THE GOOD JUDGE AND THE FISHERMANS LUCK

THE new chew that every-body likes is "Right-Cut," the Real Tobacco Chew.

Tastes better, lasts longer, satisfies you better. Made of pure. rich, sappy tobacco-seasoned and sweetened just enough.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the rest tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is The Real Tabacco Chew. That's why it costs less in the end. It is a ready chew, out fine and short shred so that you won't have to gried on it with your toeth. Grinding on ordinary caudied tobacco-makes you spit ton much.

The tasts of pure, rich tobacco does not need to be several up with molesses and rice. Notice how the salt brings out the rich tobacco tasts in "Right-Cet." One small chew takes the place of two big chews of the old kind.
