THE DESCHUTES FAIR.

The Bulletin has received several requests for information as to the location of the county fair in case division carries. A few wish to know if Deschutes county would have any fair and others where the fair would be held.

The present law authorizing counties to hold agricultural fairs was passed by the legislature in 1913 and may be found in the session laws of that year, chapter 146. It provides for the appointment by the county court of a fair board which is charged with the entire management of the fair.

There seems to be no provision in this or any other law making it necessary that the fair be held at the county seat, the location apparently being left to the judgment of the fair board.

Of the three, Sisters and Redmond are probably better prepared to handle the event, the former town in particular having shown its grounds particularly having shown in its grounds and in the management of its first fair ample ability to care for a larger attraction.

With the others already in the field and so well equipped Laidlaw would be handicapped in the race. Nevertheless its people are hustlers and if they go after the fair they would put up a good fight to get it.

It is clear that Deschutes county would have a worthy fair and that in more than one town there exists today the nucleus of an efficient fair organization. Which one would be selected would depend on the fair board and on future development.

A GOOD WORK.

It would be impossible to give too strong endorsement to the work of the Oregon Hygiene Society, as exemplified by its exhibit here and the plans for its educational meetings.

While education has progressed valiantly in all other directions, in this one all-important field of sex education ignorance has prevailed. The subject has been taboo. Schools avoid it like a plague. So-called educators, for the most part, fear even to approach it.

No prejudices of religion or sentimentality are brought into the campaign of the Society. It is based on big common-sense truths and medical facts that need no argument. The importance of it is apparent—and the more one learns of it, the more vital it appears.

Bend should take full advantage of this opportunity for education that is offered it. Only good can come of throwing a little light on places too long kept dark.

BOOTH COMING TO BEND. Robert A. Booth, Republican nominee for the office of United States Senator, will be here Thursday, October 22, and will speak at the Commercial Club rooms.

B. W. L. & P. CO.

The investigation of the rates of the Bend Water Light & Power Company, begun at the request of the City Council, has now reached the point of ascertaining the valuation of the company's property, as a basis on which to make the rate study. The State Railroad Commission has ordered that the valuation be found and B. A. Brackenbury, an expert engineer from Portland, is now engaged in the work.

HOT LAKE MANAGER WOULD LIKE NOTICE OF ARRIVAL IN ADVANCE.

Persons contemplating a visit to Hot Lake Springs, Oregon, who require the service of a wheel chair or other special convenience, are requested by the management to give notice of arrival in advance, so that proper care and attention may be assured.—Paid advertisement. 32-34c

FAVORS COUNTY DIVISION.

George W. Wimer formerly of Laidlaw, who moved from there a year ago to live in Ashland, writes as follows: "I would be pleased to hear of the division of Crook county and were I a resident would do my utmost for Deschutes county." Mr. Wimer also urges his friends in this section to vote for the tax for the normal school at Ashland.

A NEW PHYSICIAN.

Having relinquished my practice at Bend to Dr. R. D. Stovall of Portland and knowing him to be a competent practitioner, I wish to recommend him to my friends and past patrons. Dr. Stovall will arrive tonight. Dr. A. B. Cropp.—Adv. 32p

RICE GETS ON BALLOT.

Fred A. Rice was here Monday. Mr. Rice has become a candidate for county surveyor by filing a petition of nomination, and his name appears on the ballots as a non-partisan. His chief opponent in the race is H. A. Kelley, of Prineville. Mr. Rice and his friends seem to think that he has an excellent chance for re-election.

NOTICE TO MY PATRONS.

On the last week of each month, I will be in Sisters until further notice. Dr. J. H. Connors, Bend, Oregon.—Adv. 32c

WAR NEWS THE PAST WEEK

The week has developed news favorable to the German cause.

Last Friday the Belgian city of Antwerp was taken by the Kaiser's troops, after a brilliant attack which lasted but five days. The big German siege guns battered Antwerp's defenses into a pulp, again demonstrating that stationary fortresses are next to useless in modern warfare.

The week has developed news favorable to the German cause. The Belgian garrison, reinforced by British troops, escaped. Many thousands were interned in Holland. Germany has levied an indemnity of \$100,000,000 on Antwerp. The Belgian government has been established at Havre, in France.

On October 6 a German torpedo boat destroyer was sunk by an English submarine. The Russian cruiser Pallada has been sunk by a German submarine. The German fleet still stays protected at the Kiel canal.

The tremendous general engagement along the line extending across the northern border of France continues, with no decisive results.

Russia, judging from conflicting reports, is not making any notable gains in its advance against Germany. Austrian news is slight. Serbia seemingly is having the best of the struggle in that direction.

What may be of great importance is the official admission in London of a Boer rebellion in South Africa. This is fomented by the Germans. So far its extent apparently is not considerable.

At Sarajevo in Austria on October 3 began the trial of 22 men charged with responsibility for the assassination of Archduke Francis Ferdinand and his wife, the deed which gave the excuse for the war.

Just arrived, nice line of caudles, nuts, etc. You will appreciate our warm bath rooms in the cold weather. The same trio of barbers is at your service. The Metropolitan. Adv.

GOOD ADS FOR TOWN.

The October issue of the Northwest News, issued by the Northwest Townsite Company of Philadelphia, contains much publicity for Bend. In addition to several articles, there are three large cuts, one showing the First National Bank building, another a busy scene at the United Warehouse, and the third sheep passing through town for shipment here.

Try an oyster cocktail at the Cozy Restaurant.—Adv. 31-34p

HEART OF OREGON.

Mrs. Ada B. Millican says that she has just established the fact that after all Prineville is not the "heart of Oregon," as it advertises. The exact center of the state, as shown on the map, she says, is Millican. At least, it lies exactly half way between Oregon's north and south boundaries, and is only three miles east of the center, reckoning the distance between the Pacific and Idaho.

Steaks and chops a specialty at the Cozy Restaurant.—Adv. 31-34p

COMMERCIAL CLUB LUNCHEON

At the Commercial Club luncheon to be held at the Pilot Butte on Saturday Miss Bloch will discuss the affirmative of the measure providing an eight hour day for female workers, and Mrs. L. C. Fleming, the ne-

ative. There will be no other arguments but Ross Farnham will discuss various tax measures which appear on the ballot.

SOME WHO OPPOSE.

Just where the opposition to county division is coming from, so far as the East Side is concerned, developed pretty certainly last week at Lamont and Gateway. At meetings there John Combs, Collins Elkins, W. F. King and others from Prineville showed up and did all they could to split the work of the divisionists. However, little seems to have resulted except embarrassment for the visitors, who appear to have several kinds of a political fight on their hands.

COCK-A-DOODLE DO.

Meet me at the chicken pic dinner in Triplett building Thursday night, October 22.—Adv.

BISHOP PADDOCK BACK.

Word has been received from Robert L. Paddock, Episcopal Bishop of Eastern Oregon, that he will be here shortly. Bishop Paddock was taken ill with the grippe early in the spring and his sickness developed nervous prostration. After two months in a Portland hospital he was obliged to take a long sea voyage and made the round trip from Seattle to the Orient. While not yet in full possession of his strength, he is now able to resume some of his work.

Stop Those Early Bronchial Coughs.

They hang on all winter if not checked, and pave the way for serious throat and lung diseases. Get a bottle of Foley's Honey and Tar Compound, and take it freely. Stop coughs and colds, heals raw inflamed throat, loosens the phlegm and is mildly laxative. Best for children and grown persons. No opiates. Patterson Drug Co.—Adv.
