RECORD RUN MADE.

(Silver Lake Leader.) A record run of mail from Portland to Silver Lake was made last Friday. The mail left Portland at 7:25 p. m. on Thursday, arriving in Bend at 8:10 Friday morning; was picked up by the stage line's fast passenger auto and taken overland 91 miles to Silver Lake, arriving here at 1 p. m., just 17 hours and 35 minutes from Portland. This is pretty good. Wish the stage line could only keep up the pace.

AUTO SERVICE IMPROVED.

Arrangements for improved auto service to the south were completed last week when L. D. Fox and Walter Coombs, who have been operating independent cars, associated themselves with the Pioneer Auto Stage & Truck Co., formerly the Wenandy Livery Company. The company has purchased a new six-cylinder, seven passenger, Pierce-Arrow car and now offers daily touring car service between Bend and Fort Rock, Silver Lake and way points. Connections will be made for Lakeview.

In view of the change in the ownership of the company and the fact that J. H. Wenandy is no longer connected with it in any way the name of the company has been changed to Pioneer Auto Stage & Truck Co. adv. 9c

MAY BUILD ON RIVER.

Planning the erection of a handsome residence west of the river in Pinelyn Park on the water front, G. P. Putnam has announced the probable sale of his present residence in Park addition. Mr. Putnam has placed the property on the market and it is understood several possible purchasers are negotiating for it. According to present plans Mr. Putnam would develop a 150 foot water front in Pinelyn Park, just south of the R. W. Sawyer residence, building what the plans show would be a unique and beautiful home. With the erection of a handsome residence on the adjoining property, which is owned by E. M. Lara, who plans to build this summer, the five large lots embraced would become one of the most attractive spots in Bend.

COYOTE KILLS SHEEP.

Though the rabies epidemic has had considerable effect in reducing the number of coyotes in the home-land country they are not all gone, however, nor is the epidemic yet checked. A. L. McIntosh brings in word that last week a rabid coyote ran into a flock of sheep in the Millican valley and killed a few of the animals before the herder could prevent the damage. The coyote was itself killed by the herder with considerable difficulty.
