

M'KENZIE PASS WORK ASSURED

MONEY IS AVAILABLE NEXT YEAR

On Crook County Side \$3500 Will Be Spent in Spring—Plans Now Being Made for Road Improvement—Forest Officials Make Plans.

(Special Correspondence)

SISTERS, Oct. 19.—If the present plans do not miscarry extensive improvement work will be carried on during 1915 on the McKenzie road. Of the \$70,000 practically guaranteed by the Government for the construction of the McKenzie Highway, \$10,000 is available at this time and the expenditure of this amount will be started as early in the spring as weather conditions will permit. It is expected that all surveys and preliminary work will be completed this fall so that actual construction work will not be delayed when conditions will permit in the spring.

James T. Schuyler, of the Bureau of Roads, Washington, D. C., in company with M. L. Merritt, supervisor of the Deschutes National Forest, H. E. Vincent and E. Austin, local forestry officers, spent last week doing reconnaissance work in connection with the proposed work on the east side of the summit. This work was for the purpose of determining whether the surveys already made are the most feasible and also to determine on plans for other work in connection with the road that had not been settled before.

C. R. Seitz, supervisor of the Cascade National Forest, with headquarters in Eugene, has been at the road camp near the summit on the west side of the range for the past month making surveys, running out levels and doing other preliminary work necessary before actual construction can start at that point. Mr. Seitz states that work will be pushed on both sides of the summit as soon as weather conditions will permit in the spring. Mr. Schuyler is now at the camp assisting Mr. Seitz with the work.

Under present plans \$2500 of the \$10,000 available for use at the present time will be spent during the next year on the east side of the range. Should Crook county see fit to put up a like amount it will give funds sufficient to insure the changing of the road so as to avoid all steep grades and give a comparatively good mountain road in time for next summer's travel with a maximum of six per cent on the Crook county side.

The importance of this highway was more fully demonstrated during the past season than ever before, the number of automobiles using it having reached far into the hundreds. With the proposed improvements Crook county will have added materially to her assets. A large majority of the travel through the northwest will use this pass as their outlet or inlet to the Willamette valley, and will spend much time and money in side trips to the resorts and natural attractions of Crook county.

Real Leaders in the Churches United in Condemnation of Prohibition

Prelates, Priests and Pastors Raise Their Voices in the Cause of Temperance, Not for "Reform by Law"

Read What National Thinkers Say:

"To drink is no sin Jesus Christ drank. To keep a saloon is no sin. And any policy that claims in the name of Christ, or does not claim His name, that deals with the well-nigh universal taste of man for alcohol ON THE BASIS OF LAW AND ORDER ALONE, cannot commend itself to the best intelligence, and is doomed to fail."
REV. DR. RAINSFORD,
St. George's Episcopal Church, New York City.

"Is it right to drink wine and beer? It is right for each individual to decide that question for himself, and for the community to put such regulations on the sale of wine and beer, AND ONLY SUCH, as are necessary to prevent popular excesses and public disorder."
REV. LYMAN ABBOTT.

"The church of God has never declared the moderate use of alcohol to be a sin; this seems to be left, with other things, as open matters of Christian Liberty."
THE REV. CANON WEST, D. D.

"As for those who endeavor to enlist Scripture on their side by maintaining that the wine mentioned in Scripture was not an intoxicating liquor, they must either be themselves very ignorant and silly if they really believe it or must be fostering a gross fraud in the hope of detaching the simple . . . under false pretences."
ARCHBISHOP WHATELY.

"All true Americans, it seems to me, ought to strive to maintain and perpetuate American principles. State-wide prohibition violates and local option supports this principle, therefore I am opposed to state-wide prohibition and in favor of local option."
BISHOP DANIEL S. TUTTLE,
Presiding Bishop of the Protestant Episcopal Church in the United States.

"I am opposed to prohibition by statute. I would rather see America free first, and then have its citizens use its freedom for moral ends."
REV. R. PARKS CAULMAN,
Brooklyn, N. Y.

"Under the present law (county prohibition) the saloon, where the traffic could be regulated, has given way to the drugstore, where minors and undisciplined obtain all the whiskey they want. The liquor business should be conducted open and above board, and not over the bars of secret dens."
REV. FATHER T. J. RYAN, Pontiac, Mich.

"I cannot see the benefits to be derived from compulsory abstinence."
BISHOP GRAFTON, of Wisconsin.

"Absolute prohibition has proven impracticable, if not a dismal failure."
THE RIGHT REV. THOMAS P. LILLIE,
Bishop of Leavenworth, Kansas.

"The use of alcoholic liquors is and always has been considered not only legitimate as a beverage, but it is consecrated and hallowed in the most solemn and widely rite of the Christian Church. You cannot, by mere law, eradicate a sentiment and destroy an institution that has stood for ages and that is so deeply rooted in our social life."
REV. W. A. WASSON, New York.

"Everyone knows that there are many saloons that are perfectly orderly and law-abiding. Have I, as a minister, any more right to interfere with the business of such a place than the saloonkeeper would have to disturb the peace of my congregation while at worship?"
VERY REV. D. D. J. HARTLEY, Little Rock, Ark.

"I consider prohibition wrong because it is destructive."
BISHOP CHARLES D. WILLIAMS, Michigan.

"The establishment of prohibition would be impractical and would put a premium on the sale of intoxicating drinks."
CARDINAL GIBBONS.

"Prohibition drives underground the mischief which it seeks to cure."
BISHOP HALL, Vermont.

"Prohibition has been disastrous to the cause of temperance."
BISHOP CLARK, Rhode Island.

"It is a rude interference with the personal liberty for the law to tell me what I shall eat or how much I shall eat. It is just as rude an interference for it to describe what I shall or shall not drink, and how much."
REV. DR. CHAS. PARKHURST, New York.

"My eyes were opened to the great evils of prohibition in a very few years. The clubs organized by young men, the selling of vile decoctions by women and children, the hypocrisy and corruption arrested my attention."
REV. DR. BLANCHARD, Portland, Me.

"Many people thought state-wide prohibition to be the ideal remedy. It is impractical, and its violation is productive of hidden and shameful vice."
BISHOP GAILOR, Tennessee.

"WET" LEAGUE IN FIGHT OVER COIN

Only Two "Taxpayers and Wage Earners"

BREWERS PUT UP FUNDS

KNOWING THAT OREGON DRY MEANS BETTER BUSINESS FOR ALL LINES SAVE ONLY SALOONS.

BY ORTON E. GOODWIN,
Publicity Department, Committee of One Hundred.

The great campaign to make Oregon "wet" has failed.

The exposure by Dr. Cora Talbott, secretary of the "Taxpayers' and Wage Earners' League," that the organization consisted of two persons, Mrs. Duniway and Dr. Talbott, and was financed by the brewers and distillers to make Oregon "wet," threw the fat into the fire.

The brewers and distillers know that all kinds of business save theirs is better in a dry town.

They know this has been proved by figures and facts from Salem, Oregon City, Roseburg, Albany, Newberg, Ashland, Corvallis, Pendleton and many other towns.

Organization Spreads Untruths. So they organized the "Taxpayers' and Wage Earners' League" to spread misinformation about Oregon dry.

They know bank deposits in dry towns have increased in number and amount. They know bad debts are almost unknown in all dry towns. They know collections are better. They know arrests from drunkenness are almost unknown. They know every dry town in Oregon is prosperous.

So, they became desperate.

Taxpayers' League is "Joke."

Then they organized the joke "Taxpayers' and Wage Earners' League." Dr. Talbott was secretary. She became disgusted when she learned money was being collected by the brewers and distilleries by the use of her name, and she resigned.

Then Mrs. Duniway advertised lavishly, announcing that the money the "league" was using was provided by the brewers.

The campaign of misinformation carried on by employees of the league, who are also employees of the breweries and distilleries, is now known all over Oregon.

Brewers Spending Your Money. Every man, woman and child has to spend \$20 a year with the saloons.

If you do not drink, some one else has to pay YOUR share.

So, it is YOUR money the Oregon brewers and Eastern distilleries have been using to persuade YOU Oregon wet will do YOU good. It is believed they expect to spend over \$200,000 of YOUR money.

They know Oregon dry will put them out of business and help every other kind of business in the state.

Although the breweries and distilleries know Oregon dry is for better business, prosperity and more work, they are fighting it.

No Saloons; Better Business.

We have had bad times with the saloon, haven't we? Why not try no saloon? It can't make things worse and is certain to make things better.

The reason is:

Money spent on the saloon cannot be spent for groceries. Money spent in the saloons—much of it goes East. Money spent for dry goods and groceries stays in the towns and makes better business.

The members of the Committee of One Hundred are all Oregonians. Most of them are business men. They ask you to vote Oregon dry, because they know, as the brewers also know, that Oregon dry means better business, lower taxes, more work and a return to prosperity.

For the experience of all Oregon dry towns has proved this to be the case.
