MARKET REPORT.
NORTH PORTLAND, Feb. 28.—Receipts for the week have been: Cattle 1721, calves 20, hogs 5434, sheep 5264. This week cattle trade showed a few soft spots but was generally good. The big Monday run of steers clipped about 10 cents off former prices. Since Monday the receipts have been light. Butcher stock on the other hand, was firm throughout. Best cows brought \$7 and \$7.05, bulls \$6 and calves \$9. Killers have not been over supplied on the stuff and the market appears very steady. Hog tops dropped back to \$8.70 Thursday, which is 15 cents under Monday's price of \$8.85. It is scarcely probable that March receipts will be on a par with February, but so many unexpected things have occurred in the swine market this year the dopsters have gone to cover. Market steady with outlook good. Mutton and lamb prices hit the high places this week. Tuesday.

Spring Opening

Authoritative Styles

Warner's
Rust-Proof Corsets

Paris has spoken, and Dress Fashions have therefore been set for Spring.

Now Is The Time To Select Your Corset.

Choose a Warner's—for a Warner's is designed to accurately set off the fashions of the season—wear it for a couple of weeks, and then have your Spring suit or gown fitted over the new corset. You will be surprised how much easier the fitting will be and how much more satisfactory the result.

The New Warner Styles—
Meet Every Detail of Fashion's Edict.

New gowns are fluffy and full over the hips, and Warner's Corsets have long skirts inset with elastic gores or lacings to permit the freedom necessary without disturbing the drape of the gown.

Your Waist this Season Must be Natural

and for certain extreme gowns reflecting the Venus de Milo pose, there are Warner Corsets designed to create this pose in easy, natural lines—corsets designed to support the figure, too.

The Spring showing of Authoritative Styles of Warner's Rust-Proof Corsets can be had at our counter all this week.

Choose your Warner's now.
Wear it when fitted to your new gown—
The result is satisfaction.

Wednesday and Thursday were barren of receipts, but Friday saved the week and market from stagnation. Monday was the big day and fat mutton or lambs were attractive commodities. A few \$6 yearlings appeared in the run; old wethers sold "off cars" at \$5.35, ewes \$4.70 for tops and \$4.50 to \$4.65; bulk featured. Lamb demand excellent supply and the prime fat kinds found an easy outlet at \$6.75.
