NEW FENCE AT CEMETERY
Council Orders Work Done—Water to Be Available.
The most important action taken at the meeting of the City Council last evening related to improvements at the cemetery. Under direction of the city, water for sprinkling at the cemetery is now being brought in from a nearby irrigation ditch. Last night Assistant City Engineer May reported on the work already done and gave figures on the cost. The matter of renewing and repairing the cemetery fence was also discussed and the committee instructed to complete the work. This will consist of putting up a new fence on the front side with a 12 foot gate, and strengthening the fences on the other sides.
Engineer May also gave an informal report of the inspection of the sewer system and the disposal plant made yesterday by R. E. Koon. According to him everything in connection with the sewer is working well and no repairs are necessary. In connection with the sewer matters the recorder was instructed to give notice to certain property owners that the council at its next meeting desired to confer with them in regard to connecting their property with the sewer.
An ordinance was passed regulating the hours of opening of pool rooms and bowling alleys.
A few hours at a nice classy, clean, up-to-date place especially prepared for gentlemen, will remove all worry and troubles. The Metropolitan—Adv.

BASEBALL BENEFIT HELD.
Thursday night the boys baseball team held a benefit performance at the Dream Theatre, L. C. Rudow having allowed them to take half the proceeds. In addition to the regular three reels there were two musical numbers, a "rusty saw quartet," comprising Ruth Caldwell, Genevieve Garish, Fred Triplett and Howard Garish, and a solo by Margaret Thompson. The team cleared \$14.
FALLS FROM SCAFFOLD.
Work on the school house has been temporarily suspended because of an injury sustained yesterday by Ed Busse who is employed as a stone layer on the walls. Shortly after noon Busse inadvertently stepped backward off the scaffold, falling about 10 feet to the ground and injuring his hand and fingers. He will be able to return to work in a few days.

BAPTIST ASSOCIATION MEETING.
The third annual meeting of the Deschutes Baptist Association was held in the First Baptist church of Redmond last Thursday, Friday and Saturday. President L. W. Riley, of McMinnville college, gave the opening address Thursday evening. The morning and afternoon sessions on Friday were devoted to addresses and conferences on efficiency in church work. The speakers for the day were State Secretary Rev. O. C. Wright, Rev. J. D. Springstone, President Riley and Dr. Wooddy. Rev. J. Loree preached the annual sermon during the evening session. Saturday was devoted to the business of the Association and addresses were given on Home, Foreign and State Missions and the work of the Baptist Publication Society. Rev. G. Campbell, a retired missionary from China, gave a most excellent address telling something of his 18 years experience in China and the rapid development of the country. A new constitution and other important matters indicated advance in the future work of the churches in the Deschutes Association and the 42 delegates and visiting friends were unanimous in the statement that this was the very best Association gathering since the organization was formed.

RIVER FLOW AT BEND.
The measurement of the Deschutes river taken by the water resources branch of the United States Geological survey has been completed for the season and the figures collected. At Bend the discharge of the river on March 30 was 1676 cubic feet per second. In March 1913 the maximum discharge was 1600 cubic feet and the minimum 1230.

JOHNS For REPUBLICAN Governor

Give this Job to a man who will reduce Taxes and cut down expenses

If you had an interest in a private business you would want it conducted on business principles. You have an interest in the affairs of this State. The State of Oregon is a business institution run for the benefit of the people in it who, in a certain sense, are stockholders in its business interests.

TAXES MUST BE REDUCED!

In the coming primary election, Charles A. Johns, of Portland, will ask the vote of every person who believes the State of Oregon needs to have taxes reduced and expenses cut down. The only way to reduce taxes and cut down expenses is to apply the same principles in running the State that you would apply in running your own business.

How many institutions would run along with an increase of operating expenses from year to year? Not many. Well, let's reduce our taxes and cut down our expenses. Charles A. Johns, of Portland, is running on that platform and stands on his platform. Get him on the job! Start thinking about this today!

Will you elect a man who will cut down expenses and reduce taxes, or a politician, as our next Governor? The issue is clear. One will cut down taxes—the other will give jobs to his political friends. Which do you want? Paid Advertisement.
