**Bakery is Remodeled.**

Shriner & Huey are having the interior of their store re-modeled this week, the floor space being enlarged to accommodate more show cases and an opening being cut in the partition between their present quarters and the adjoining room to give added space. The carpenter work has been done by H. O. Dimick.

**Lays New Floor.**

A new floor is being laid this week in the Bend Garage building and an addition is being made to the present stock room to accommodate a larger stock of automobile accessories. Under its new management the garage is rapidly increasing its business.

**Interesting Pictures to be Shown.**

Motion pictures of the Alaska-Siberian trip taken by Captain Kleinschmidt for the Carnegie museum will be shown at the Dream Theatre on Bond street Friday night and Saturday afternoon. These pictures have a high educational value and will be appreciated by all members of the family. They show the esquimaux, big game hunting, wild life, including birds, walrus, seals and polar bears, and also much of the scenery of the north. There are five reels.

**Many Sidewalks Built.**

Much new cement sidewalk is being built this week in the block surrounded by Wall, Minnesota, Bond and Oregon streets. E. M. Lara is having a walk put in on the Minnesota side of his lot on the Corner of Wall and Minnesota, which will finish the cement work up to Bond street. A walk has been begun in front of the Deschutes cafe on Bond street and cement work has just been finished in front of the Dragich and Rainier bars. On Wall street a walk has been

begun in front of the Kermott property. When this work is done the O'Kane and the Mutzig properties will be the only ones in the block

without cement walks.

**Building Brick Addition.**

J. H. O'Neil is having a two story brick addition built on the Deschutes hotel on Minnesota street. When finished the addition will provide lobby room on the ground floor and additional sleeping rooms on the floor above. Other rooms were recently added on the opposite side of the building by the remodeling of the Elite studio. H. O. Dimick is doing the carpentry work.

**Joy Riding Did It.**

Gasoline, fire-water and a water hydrant participated in a mix-up early yesterday morning resulting in the breakage of the hydrant and the consequent injury to some one's pocket book, to say nothing of damage to a car and a few headaches among the riders in it. The hydrant was the one at the corner of Bond and Oregon streets and the cause, joy riding. The hydrant is being replaced. The car is in the garage. The headaches are gone and the gas and fire-water used up forever.

Bread, made from Deschutes Spray Flour is the staple food in every home, the chief article of diet on every table. If once used you will seldom sit down to a meal without it. See if you want say it is the whitest, and finest bread you ever ate.—Adv.
