Salary	\$2,500.00	\$2,500.00	\$2,498.98	\$2,499.99	\$2,499.97	\$2,499.99
Chief Deputy	1,200.00	1,200.00	1,200.00	1,200.00	1,200.00	1,200.00
Extra Deputy	114.85	619.50	529.50	792.85	1,315.90	1,819.05
Traveling Expenses		128.65	446.00	914.35	708.45	1,400.25

These figures show you what the Sheriff's office costs as it has been conducted. In five years the expense has nearly tripled. Despite the automobile, note the traveling expenses doubled—not including the \$998.15 under "auto expenses"—and that deputy hire jumped about \$500 in one year, between 1912 and 1913.

These figures show one reason for HIGH TAXES. If E. B. KNOX is elected Sheriff the cost can be reduced and the efficiency of the office increased. That is why you should

SAVE INDUSTRIAL OREGON.

The one way to protect the future manufacturing and industrial development of Oregon is to vote against the vicious measures known as the "Water Front" bills, numbers 328 and 330 on the ballot. They are a direct attack on the prosperity of every man, woman and child in Oregon and ought to be beaten.

These measures are not only a vicious thrust at Oregon's progress but they are a veiled attack upon the

public school system of the State, in that they will, if passed, deprive it of large sums of money every year.

WHY DESTROY LUMBER INDUSTRY?

Lumber is by far the most important industry of Oregon. We have one fifth of the standing timber of the United States in Oregon. Not another saw mill will be erected on the tide lands or rivers of Oregon if these so-called "Water Front" bills pass. The way to defeat them is to
