

## HONEY BEES SWARMED IN PORTLAND LAST WEEK

Group of Business Men Do Honor to W. B. Cheney, Taboo of the Bend Emblem Club, at Unique Dinner.

PORTLAND, Oct. 12.—By M. N. D.—Honey Bee Swarms, first Portland, then Seattle and San Francisco and perhaps all over the world. The Portland swarm, subscribing to persistent cheerfulness, kindness and wholesomeness, came into official being last Wednesday evening.

It was one of the rare occasions ever witnessed. It produced some of the finest expressions of sentiment. "Crown of the feast" was W. B. Cheney, Taboo of the Bend Emblem Club and of the Honey Bees, who was given tribute by all the others present, and who in his turn instructed team in the way of the Honey Bees which is to gather not the bitterness but the sweets of life. The Honey Bee, said this man of rare personality is not necessarily selfish, but if he is attentive to his own interests he will be cheerful and kindly and wholesome. Taboo was presented with a baton of ebony with gold tip engraved. Marking time at the banquet and compelling silence at every quarter hour when their music was heard, were the two chime clocks bought for the Emblem Club with the present given by the Ad Club at the close of its recent excursion to Bend.

There were many words of praise for C. M. Moore and George D. Lee, the geni of the feast, by others present, the list including, W. D. Cheney, C. F. Berg, Dr. U. C. Coe of Bend, Dr. E. A. Pierce, Marshall N. Dana, Chester A. Whitmore, R. H. Atkinson, Nelson G. Pike, Harvey O'Brien, C. K. Zilly, William Kirkpatrick, Willem Adams, O. C. Bortsmeyer, David H. Mossmo, Dr. R. M. Emerson, R. H. Grosier.

### CHURCH ALLIANCE.

A mass meeting of all the churches and their friends was held at the Methodist church last evening at which a Church Alliance was organized for union literary, social, recreational, and civic work. The pastors have also organized a ministerial association. The three churches are also co-operating in Bible study, for which meetings are held on Wednesday evenings.

We have a new addition, arrived Tuesday morning. He is prepared to shine your boots, dust your clothes, in fact, look after your wants in general. Try him at the Metrocoltan. 22c

### SURPRISE PARTY GIVEN.

The Methodist ladies gave the minister, A. S. Black a complete surprise last Friday at the home of the Thorsens. He was picked up on the street by an auto party and taken to the Thorsen residence ostensibly for a social call. He found the large parlor full of ladies and a table loaded with supplies for his larder. Refreshments were served, after which W. H. Staats' auto carried Mr. Black

and his supplies to his residence at Aubrey Heights.

The Ladies of the Baptist church will hold a doll bazaar the fore part of December. Dressed dolls of all kinds and sizes will be on sale. Anyone wishing dolls dressed to order phone Mrs. De Armond, Red 11. Adv.

### LINE OPEN IN TWO WEEKS.

P. B. Johnson, of Millican, or according to the new post-office name, Mount Pine, was in town yesterday. He reports that the poles for the new telephone line are now nearly all up and that it is expected that the line will be ready for use in two weeks.

### SOCIETY TAKES UP WORK HERE

(Continued from page 1.)

its results are and how we may combat it.

"Much of the suffering is due to ignorance \*\*\* This exhibit is shown to help dispel ignorance and to show the need of sex education." is the sentence on one of the screens which gives the key to the whole work.

The exhibit is divided into sections, classified as "The Enemy," "Allies of the Enemy," "Sex Education" and the work being done by the Society. Quackery and obscene advertising come in for a severe scoring, and in this connection it is well to remark that the Society has been responsible for the elimination from Portland papers of all classes of obscene advertising and the advertisements of quacks who purport to cure certain diseases and in reality grow fat upon the ignorance of their patients. The vice-breeding "museums of anatomy" have also been routed from Portland by the Society.

Detailed descriptions of the exhibit are inadvisable here; suffice to say that it has some good lesson for every mother and father in Bend, and those who may become such. And it should be added that the whole subject is treated in such a clean, straight forward, business-like way that it makes direct appeal to any citizen with the interests of his family and his community at heart.

Pamphlets concerning different subjects are distributed free, and ad-

mission, of course, is free.

Every afternoon a lady will be in charge of the exhibit and women are urged to attend.

### CATTLE MEN DO BUSINESS HERE

(Continued from page 1.)

part loaded Friday and part Monday. Cattlemen Like Treatment.

All the cattlemen are loud in their praises for the treatment received here.

"We never expected anything like it," said William Kittredge. "It certainly makes us feel good towards Bend and you may be sure that we'll do all we can to keep on coming to Bend."

In his talk at dinner J. H. Lane, after expressing appreciation of the fine treatment given them, said he, and others, would buy their groceries here. "I wish I could live here," said Mr. Lane.

"Yes, we find everything most satisfactory," said Mr. Pitcher in answer to an inquiry concerning the relative advantages of this route as compared to the southern one. "There is no reason at all why we shouldn't bring our cattle here always. And there is no reason why we should not do a lot of our business here, too."

All the visitors have been in the country a long time—from twenty to thirty-five years—and each one had interesting yarns to tell about how "The Bend" looked in the old days, when the only membership a commercial club could have scraped up would have been jackrabbits.

At the Friday night dinner Mr. Hudson pointed out the mutual advantages of co-operation. "Nothing promotes better business relations like personal acquaintance," said he. Other speakers were J. P. Keres, president of the Commercial Club, G. P. Putnam, publisher of The Bulletin, Vernon A. Forbes, state representative, and E. M. Lara of the Deschutes Bank. J. H. Lane was Silver Lake's representative when it came to speaking.

Influential in securing the cattle business for their roads, in preference to the southern roads, have been J. T. Hardy and L. M. Foss, representatives, respectively of the Oregon Trunk and Oregon-Washington railroads. The shipments were divided between the two lines.

## Why Destroy the Industrial Progress of Oregon?

That's what the so-called "Water Front" bills, Numbers 328 and 330 on the ballot, will do if passed at the November election.

Why make it impossible to build saw mills or any other industrial, labor-producing plants on the rivers and bays of Oregon?

That's what the passage of these bills will do.

Why cripple the development of our great timber resources; why cripple all future manufacturing in Oregon?

That's what will take place if the people vote "yes" on numbers 328 and 330.

Why lock up the thousands of acres of over-flow lands bordering upon the navigable waters of the State and its miles of water front for the benefit of "future generations;" why not let the present generation have some of the benefit from the use of these lands?

Industries of all kinds will be driven from Oregon and intending investors will turn their backs upon the State if these so-called "Water Front" bills become laws. That is why every man, woman and child in Oregon will be adversely affected if these bills are passed by the people in November.

Oregon needs outside capital to develop its great natural resources but we will drive it away if we pass Numbers 328 and 330 on the ballot at the November election.

If these so-called "Water Front" bills are passed by the people, a vast amount of property will be withdrawn from taxation in this State and this great burden will be thrown upon the rest of the taxable property, resulting in a heavy increase in everybody's taxes.

These bills are vicious; they are destructive of the very best interests of the State; they ought never to become laws.

The way to defeat them is to vote "NO" 329 and 331.
