

# CONTEST RULES GIVEN IN FULL

## ANNOUNCEMENT MADE BY COMMITTEE

Expenses of Trip to Panama-Pacific Fair up to \$150 to Be Paid by the First National Bank—Competition Open to School Pupils.

Complete rules governing the contest for the sum of \$150 offered by the First National Bank to pay the expenses of a trip to the Panama-Pacific Exposition in San Francisco next year are given below. As already announced, this contest is open to the pupils of the Bend public schools enrolled from January 19, 1914, to March 1, 1915. The winner will be that pupil who best combines scholarship with earning ability, the two factors having equal weight.

The scholarship part of the contest will cover the present school semester and the first semester of next year, the average in all studies for the two semesters being taken separately and the improvement shown next year over the standing of the present half year. In the case of earnings the contest will run from March 1, 1914, to February 28, 1915. All amounts earned must be deposited in a Bend bank. Withdrawals may be made but only such amounts withdrawn and spent for what the judges consider to be necessities will be counted in the result.

Handicaps have been arranged to equalize conditions as between pupils of different ages and as between the two sexes.

The rules in full are as follows:

"This prize is offered with the understanding that the prize money is to be expended by the winner in taking a trip to San Francisco during the summer of 1915. In the event that the winner is unable to make this use of the prize money then he shall surrender his claim to that contestant next highest who can make the trip. It is further understood that no one shall be eligible to this prize who shall not have been enrolled in the Bend schools during the entire period of the contest, January 19, 1914-March 1, 1915.

J. P. Keyes, R. W. Sawyer and J. B. Shouse shall act as a committee in charge of the contest and as judges in making the award, and their decision shall be final, not only in applying these regulations, but also in regard to all questions that may arise for which there is no provision made herein.

"The following are the regulations governing the contest:

"1. Pupils of the Bend school desiring to be enrolled as contestants shall submit to the contest committee prior to April 1, 1914, their written application for entrance, stating age at birthday nearest to March 1, 1914.

"2. The contest shall be based upon scholarship records, and upon earning capacity and saving ability, the two factors bearing equal weights.

"3. Scholarship shall be determined from three items: (1) average in all studies during the second semester of the school year 1913-14; (2) average in all studies during the first semester of the school year 1914-15; (3) gain in average during the first semester of school year 1914-15 over average obtained during second semester of school year 1913-14. Rank in this part of the contest shall be determined in the following manner: Suppose 10 contestants; he who obtains highest average for item (1) will be ranked 10, the next highest will be ranked 9, etc.; he who obtains highest average in item (2) will be ranked 10, the next will be ranked 9, etc.; as who makes the most improvement according to item (3) will be ranked 10, the next will be ranked 9, etc.; the sum of the ranks obtained by each contestant in the three items will then be taken and the pupil receiving the highest sum of ranks will be re-ranked 10 for the scholarship part of the contest as a whole, the next will be ranked 9, etc.

"4. Earning capacity and saving ability shall be determined in the following manner: Not later than April 15, 1914, contestants shall open check accounts at one of the Bend banks and deposit there their earnings during the period March 1, 1914, February 28, 1915. Contestants may check against these accounts at will. Contestants shall be required to keep a detailed record of earnings, showing kind of labor, for whom performed, time required and pay received, accounting for all money deposited; they shall likewise keep a detailed record of manner of expenditure of all money checked out. They shall make monthly presentation of these records to the judges, commencing May 1, 1914. The judges shall not consider as fairly earned any money received as gifts or as excessive pay for labor, or any money for which the record as to manner of earning is not complete; nor in the case of boys, shall the judges admit as part of the earnings, within the purpose of this contest, money received as pay for labor at home, the desire being to provide an incentive to the boys toward economic independence. The judges shall not consider as saved, money that has been deposited and checked out for use in unnecessary ways, but they shall consider as saved, for the purposes of this contest money that has been fairly earned, deposited and checked out for necessary purposes as shown by the detailed records of expenditure. Immediately after March 1, 1915, the judges shall determine the entire amount fairly earned and saved (including necessary expenditures of money fairly earned) during the period March

1, 1914-February 28, 1915, by each contestant.

"The judges shall then determine the relative ranks of the contestants in respect to the earning capacity and saving ability according to the following manner:

"Contestants shall be arranged into the following age groups, the age of each contestant being that at birthday nearest March 1, 1914, as shown by the application for entrance into the contest: (1) those who are 18 years of age, or over; (2) those who are 17 years of age; (3) those who are 16; (4) those who are 15; (5) those who are 14; (6) those who are 13; (7) those who are 12; (8) those who are 11; (9) those who are 10; (10) those who are 9; (11) those under 9. The average earnings and savings of all boy contestants of age group (1) shall be considered the standard for boys of this age; the average earnings and savings of all boy contestants of age group (11) shall be considered the standard for boys of this age; the difference between these two standards shall be taken; one tenth of this difference shall be added to the standard for group (11) to find the standard for group (10); two-tenths of the difference shall be added to the standard for group (11) to find the standard for group (9); etc. In like manner the average earnings and savings of girl contestants of groups (1) and (11) respectively shall establish the standards for these two groups of girls, etc. The judges shall then determine what per cent each contestant has fairly earned and saved of the standard established for his own group. He who has earned and saved the highest per cent shall be ranked highest; etc.; suppose 10 contestants; he who has earned and saved the highest per cent of the standard for his age and sex shall be ranked 10, the next shall be ranked 9, etc. However, in case there are not at least three contestants in each group chosen as basis for establishing standards, then the judges shall substitute those age groups nearest the specified groups which do contain at least three contestants, and apply the same general method of determining standard earnings and savings for the several groups.

"6. After the scholarship, and the earning capacity and saving ability of each contestant shall have been ranked according to the above provisions, then the sum of the ranks obtained by such contestant in the two divisions of the contest shall be taken and that contestant who shall receive the highest sum of ranks shall be declared the winner."

For seeds of all kinds see Skuse Hardware Company.—Adv.

### APPOINTED TRAINMASTER.

R. E. White, who was formerly chief train dispatcher of the S. P. & S. at Vancouver, Wash., has been appointed trainmaster of the Oregon Trunk and S. P. & S. Mr. White succeeds F. A. Brainard, who was recently advanced to the office of superintendent of the two roads.

### LIBRARY REPORT.

The annual report of the treasurer presented at the meeting of the

Ladies' library club last week showed receipts of \$476.70 and expenses amounting to \$449.78, leaving a bal-

ance on hand of \$26.92. In the past year there were 8690 visitors to the library and 6014 books loaned.

## Don't Select a Corset by Waist Measurement

For a corset may be your right waist size and yet the proportions may be wrong for you in other respects.

The correct way is to choose a corset designed for your individual figure and not according to your waist measure alone.

## PARISIANA CORSETS

Are made in 48 distinctive styles.

Among them there is one which has been especially designed for you.

We have this model in stock. Come in and see how it will give you the graceful, slender hipped lines without your making the slightest effort. The prices are not excessive—\$1 to \$5; silk brocades come higher.

Why not call and have this model sent out to you, if only to see how readily your figure will take the new, beautiful lines?
