUT OF THE BRICK BEFORE YOU GET IT.

WHEN YOU BUILD USE BRICK.
