

# BEGIN SOON ON SANATORIUM

## SPECIFICATIONS ARE BEING PREPARED

Building to Be For Tuberculosis Patients—Will Accommodate 200 at Start—Institution to Be Best of Kind in the Northwest.

Plans for the sanatorium which is to be built here, according to the announcement made in The Bulletin last week, are progressing and it is expected that with the settlement of a few final matters of detail it will be possible to begin construction. Dr. U. C. Coe, one of the promoters, says that the site chosen is on land of The Bend Company above town and near the river. The building plan that is under consideration follows closely the plan of the state institution for the treatment of tuberculosis patients at North Reading, Mass. Specifications are being prepared for this building at the present time and when they are completed and the other details arranged contracts will be let.

As indicated in the building plans, the sanatorium will be intended for tuberculosis sufferers, and it is expected that it will open with its full capacity of patients, 20 in all. The building will be on the so-called butterfly plan, with a central portion for administration purpose and two wings running from it at obtuse angles for the accommodation of patients. These wings will be open on the sunny sides and in the rear of each will be rooms corresponding to the number of beds for the use of patients on days when the weather is too cold for them to remain in the open portion. A separate building will contain kitchen and dining room and nurses' quarters.

Speaking of the sanatorium, Dr. Coe said:

"For six years I have been watching the statistics of deaths as reported by the state board of health and I have observed that Crook County shows the lowest death rate from tuberculosis of any county in the state, only 4 or 5 per cent of all deaths in the county being from that cause. Malheur comes next with about 6 per cent, while in Clackamas it is about 19 per cent. Of the Crook county deaths, it should be noted that many of them are of what might be called imported cases; that is, few cases originate here. For some time I have been trying to start a sanatorium here to take advantage of these favorable conditions and success is beginning to come. We are going to have the best institution of its kind in the Northwest."

The officers of the company are: Dr. E. A. Pierce, president; Dr. U. C. Coe, secretary; Dr. B. Ferrell and O. M. Peterson, directors. All are local men but Dr. Pierce, who is a Portland physician who specializes in tuberculosis, having a private hospital for the purpose there. He has made several visits to Bend to observe local conditions.

### COURSE WILL BE THOROUGH

Instruction to Farmers and Wives to Be Given by Able Lecturers.

PRINEVILLE, Feb. 9.—Arrangement for the farmers' short course are fast nearing completion. Classes will begin at 9 o'clock on the morning of February 23 and will be held in the Commercial Club hall, at the court house and in some of the class rooms at the high school, in order to accommodate all who wish to attend.

The work in agriculture will deal with all the phases of the subject of interest to the farmers of the county. The lectures and demonstrations in domestic science will all be of a practical nature. Under agronomy will be studied such subjects as: Crook county soils, their fertility and management, the crops adapted to each type of soil; the production and disposal of these crops, as well as other phases of this interesting branch of scientific agriculture which deals with soils and crops. This work will be given by Prof. H. D. Scudder of the department of agronomy at the O. A. C.

Lectures on the various breeds of beef and dairy cattle, light and heavy horses, sheep and swine, will be given by Prof. Potter. He will also give lectures on the breeding, feeding and management of the various classes of livestock. Practice in scoring and judging will be given. Each part of the animal will be studied so that the farmer will learn to look at the animal as a collection of parts, each of which should conform to a certain standard.

E. B. Pitts, professor of dairying at O. A. C., will deliver the lectures on dairying, discussing such topics as the establishment, care and feeding of a dairy herd, milk and cream testing, co-operative testing, the making of butter and cheese, etc. The students will be given practice in testing milk and cream. Those wishing to take part in this work should bring samples of milk and cream from their own cows.

The domestic science work will be conducted by Dean Calvin, assisted by Mrs. Dolman of Corvallis and Mrs. Walker of the Crook County High School. It will cover plain, fancy and special cookery, home nursing, house sanitation, etc.

### ROAD EXPERT AVAILABLE

O. A. C. Places Prof. Skelton at Services of the County.

The following letter has been received by County Judge Springer: To the Honorable Board of the County Court,

Prineville, Oregon.

Gentlemen: The extension division of the Oregon Agricultural College takes pleasure in announcing that arrangements have been made which will place Prof. G. V. Skelton, our highway expert, at the service of the people of the state. We are anxious that his service be used in a way to best advance the cause of better roads. For this reason, we are communicating directly with you.

Prof. Skelton has just returned from an extended investigation of the subject of highway construction in the United States. This, together with his long study of the subject, qualifies him to speak with authority on this question.

We are now arranging dates for Prof. Skelton and shall be pleased to include your county in the itinerary if you are in a position to use his services to advantage.

Yours respectfully,  
RALPH D. HETZEL.

## PROCEEDINGS OF COUNTY COURT

An adjourned meeting of the January term of the County Court was held at the court house in Prineville, Oregon, February 2, 1914. Present: G. Springer, judge, presiding; R. H. Bayley and W. W. Brown, commissioners; Frank Elkins, sheriff, and Warren Brown, county clerk. Whereupon the following proceedings were had, to-wit:

In the matter of roads, the following appropriations were made: Bear Creek road, \$1500; Beaver Creek-Paulina, \$4000; Redmond-Sisters, \$2000; Ashwood-Gateway, \$2000.

D. F. Stewart appointed supervisor of the roads in the eastern part of the county.

In the matter of a warrant for \$500 in favor of S. S. Stearns in regard to the Huffman road, said warrant was ordered cancelled.

In the matter of the telegram from the Governor asking if Crook county could not use a hundred men on road work, decided that the county has no work suitable to use such men on.

In the matter of bridges and culverts over private ditches, clerk in-

structed to write Supervisors Clapp, Geo. Hamilton, M. M. Elder, Allen Wilcoxson and Behrens and request that they furnish any information that may be required in order that immediate action may be taken to collect for bridges and culverts which have been placed over private ditches by the county, and the county attorney is requested to demand immediate settlement of said accounts.

In the matter of a justice of the peace in Ashwood precinct, it appearing that there is a vacancy in the office of justice of the peace for said precinct, it is ordered that Floyd Klits be and he is hereby appointed justice of the peace for said Ashwood precinct.

In the matter of the report of Accountant A. McE. Ball, report presented and approved as to county treasurer, also approved as to the county clerk.

February 3, 1914, court reconvened 9:30 a. m., present same officers as on yesterday.

In the matter of the report of Accountant A. McE. Ball, approved as to county assessor. Springer votes to allow 15 field deputies at \$100 each, Bayley and Brown vote to allow all deputies that may be needed, the matter to be entirely with the assessor.

In the matter of a general system of road improvement: in regard to the appropriations for the Bear and Beaver Creek roads, ordered to increase the appropriations of \$1500 and \$4000 respectively made on the 2nd inst. to an appropriation of \$15,000 to cover both roads, said \$15,000 to be exclusive of two steel bridges, viz., one at Newcom creek and one at Antelope canyon. Further ordered that \$5000 additional work may be done on said roads provided the court so decides at that time and provided further that representatives from the Prineville Commercial Club and from the said road districts will assist by taking care of warrants at par to run for one year, for said \$5000.

In the matter of the report of Accountant A. McE. Ball as to sheriff's office, sheriff claims that all the \$94.15 turned into the treasury was all the mileage collected for the year. Affidavit of Frank Elkins, sheriff, relative to said report received and filed with the clerk. Further action in the matter of the report continued until the regular March term.

**SMITH ADDS DRY GOODS.**  
With the change into new quarters, the R. M. Smith Clothing Co. is adding another line to its business, this being a drygoods department. Already part of the new stock has arrived. The department will be in charge of Miss Arrie Black.

**NOTICE.**  
The man that hired my mules 3 1/2 days to haul lumber 'way out to Imperial would oblige me if he would pay for the use of them. Some people have nerve. No name called this time. (Signed) L. W. DAVIS, 49-50—Adv. Bend, Oregon.

YOU WOULD NOT THINK OF USING A POOR CEMENT IN CONCRETE WORK. WHY WASTE GOOD CEMENT IN BINDING TOGETHER PIECES OF CLAY, DIRT OR VEGETABLE MATTER. YOU MIGHT JUST AS WELL USE GLUE, AS FAR AS THE STRENGTH OF THE WHOLE IS CONCERNED

WE CAN SUPPLY YOU WITH WASHED SAND AND GRAVEL OF THE PROPER SIZES FOR YOUR PARTICULAR PURPOSE. ASK FOR QUOTATION.
