

FAIRS ATTRACT MUCH ATTENTION

OCTOBER IS CROOK'S GALA MONTH

Tumalo, Prineville, Sisters and Redmond to Celebrate—County Exhibition is Big Event on the Calendar—Interest in Fairs Keen

- CENTRAL OREGON FAIRS •
- West Side Agricultural Fair, Tumalo, October 1.
- Crook County Fair, Prineville, October 6-7-8-9.
- Sisters Fair, Sisters, October 14-15-16.
- Redmond Potato Show, Redmond, October 21-22-23.

Mr. Central Oregon Farmer is fattening his prize steer, selecting his tallest and best filled grain and cleanest alfalfa, and choosing his best squash and pumpkin. Mrs. Oregon Farmer is perfecting the technique of bread and cake making and is coaching her daughter in the arts of domestic science. Mr. and Mrs. Central Oregon farmer are not neglecting their children in interesting them in preparing stock for competition at the various fairs in the Central Oregon circuit this year.

From all reports the farmers and business men of Central Oregon are not derelict in their duty to advance everything that will promote the success of the fairs that will be held in Crook county during the month of October. Unusual interest, it is said, is being expressed in all lines, particularly those concerned with the display of agricultural and stock products. Special emphasis has been laid upon this point in almost all the premium lists that have been issued.

"Larger and better than ever," is the slogan which seems to characterize the Crook County Fair to be held October 6, 7, 8, 9, at Prineville. "Nothing," says the fair management, "has been spared to make this year's event the largest and best ever held in Central Oregon." Indicative of the demand made by Central Oregon stock men, it is said that all the live-stock barns have been reserved and that next week it will be necessary to build additional sheds to accommodate the overflow.

Special Days Arranged. The fair management has set aside

special days at which certain localities may display their colors, and at which distinguished individuals in the state may be honored. Wednesday, October 6, has been set aside as Jefferson county day; Thursday, October 7, Redmond, Sisters and Terrebonne day; Friday, October 8, Powell Butte and school day. On Friday all school children will be admitted free of charge. Saturday will be Governor Withycombe, Bend, La Pine and Tumalo day. On those occasions the towns will probably have large delegations present.

The belief in patronizing what exists at home if it is equally as good as that which may be obtained abroad has been emphasized in the recent action of the Crook County Fair Association in closing a contract with Ashley Forrest of Bend to furnish the music at the fair. It is the intention of Mr. Forrest to select the best musicians in Central Oregon to furnish the music. Assembling these musicians will begin at an early date to assure their preparedness when the occasion arrives.

Attractions to Be Numerous.

Special attractions which heretofore have not been seen by people of Central Oregon, including sensational balloon ascensions daily and nightly, fireworks and street attractions, many of which come directly from the State Fair. Negotiations were completed recently with the Warm Spring Indians to entertain the crowds with their characteristic parades and war dances. A feature which is attracting considerable attention is the \$100 prize fat steer which will be given to the fair patron guessing closest to its weight. Free camp grounds will be provided for those choosing that method of attending the fair. There will be two base ball games, Saturday morning and Sunday afternoon, October 9 and 10, between a Portland team and Prineville. Plans will be made to schedule a football game between the high schools of Bend and Prineville. During the week, weather permitting, the Crook county tennis tournament will be held.

The prize list issued shows the offerings to be of such a character as will probably foster keen competition among stock men, and farmers of both irrigated and dry land farms.

Special efforts this year are being made to run off the races on schedule without delay. Prominent horse men have signified their intention to enter fast stock for these events.

Sisters to Celebrate.

With handsome cash and donation prizes offered, the second annual Sisters Fair will vie with other events of like character in Central Oregon.

The program recently issued shows elaborate prizes offered for racing events which include various phases, harness, saddle horse, Indians, auto and motorcycle. Provision has been made for all classes of stock, agricultural products, vegetables, horticultural products, a ladies department, baby show, cooking and pastry, art and flowers.

Business men of Bend, Redmond and Sisters have been liberal contributors in both cash and merchandise prizes to this fair.

In order to give residents of adjacent towns an opportunity to celebrate, October 14 has been set aside as Citizens day, October 15, Redmond day, October 16, Bend day.

Tumalo Fair Distinctive.

One of the distinctive fairs of Central Oregon is that to be held at Tumalo October 1, under the auspices of the West Side Agricultural Fair Association. While there is an absence of many of the features pertinent to a locality fair, this absence is more than supplemented by departments of educational value. Activities for children, including agricultural and domestic science contests have been provided for which cash prizes are offered. Other departments included are: ladies domestic science work, ladies needle work, flowers, pantry shelf department, potato department, vegetables, field crops and fruit.

The West Side Ladies will hold a big dinner the day of the fair, and according to Mrs. Fred N. Wallace, who is taking an active part in preparing for the event, it will surpass any dinner ever held before in Tumalo.

One of the features of the fair will be the appearance for sale of the new cook book prepared under the direction of the West Side Ladies Society. The book will be replete with aids to housewives and helps in the culinary department of every home.

STEAMSHIP SERVICE ATTRACTS MUCH ATTENTION

The performances of the steamships Great Northern and Northern Pacific in maintaining railroad time throughout varying conditions of ocean tides and weather between Portland and San Francisco have attracted considerable comment recently. The large volume of tourist travellers that was routed through the Pacific Northwest and down the Columbia by the North Bank system and thence to the Golden Gate has fulfilled the anticipations of the Great Northern Pacific Steamship Company and goes to show that high class service is necessary to induce the traveller to vary his routing. Sixteen thousand people were carried between the two ports during August. On six round trips between Flavel, in the Columbia river, and San Francisco, the Great Northern averaged 26 hours and 36 minutes southbound. The time of combined train and steamer schedule between Portland and San Francisco was as low as 20 hours and 21 minutes. On one trip of one of the ships 2871 barrels of fuel oil are burned. On a single sailing there have been 736 passengers. In the culinary department a crew of 125 persons is employed to cook, feed and care for the passengers. Upwards of 20,000 meals are furnished weekly. The ships give tri-weekly service.

DOING THEIR DUTY.

Scores of Bend readers are learning the duty of the kidneys. To filter the blood is the kidneys' duty. When they fail to do this the kidneys are weak. Backache and other kidney ills may follow. Help the kidneys do their work. Use Doan's Kidney Pills—the tested kidney remedy. Proof of their worth in the following: Joseph McDermott, Washington street, Oregon City, Oregon, says: "I was almost flat on my back with kidney and bladder trouble. I was so lame and stiff that I could hardly hobble around. It was all I could do to get up in the morning. My kidneys were irregular in action and the kidney secretions were scanty. I used several boxes of Doan's Kidney Pills and I soon got well." Price, 50 cents, at all dealers. Don't simply seek for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McDermott had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

Schools May Bar Children.

Common colds are contagious and boards of health in many cities are considering barring children with colds from school. Foley's Honey and Tar is an old and reliable family medicine and frees children from coughs, colds, croup and whooping cough. Parents may save trouble by giving before school opens. Patterson Drug Co.—Adv.

REAL ESTATE TRANSFERS.

Newspaper Man Recommends It.

R. R. Wentworth, of the St. James (Mo.) News, writes: "A severe cold settled in my lungs. I feared pneumonia. Foley's Honey and Tar straightened me up immediately. I recommend this genuine cough and lung medicine." Right now thousands of hay fever and asthma sufferers are thankful for this wonderful healing and soothing remedy. Patterson Drug Co.—Adv.

REV. W. F. KEAGY ARRIVES.

Rev. W. F. Keagy and family, formerly of the Methodist Episcopal church of Sunnyside, Washington, arrived in Bend last Friday. Mr. Keagy will occupy the pulpit of the

Bend Methodist church, having been appointed by the Columbia River Conference of Methodist ministers last week. He has taken the Schooler residence.

Did the Old Man Good.

Geo. W. Clough, of Prentiss, Miss., is seventy-seven years old and had trouble with his kidneys for many

years. He writes that Foley Kidney Pills did him much good. He used many remedies, but this is the only one that ever helped him. No man, young or old, can afford to neglect symptoms of kidney trouble. Patterson Drug Co.—Adv.

All cigarettes are pure, but—

purity alone doesn't make a cigarette SENSIBLE.

We don't know of a single one of our competitors who doesn't make his cigarettes of pure tobacco.

But a pure cigarette that didn't taste just right wouldn't do for you, would it?

And to be really sensible a cigarette must give you more than purity and a good taste.

It must be cool and friendly to your throat and tongue. And it must leave you feeling fine after smoking all day.

Fatimas are not the only cigarette that measure up to all these requirements. There are other sensible ones.

But Fatimas seem to have a big margin in their favor on their good taste. Otherwise they could not outsell all other cigarettes costing over 5c.

You can't tell whether they will just suit your taste until you try them.

At the same time, you can easily prove how sensible they are by these two tests.

Most men who try Fatimas say "Good Bye!" to all other cigarettes right away. That's why Fatimas sell so fast.

Why don't you try Fatimas today?

Liggett & McEntyre Co.

Two TESTS FOR ANY CIGARETTE

The taste of the cigarette—according to a leading tobacco journal—is up to the smoker. But there are other qualities that you should look for in the cigarette you are going to smoke. Here are a couple of tests that may help the average smoker to choose more wisely between different kinds of cigarettes.

The first test is for coolness, which means more comfort to the throat and tongue. Light air cigarettes. Draw in a cloud of smoke—a small, ordinary puff is not sufficient to make this test. Hold it "out" around your mouth for a few seconds. Let it "cool" around against your tongue and throat. Now blow out the smoke. If the cigarette contains a high grade of mild tobacco leaves, combined in just the right proportion, it will always feel cool and smooth both to your throat and to your tongue.

On the other hand, if the proportions are not right and if the cigarette contains inferior grades of tobacco or hidden strands of raw, city leaf, you will feel a sharp sting at the tip of your tongue and that "sandpaper" tickle in your throat.

Test number two—How do you feel after smoking all day?

If the tobacco in the cigarette includes all of the various grades of mild grades—and is blended by age—and if they have qualities and to neutralize any unpleasant tobacco, you will be able to smoke gracefully whenever you feel like it throughout the day without feeling any effect from it.

But with another cigarette in which the blend is less skillful, even though the tobacco is of the highest grade, you will find, along towards the end of the day that you are likely to have that feeling of having smoked too much.

Clip out these tests and try them on Fatima
