LA PINE OFFERS SOLID SUPPORT

(Continued from page 1.)

A. Forbes took up the subject of running Crook county as compared to the cost in many other Oregon counties. One portion of Mr. Forbes' speech was devoted to answering the false-

hoods that have been circulated by enemies of division to the effect that the movement is being pushed solely for the purpose of obtaining office for Bend men. To clinch the answer we read a resolution that had been signed by over 50 local men...

The Resolution.

The resolution and the names of those who have signed up to the present time is as follows:

Whereas, it is falsely rumored that the citizens of Bend have decided upon a list of men from the town of Bend whose appointment will be sought as officials of Deschutes county in case county division carries at the coming election, and

Whereas, the citizens of Bend favor and are seeking county division solely because of the convenience and

economy served thereby and not out of any desire to obtain office for any particular men.

Now therefore, We, the undersigned residents of and voters in the town of Bend pledge ourselves, in case Deschutes county is formed, to endorse or support no candidate for county office from the town of Bend other than one member of the County Court.
