**Which?**  
Is woman more interesting than man, or the reverse? Man varies more. He has more genius in exceptional individuals, and less of genius-like insight in the average person. He completes; woman endures. He builds externally, she at home. He fights; she preserves. Our worthless opinion is that men are more interesting than women, but that woman is more interesting than man.—Harper's Weekly.

**I'll Tell You This, Too, My Daughter**

WILL undoubtedly be like your father and all other normal men—he probably will want a mild stimulant occasionally.  
Don't start your married life by being prudish. Beer is healthful and refreshing, and he will drink it moderately, for he knows the meaning of True Temperance. Don't tell him he can't drink it—he's broad-minded and meet him half way. You'll have your ice cream soda frequently and Will will have his beer.  
Your father and I soon will have our twenty-fifth wedding anniversary. In all those years he has drunk his beer whenever he wanted it. Look at him today—strong, robust, alert, no finer man on earth. Never once have I denied him the privilege of drinking moderately. I know the moderation with which he drinks does him a world of good. In fact, I enjoy seeing him safeguard his health.  
It's when you seek to deprive a man of his liberty that he rebels. Let Will drink beer when he wants it, for he's too good a man to go beyond the bounds of moderation. You'll find that a little beer will increase his stock of cheerfulness. Choose the home of mirth and happiness, my dear, rather than the house of trouble and dissent.

E. D. Ulrich, Chamber of Commerce, Portland, Oregon.

**Why you should VOTE FOR Booth**  
Republican Candidate for United States Senator  
Are you better off now than you were under a Republican administration?  
Are you satisfied?  
If you believe in the principles of the Republican Party, if you are convinced that these principles are best for the Country, then prove it by voting for your standard bearer, Robert A. Booth, Republican candidate for the United States Senate.  
You know that under Republican presidents the people of the United States have good times.  
You know that under Democratic presidents you have Democratic times.  
Remember the prosperity under McKinley, Roosevelt and Taft.  
Remember the conditions under Cleveland and Wilson.  
The issue in this campaign is not one of personality. It is not one of non-partisanship. It is a question of whether you prefer prosperity under Republican administration.  
Do you have enough work? Are your wages good? Is your business what you want it to be?  
If you are satisfied with present conditions, well and good; if you believe that the present situation is better than under McKinley, Roosevelt and Taft, you know what to do.  
The way to bring back prosperity is to help elect a republican Senate. The Republican candidate in Oregon is R. A. Booth.  
This is a Republican year. Vote the ticket straight.
