PATTERSON DRUG CO.

ROAD TO PRINEVILLE

Deeds For Right of Way Have Been Filed.

The railway from Metolius to Prineville seems to have passed the final paper stage, and now looks to be a certainty. This is indicated by the filing of deeds for terminals at Metolius and for right of way. The deeds were made to T. M. Baldwin, trustee, and filed at Prineville February 5. On the following day Mr. Baldwin filed other deeds conveying the property to H. P. Scheel, the promoter of the road. The records show the following:

Inland Empire Co. to T. M. Baldwin, trustee, terminal grounds in Metolius which include all of blocks 52 and 53, lots 7 to 11 inclusive of block 51, Metolius, and 100 foot right of way across SE 1/4 section 28, township 11, range 13; also 25 other deeds for right of way from the following persons: Inland Empire Co., Margaret Hummels, Jesse Eades (2), James H. Horner, Theodore Rieger, George W. Kidder, Homer Alexander, Leslie E. Thomas (2), Emma C. Sumner, A. M. Hammer, John B. Brown, Laura A. Brown, E. G. Hodson, Angie M. Smith, Sarah E. Adams, G. F. Smith (2), Jerry Acher, John T. Ross, J. F. Weigand, Walter O. Lithgow, Luther Meltor, Chas. W. Freeman, J. F. Wilmarth and G. H. Ragner.

Irrigation Company and Bend Lateral Irrigation Company will all be represented. The following Bend citizens will have the proxies of these companies: T. H. Foley, J. F. Johnson, E. A. Sacher, John Steidl, C. R. Benson, R. V. Poindexter, N. P. Smith, Bert Shuey, J. Edward Larson, J. C. Rhodes, Hugh O'Kane, E. M. Thompson, Frank May, O. M. Paterson, J. N. Hunter, Floyd Dement, H. H. De Armond, L. D. West and J. H. Connors, and if any of these find at the last that they cannot go the proxies will be taken by others.

NORTH CANAL OFFER

(Continued from Page 4)

to this city. That plan is:

- (1) Purchase by the state and the United States, jointly, of the North Canal unit of the Central Oregon Irrigation Company's project for \$300,000 (or such a sum as a proper investigation shall determine to be a just amount).
- (2) Require the Central Oregon Irrigation Company to spend that \$300,000 (or so much thereof as shall be necessary) to fully complete the Pilot Butte and Central Oregon Canal units.
- (3) The state and United States to build the North Canal unit.

We are especially strong in emphasizing the second item of the above plan, that is the completion of the Pilot Butte and Central Oregon units, so that our present settlers may be protected in their water supply.

We are supporting the Governor's plan because it appears to be practical, and in, so far as we know, the only comprehensive plan for the whole situation that has been offered. It may be that these matters can be worked out in some other manner. If so, we are ready to support any plan that will accomplish the desired results. However, until some other plan is put forward that is better we expect to support the position of Governor West.

The extension of the Tumalo Project also has our hearty support, and we believe that the \$450,000 now set aside by the Department of the Interior to be spent in conjunction with the state on a dollar for dollar basis should be spent to complete the Tumalo extension.

LANDS WITHDRAWN UNDER C. O. I. CO. SEGREGATIONS

By Roscoe Howard, (General Manager C. O. I. Co.)

The lands withdrawn from public entry by the United States for the state of Oregon under process of irrigation by the Central Oregon Irrigation Co. comprise 84,556 acres irrigable and 150,713 gross acres, and the amount of land served or to be served by each canal is as follows:

	Gross	Irrigable
Central Oregon	42,202	29,328
Pilot Butte	36,064	21,615
North	72,447	43,613

The North Canal supplies water to the Pilot Butte Canal and will also supply water at the state pipe to the Central Oregon Canal for the Powell Butte district.

The total land covered by the irrigation system, as now operating, including canals, laterals completed and farmers' laterals which are practically complete, is as follows:

	Gross	Irrigable
Central Oregon	40,153	30,813
Pilot Butte	33,185	22,155
North	1,840	1,371

1913: Acreage Sold

	Gross	Irrigable
Central Oregon	31,067	22,562
Pilot Butte	27,220	17,119
North	3,938	2,195

	Gross Acres
Land patented	28,493.65
Land certified for patent	11,335.21
Land applied for certification	3,680.00
Constructed Canals—Miles	
North: 1000 sec. ft. capacity, concrete lined for 1/4 mile	1.41
Pilot Butte: 300 sec. ft. at beginning	31.37
Central Oregon: 440 sec. ft. at beginning	42.88

	75.66
Laterals from 3 to 50 sec. ft	375.00

450.66

The population of the lands under the irrigation system, excluding town populations, is as follows:

1912	1,192
1913	1,325

Increase of 12 1/2 per cent.

The company expects to have practically all the sold land (about 7000 irrigable acres) which is not patented or applied for patent, ready for certification this year.

CONSTITUTIONAL AMENDMENT WILL BE VOTED ON THIS FALL

The legislative measure amending the constitution of the state so that bonds for the construction of irrigation projects may be issued will be submitted to the voters at the election in November. Article XI, section 7, is to be amended by two additions to it shown in blackface type below:

"The Legislative Assembly shall not lend the credit of the state nor in any manner create any debt or liabilities which shall singly or in the aggregate with previous debts or liabilities exceed the sum of \$50,000, except in the case of war or to repel invasion or suppress insurrection or to build and maintain permanent roads and for the purpose of constructing irrigation and power projects, and developing the untitled lands of the state, and the Legislative Assembly shall not lend the credit of the state nor in any manner create any debt or liabilities to build and maintain permanent roads which shall singly or in the aggregate with previous debts or liabilities incurred for that purpose exceed 2 per cent, and for construction of irrigation and power projects, and developing the untitled lands of the state, 2 per cent of the assessed valuation of all the property in the state; and every contract of indebtedness entered into or assumed by or on behalf of the state in violation of the provisions of this

PRIORITY BY SETTLEMENT

Lottery Plan Not to Prevail in Land Opening in April.

The report published by The Bulletin last week that the lands in the Deschutes and Paulina forests would be opened in April is confirmed by later word from Washington, D. C. The area to be opened at this time will be only about 19,000 acres. It will become subject to entry a month after being thrown open.

First settlement on the land will give priority of entry, the lottery method proposed some time ago having been finally decided against.

About 20,000 acres to be eliminated will be withdrawn for possible irrigation by the Reclamation Service.

COLONIAL SOCIAL.

Arrangements are being made to have the colonial social in Sather's hall on February 29 a merry event. The Methodist ladies are getting up a program of vocal and piano solos, duet, male quartet, violin solos, readings and a pantomime. The Colonial Dames are providing a luncheon also. Those who attend are asked to dress in colonial style as much as possible. There will be a small admission fee to defray expenses.

HOLDS STATE NOT TO BLAME.

SALEM, Feb. 10.—The Desert Land Board at its meeting last week refused to enter into any contract with the widow of Ben Lundberg of Bend, who was killed while employed on the project. Previously it had instructed Engineer Laurgaard to give her employment and had gone on record in favor of recommending that the next Legislature pay her \$25,000 as compensation for her loss, and she asked for a contract to this effect. The board refused to recognize or acknowledge that the state was to blame or liable for any amount.

VOTERS MUST REGISTER.

- All voters must register now for the ensuing two-year period.
- All registrations made before January 5 are void because of the recent decision of the Supreme Court declaring the election law of 1913 invalid. All persons who have not registered before May 1 cannot vote at the primaries on May 15. This applies to the women as well as the men.
- The registration books for all of Bend are now open at the office of H. C. Ellis and the books for Deschutes precinct are in the hands of J. A. Eastes.

from Seattle where he was called by the death of his mother.

County Superintendent J. E. Meyers spent Monday and Tuesday in Bend visiting the local school. He went from here to Redmond.

M. L. Merrill left yesterday for Big River ranger station where he plans to spend some time with the crew that is doing survey work.

"Bend is the liveliest town between here and St. Paul," is the comment C. V. Silvis has to make from the Minnesota city where he now is.

The Fraternal Brotherhood has exchanged nights with the Knights of Pythias for next week and will hold a dance on Wednesday evening.

James Dopson, who was here last summer with the Reclamation Service survey force, came up Monday from The Dalles where he is now stationed.

Jesse L. Sumrall, formerly of Bend, has resigned as assistant district attorney in Portland to enter private practice. It is understood that Mr. Sumrall is achieving much success in Portland.

Sam Blakely, who is engaged in hauling sunken logs from the river for the Bend Company, had a good deal of difficulty with his teams on Saturday, having three runaways.

The large plate glass window recently put in the old pool room building on Wall street was broken yesterday when a store fixture fell against it.

Mrs. Florence Powelson was in Prineville Saturday and Sunday. On Saturday evening she assisted Mrs. Waldron in a musical recital and on Sunday morning sang at the services conducted by Bishop Paddock.

The first dance given by the recently organized lodge of Artisans was held Saturday evening and is reported to have been very successful. There were about 25 couples dancing.

Please do not forget you can get barber work done as late as we are open, usually 11 to 11:30. THE METROPOLITAN.—Adv.
