SISTERS FAIR GREAT SUCCESS

GEO. AITKEN WRITES FOR BULLETIN

Attendance is Large, Exhibits are Fine and Financial Returns are Satisfactory—List of Special Prize Winners This Week

By GEORGE E. AITKEN, of Sisters.

SISTERS, Oct. 5.—Sisters First Annual Fair and Race Meet held Thursday, Friday and Saturday of last week was a blaze of glory from the time the gates opened Thursday noon until twelve o'clock Saturday night. All features were above what the management had expected and all interested are well pleased with the result.

Being the first fair it was necessary to educate the people and convince them of the benefits to be derived by the whole community. The result has proven more than satisfactory. Those who before the fair in speaking of it would class it as "Your Fair" now speak of it as "Our Fair" and are already planning what they will do next year.

When taken into consideration that it has only been a few short years since practically all of Crook county west of the Deschutes river was considered useless for anything except range for stock, the agricultural exhibit was a credit to the whole community and shows development and advancement in all lines that is a surprise to all. One noticeable feature was the display of alfalfa which was as good as will be seen in the older alfalfa sections of the northwest.

Attendance Above Expectations.

The attendance on each of the three days was above expectations, which was a very gratifying feature with the management. The first day, "Citizens Day" brought out a good attendance from all parts of the county. Friday was designated as "Redmond Day" and brought out a good attendance from that point as well as many from Prineville, Bend, Laidlaw and their adjoining districts. Saturday, "Bend Day," was the record day. More than 125 being in attendance from Bend alone, every available auto in and near the town having been brought into use to transport the crowd to Sisters. Many from Redmond, Prineville, Laidlaw and other points who attended on the first day and did not stay over returned for the last day.

Race Program Principal Attraction.

Although the purses offered for the racing events were not large they were sufficient to attract many of the best horses in the county. Many of the horses that were entered at the Crook County Fair were entered here. A good racing program had been arranged for each day and was carried out in a manner that would do credit to many older fair associations of the state. Besides the races listed in the programs many special races were arranged each day which went far towards adding to the attraction.

M. R. Biggs, of Prineville, acted as starter in the races and proved himself a veteran when it comes to pulling off a race program on scheduled

REGISTER.
THE LAST DAY FOR REGISTRATION IS OCTOBER 15. IF YOU HAVE NOT ALREADY REGISTERED DO SO AT ONCE AND SAVE TROUBLE ON ELECTION DAY. FOR BOTH BEND PRECINCTS SEE JUDGE ELLIS, FIRST NATIONAL BANK BUILDING; FOR DESCHUTES PRECINCT SEE JUDGE EASTES, OREGON STREET.

DELINQUENT TAXES \$53,828

Treasurer Turns List Over to Sheriff for Collection.

County Treasurer Jordan reports that \$358,207.53 has been collected this year on a total valuation of \$411,515.26. This leaves \$53,828.84 delinquent. The delinquency total is made up as follows to be collected by the sheriff:

| | |
|-------------------|--------------------|
| Real property | \$22,747.34 |
| Personal property | 11,345.85 |
| Town rolls | 19,735.65 |
| Total | \$53,828.84 |

FIRST PRIZE AT SALEM

Mrs. Powelson's China Exhibits Get Another Blue Ribbon.

Mrs. Florence Lunbeck-Powelson returned from Salem Sunday, after exhibiting some of her china work at the State Fair and winning a first prize. This is the third blue ribbon Mrs. Powelson has captured during the last few weeks, getting one at Prineville and at Sisters.

The prize at Salem was awarded for an exhibit of Japanese flat enameled ware, the highest grade of hand painted china work there is. Mrs. Powelson is planning for a big winter's work here, and states that hereafter in addition to her regular lines she will specialize in water color work, at which she has made a reputation elsewhere.

"This will be a real gift shop this season," said Mrs. Powelson. "I am putting in a complete line of leather goods from the Cardova leather specialty people of Buffalo, New York. This will include high grade leather gifts, for Christmas, for bridge parties and such occasions. It will be something new for Bend."

Mrs. Powelson is also adding to her stock of china.

FIRE DESTROYS EVANS HOME

Homesteader Left Destitute by Early Morning Blaze Monday.

Fire destroyed the home of Abe Evans in Kenwood early Monday morning. The flames were discovered about 1:30, and the family had barely time to get out of the blazing building. The loss is estimated at about \$500, of which it is understood \$300 was covered by insurance. All of Evan's savings, \$100 in currency, was hidden in the mattress and was destroyed.

The house was a three room frame dwelling erected this spring. It is supposed that fire started from the stove. Evans is a homesteader at Horse Ridge, and had planned to go to his claim this morning. After the fire the Evans' were taken in at the Ray Lambertson home.

LA PINE ACTIVE.

A party of members of the La Pine Commercial Club returned last week from an extensive trip to the south, visiting all communities on the way and lining things up for a co-operative publicity and development work. The junketers met enthusiastic receptions at Fremont, Fort Rock, Silver Lake, Crescent and elsewhere and the later-Mountain has a long account of the trip, telling of the rich region traversed.

TO SHIP SILVER LAKE CATTLE

COME NORTH FOR THE FIRST TIME

Between 700 and 900 Head Will Leave Here for Portland—First National Bank Instrumental in Drawing Trade to Bend.

For the first time heavy shipments of cattle from the south, notably from the Silver Lake district, are to be made from Bend, commencing probably this Friday, when between 700 and 900 head are expected here for forwarding to Portland.

Hitherto all the Silver Lake cattle have been bought by buyers from San Francisco, who made their purchases on the ground. The cattlemen found this a better method than shipment to Portland, they say, where they ran the risk of hitting the market on an off day or week. So the cattle in the past have been marketed and shipped through Klamath Falls or Lakeview, where the cattlemen banked and outfitted, to the considerable profit to the communities involved. Now, for the first time, Portland buyers have gone south and met California competition.

The cattlemen making the present sales are, W. G. Lane, Charles Pitcher, William Kittredge, W. G. Jamison, W. E. Bulck, W. B. Owsley, P. A. Gruber, P. D. Reeder, J. Partain and T. C. Hamilton, of Silver Lake.

It is expected that they and others from the south will be here shortly, and it is proposed that the Commercial Club tender them a dinner as an indication of the friendly spirit of Bend and the desire of people here to co-operate with them and get them hereafter to come this way with their cattle always.

In connection with the movement, which was instigated chiefly through the efforts of the First National Bank of Bend, Cashier Hudson has issued a letter to local business men in which he points out that "for three years we have been endeavoring to have Silver Lake cattle marketed at Bend."

In part the balance of the letter is as follows:

"Oregon cattle should be marketed in Oregon. Silver Lake cattle should be shipped via Bend. Proceeds of shipments should be deposited in Bend banks.

"Silver Lake cattlemen should outfit in Bend.

"Their stay here should be made

MANY FROM BEND ENJOY THE FAIR

OVER 125 AT SISTERS SATURDAY

Track Events, Stock Show, Vegetable And Domestic Exhibits Provide Interesting Afternoon—Crawford's Horses Take Prize.

From every point of view Bend Day at the Sisters Fair was thoroughly successful, unless the one item of weather be taken into account. That phase of the day was not especially disagreeable either, being unpleasant only by comparison with the usual Indian summer weather and, according to reports, pleasanter in every way than were the first two days of the fair.

Some 125 people went over from Bend and all through the forenoon autos with Bend streamers and Bend beribboned passengers came gliding through the woods and up the main street of the town until the machines were two and three deep on each side of the road. In the number were also a few cars from Redmond, two from Prineville and several from Laidlaw. Both hotels were over run and the dining room in each was filled and emptied at least three times before all the appetites were satisfied.

About two o'clock when all the food was gone and everyone had finished "visiting" with the folks as had not seen for some time there was a general movement toward the fair grounds. Here autos were run down and parked by the track and the band took its place in the grand stand.

Something About the Band.

Right here something should be said about that band. It was the most representative body on the grounds, having players from Redmond, Prineville and Bend, as well as the Sisters nucleus. Its members had never played together before Saturday and had no chance to practice then, but when they got together in the stand and got tuned up they made music that furnished a large part of the pleasure of the afternoon. The Bend players volunteered their services for the day. Among the other players were District Attorney Wirtz of Prineville and R. L. Schee, secretary of the Redmond Commercial Club.

Events on the Track.

The track events of the afternoon included many running and trotting races, a motor cycle race and an automobile event. Indian ponies, ridden by youths from the tribe encamped

(Continued on last page.)

FOOTBALL HERE SATURDAY.

This Saturday at two o'clock the football team of the Bend High School will meet a Redmond team here, and a good game is expected. The Bend players are: Arthur Vandevent, Capt., Hugh Thompson, Roy Fox, Herman Moore, Alfred Hunnell, Merle Hunnell, Howard Young, Claude Kelley, James Corley, Everett Braddenburg, John Steidl, Jr., Robert Inness and Charles Bozell. Chas. Erskine has been acting as coach.

TO PROTECT THE TROUT

Petitions Asked That Old Closed Season Be Established on Deschutes

Tomorrow District Game Warden Clyde McKay starts petitions addressed to the State Fish and Game Commission requesting that the Deschutes river and its tributaries be closed to fishing between November first and April first, as it was under the old law. Local sportsmen and fishermen, and those throughout Central Oregon, it is understood, heartily favor the move, feeling that it will do much to preserve good fishing.

The original law provided a closed season from November first to April first. A new law did away with the closed season and made it lawful to catch trout at any time of year, provided they were over ten inches in length. This, it is pointed out, simply invites law-breaking and destruction of trout, for it is next to impossible to enforce the ten inch provision and small fish are taken the year around.

COMMERCIAL CLUB REPORT

Financial Statement Shows \$228 on Hand—Many Letters Answered.

Master H. H. De Armond of the Commercial Club has just submitted his monthly report to the directors. Describing club activities it tells of more than 100 letters from location seekers, and of efforts resulting in road improvement around town.

The financial report shows a balance at August 1 of \$187. Total collections, including \$212 in dues, since then amount to \$495. Disbursements were \$269, leaving a cash balance on hand of \$228. The affairs of the club are in sound condition, membership is holding up well and interest in its activities is strong.

PROGRESS ON NEW ROAD

Some Ten Per Cent Grade Already Made to Tumalo Ranger Station.

Forest Supervisor M. L. Merritt visited the work on the new Sparks Lake road Thursday. He says that the crew of six men have already completed 1500 feet of ten per cent grade, covering the worst portion of the new route from the old Columbia Southern headgate to the Tumalo Ranger Station. C. C. Troyer is in charge.

By next summer it is hoped to get a passable wagon road through to the station, whence a road already leads close to the summit of Broken Top. Another year's work should make this an auto road, and ultimately it will be carried through to Sparks Lake and thence south to Crane Prairie. This autumn work will be continued until bad weather prevents.

OPPOSING GEORGE BILL.

The Times-Herald of Burns contains a lengthy argument against the "George Bill," which proposes to do away with the Desert Land Board and State Engineer Lewis. Many other papers in the state are working for the defeat of the bill, which is called political spite work and impractical.

CAMPAIGN FOR DIVISION IS ON

CIRCULAR SENT TO ALL VOTERS

Discussion of Tax Questions Has Important Place in Campaign Matter.

—Mass Meetings Arranged At Different Points, also At Bend.

With election day only a month away the past week has seen the beginning of the final campaign for the success of the county division movement. Printed matter is being prepared to be sent out to the voters, mass meetings are being arranged and committees are at work in the different voting precincts.

The first of a series of meetings was held last evening in the Commercial Club rooms. There were no formal speeches but reports were given on the progress of the campaign and the advantages of division to this section were explained. Another meeting will be held in the club rooms on next Tuesday night and all voters are urged to attend. Any who have doubts about the division movement are especially urged to be present and to be prepared to ask questions or to state their objections.

In addition to the Bend meetings arrangements have been made for rallies at the Plainview school house on the night of Friday the 9th, at Millican on the 19th, at La Pine on the 17th and at Sisters on the 24th. Other meetings will be scheduled later.

Circulars are Mailed.

Beginning last Friday circulars were mailed to every registered voter in the proposed Deschutes county containing in particular a discussion of the tax questions and tabulations showing what expenses in Crook county have been and what they might be expected to be in Deschutes county. These have been received in general with a good deal of interest and many who have formerly believed that taxes might be higher in case of division have come to see that it is not a question of what expenses have been but of what there are to be made in the new county.

Altogether the situation is very encouraging and those who are most active in the movement now look for victory by a good margin.

LUNCHEON AT BEND HOTEL.

The Commercial Club luncheon this week will be held at the Bend Hotel. The following bills, up at the coming election, will be debated: The Eight Hour Law; for, A. E. Edwards, against J. P. Keyes. To make all county terms eight years; for O. M. Patterson, against S. C. Caldwell. To prohibit party nominations of candidates for judicial offices; for, J. A. Gastes, against Charles Erskine.

OREGON GETS MONEY.

Money for schools and roads to the amount of \$50,000.00 has just been allotted to Oregon by the Federal authorities. The fund is derived from sales of timber and grazing rights in the National forests. The amounts coming from nearby forests are as follows: Deschutes \$432.91, Paulina \$447.55.

Little Talks on Banking

Joint Accounts

IF AN ACCOUNT IS OPENED IN THE NAMES OF TWO OR MORE PERSONS, INSTRUCTIONS SHOULD BE GIVEN THE BANK AS TO WHETHER CHECKS SIGNED BY ONLY ONE OR BY ALL THE PERSONS IN WHOSE NAMES THE ACCOUNT IS OPENED ARE TO BE HONORED AND IN THE CASE OF DEATH OF ANY OF THE PERSONS, WHETHER THE SURVIVOR OR SURVIVORS ARE AUTHORIZED TO SIGN CHECKS AGAINST THE ACCOUNT.

Identification

A GREAT MANY PEOPLE THINK THAT THEIR WORD, AS TO WHO THEY ARE, SHOULD CONSTITUTE AN INTRODUCTION AT A BANK AND MANY ARE OFFENDED WHEN A TELLER REQUESTS THEM TO SECURE A RESPONSIBLE PERSON KNOWN TO THE BANK TO VOUCH FOR THEM. IT IS A STRICT AND NECESSARY RULE OF EVERY BANK THAT STRANGERS TO THE OFFICIALS OF THE BANK MUST BE IDENTIFIED BY SOME RESPONSIBLE PERSON KNOWN TO THE BANK.

WHEN A STRANGER PRESENTS A CHECK FOR PAYMENT AT A BANK, AND HAS BEEN SATISFACTORILY IDENTIFIED, THE BANK USUALLY REQUIRES, NOT ONLY THE PAYEE BUT ALSO THE IDENTIFIER TO SIGN THE CHECK IN ORDER TO PROTECT THEMSELVES, SHOULD THE CHECK EVENTUALLY PROVE WORTHLESS.

IN STARTING A BANK ACCOUNT THE BEST RULE IS THE OLD ONE—DO IT NOW, AND DO IT WITH
