PARAMOUNT TRAVELOGUE
"KIDNAP WIFE SLEEPY"

SUNDAY AND MONDAY
Famous Stage in "THE FIFTH COMMANDMENT"

TUESDAY
Grand Feature "THE MAN WHO FOUND HIMSELF"

THE MAN WHO FOUND HIMSELF

Featuring ROBERT WARLOCK, is based upon the play "THE HILLS OF THE MOON," and contains the life of a young man, deprived of his inheritance. Money was stolen to give aid to a sick friend. He is sent to jail, escapes and later returns to serve his sentence. He finds himself a designer in a large pottery shop and succeeds to success.

"THE FIFTH COMMANDMENT"
Featuring JULIA STROGER, is a story replete with heart interest, based upon the wonderful production by the same name.

LAKE COUNTY TO GIVE FOR ROAD

EXAMINER SUGGESTS BONDING

Lakeview Paper Discusses Matter of Having Funds for Streets—Says County Ready to Do Its Share—Wants All to Join.

In its issue following the visit of Robert E. Mathews to his recent tour of Central Oregon the Lakeview Examiner has the following to say editorially of the railroad situation:

It is generally conceded that with Central Oregon has a through line of railway as general development can be expected and for many hundreds of thousands of acres of rich agricultural lands will remain unproductive. This is especially true of Lake county, and the offer of Robert E. Mathews to build such a line is therefore very opportune.

As the Examiner understands the offer, Central Oregon will be required to furnish the right of way for the railroad and in addition subscribe for \$750,000 worth of stock in the corporation. With approximately one sixth of the population and wealth of what is especially termed Central Oregon, which consists of Crook, Harney, Lake and Klamath counties, we of Lake are certainly in a position to subscribe our share. No difficulty will be experienced in securing the right of way, and \$15,000 worth of stock should be subscribed in a short time.

We are all agreed that the railroad should be built, but on the other hand we are also agreed that the other fellow will not do his share toward securing the same. It has been suggested that the most equitable way to raise the amount of money necessary would be to bond the county, and this plan would probably meet with the approval of a majority of the tax payers. However, it is not expected by any means that it would be approved unanimously. As to the liability of such a bond issue it is only necessary to refer to the railroad bond under way in Douglas and Josephine counties which were promised under similar circumstances.

It should be understood that the amount of \$150,000 by the people of Lake county will secure the construction of \$1,000,000 worth of roadwork during the next three years. Is it worth it?

The matter should be discussed thoroughly before preliminary work is undertaken, so that the workers will know just what is expected from them. To that end the columns of the Examiner are open to any one desiring to express an opinion in the matter.

WHIPP IS COMING

Tenor Heard With Ad Club Quartette To Sing on Tuesday Night.

Bend music lovers have a treat in store for them in the coming appearance of H. G. Whipp, operatic tenor. Mr. Whipp was with the Portland Ad Club on the visit made by the club in September, 1914, and is accordingly already known to Bend.

Mr. Whipp will be here next Tuesday, December 1, and in the evening will give a concert in the Bend Theatre. The program will consist of operatic selections and songs in English. Mrs. Whipp playing accompaniments.

Tickets for the concert at 75 cents each will be placed on sale tomorrow at Held & Horton's and other stores. If you like music and want to hear a wonderful tenor voice get your ticket early.—Adv. 22c

PRINEVILLE TEAM IS WINNER OF THANKSGIVING DAY GAME

Score 7 to 0—Winning Team Shows Better Preparation—Much Praise for Bend.

The Prineville football team came over to Bend on Thanksgiving day and gathered a hard earned victory over the local eleven, the score being 7 to 0. A few spectators from the county seat and a large crowd of Bend athletes attended the game, which was played in Boulevard stadium, the Bend athletic grounds being too wet from the soaking rain of the night before to be used.

The Prineville team showed somewhat better preparation for the game than did the Bend eleven, its plays being executed with more finish and its formations more carefully worked out. Prineville also showed better preparation in looking into the wind which blew strongly over the field for the most part.

The Bend team was somewhat out of sync in getting off its plays, its passing is showed itself superior to its opponent but lacked the necessary punch when approaching the goal line. Toward the end of the game it wanted to add started down the field in earnest, being stopped only by the call of time.

The Prineville touchdown was made by Lawson on a delayed pass around left end. The play was made on the fourth down after Bend had stood its ground for three line plays that failed to gain.

An effort is being made to arrange a return game at Prineville on Sunday.

The lineup on Thursday was:
PRINEVILLE BEND
Barnes e Pringle
Beasley r Lamberson
Central l. e. Vandevort
L. Maister r. t. Moxzynski-Boyd
C. Charlton l. t. Ward
Broderick f. w. Stover-Kelley
H. Charlton l. r. Wolfson
Wheeler q. b. Kelley-Erskine
Lawson f. b. Sheld-White
R. Later e. h. r. Herold-Burns

Honors:
Broderick f. h. i. Erskine-Stover
Officials: Referee—Durant; umpire Estes; timekeeper, Johnson.

PRINEVILLE GETS THIRD WELL

(The Oregonian.)
PRINEVILLE, Nov. 24.—(Special.)—C. Sam Smith, of this city, is drilling an artesian well on his place in the fifth addition to Prineville. This makes the third artesian well in this place and the average depth to which the artesian goes is 200 feet. Mr. Smith also will erect a fine Colonial cottage on his property.

BEND CONCERN GETS PERMIT

(Portland Telegram.)
BALEM, Nov. 24.—Corporation Commissioner Schulerman has authorized the Brunka-Keaton Lumber company, a Minnesota corporation to engage in business in the state. The capital is \$1,750,000, and John P. Keyes, of Bend, is the general manager in this state.

SCHOOL LEVY IS FIXED

(Continued from Page 1.)

Set the building of the high school.

Because the various estimates are brought about by the growth caused by the new mills, which in turn will provide considerable increased valuation in another year, a total of \$1,999 for current expense was not provided for in the levy. This would have necessitated three mills more in the levy, making a total of 16, and it was the opinion of the tax payers attending the meeting, that this sum would fairly be left for another year.

At the beginning of Saturday's meeting Council Clerk H. J. Overhart read the board's final estimate of expense for the coming year, stating that the assessed valuation of the district, with the utility valuation estimated, was \$1,575,719. There was also the possibility of an addition of \$200,000 from a sheriff's assessment of recorded mortgage notes. The county tax levy and state appropriation is expected to produce \$1,664, leaving \$119,341 to be raised by taxation.

After setting the levy at 16 mills the meeting considered the question of new school sites in different parts of the town and a vote was passed directing the board to obtain options on two or more sites.

The estimate of expense for the coming year is as follows:

Superintendent	\$ 1,754.00
High school principal	1125
1 high school assistants	1200
Grade principal	455.00
Eighth grade teacher	395
2 primary teachers	435
Two country teachers	480
Nine grade teachers (new)	475
Five grade teachers (holdover)	1,600.00
Janitor at Bend building	720.00
Janitor at high school	300.00
Janitor at country schools	90.00
Water at Bend building	200.00
Light and power at Bend building	225.00
Water at high school	30.00
Wood at Bend school 100 cords	275.00
Wood at high school 50 cords	175.00
Wood at country schools	40.00
Text books	400.00
Additional furniture	300.00
Chick hire	200.00
Census enumeration	50.00
Printing, stationery, etc.	50.00
Interest on bonded indebtedness	2,100.00
Total	\$16,630.00

CLUB LATE

(Continued from Page 1.)

braced within said segregation, and Whereas, said segregation lies wholly within Crook county, Oregon, and comprises a very choice body of Crook county's lands, much of which is valuable for the purpose of dry farming, and Whereas, it is generally conceded that the Central Oregon Irrigation

Company cannot reclaim said land, and that said company now has within its control, exclusive of the lands included in said Benham Falls segregation, more land than it can improve and irrigate, and it appearing that application has been made for an extension of the contract between the State of Oregon and the Federal Government and the State of Oregon for the reclamation of these lands, and Whereas, the extension of said contract would tend to hinder the improvement and the settlement of said lands until future years, and Whereas, if said lands were thrown open to entry and settlement under the public land laws of the Federal government, that the same would be

settled up and thereby improved and the taxable property and population of Crook county increased.

Now, therefore, be it resolved by the Bend Commercial Club, in meeting assembled this 27th day of November, 1915, that we as a body, and as a community, protest against the extension of the contracts on said Benham Falls project and we respectfully urge to the Department of Interior to dissolve said segregation, to terminate said contract and to open the lands embraced in said segregation to entry and settlement, and we respectfully urge the Desert Land Board of the State of Oregon, and all other agencies and officers of said state, to use their influence and good offices to this end.

We honestly and firmly believe that the termination of said contracts and the opening to settlement of said lands will increase the wealth and productiveness of Crook county, and will provide for the building of many homes.

We are satisfied, and will furnish evidence if desired, that the lands herein mentioned, are valuable for dry farming, and that they comprise one of the choicest tracts in Crook county, and that the opening of said lands to entry and settlement, would be for the best interest for Crook county and the State of Oregon, and would tend to the improvement and development thereof.

Be it further resolved that a copy of these resolutions be forwarded to the Desert Land Board of the State of Oregon, the Secretary of the Interior, the Portland Chamber of Commerce, and to each of the commercial bodies of Crook county, Ore.
