

JANUARY COLD; RECORDS SET

OVER TWO FEET OF SNOW FALLS

Total Precipitation was 2.06 inches, which fell during 20 days—Mercury registers nineteen below on the 18th of last month.

With a total of 25.11 inches snow fall and 11 days with the mercury registering below zero weather and one zero, January was the coldest month with the heaviest fall of snow that has been experienced in many years. The records at the local weather station show no figures that equal those of January.

While the total precipitation for last month was 2.06 inches the total precipitation for the corresponding month of 1915 was only one half inch. The total snow fall for January, 1915, was 8.72 inches, all of which fell during 16 days, while last month the 25.11 inches fell during 20 days.

January's coldest temperature was on the night of the 18th when the mercury fell to 19 degrees below zero. The coldest day in January, 1915, was on the 24th when the thermometer registered 6 degrees below zero.

The mean maximum temperature for January was 29.65 degrees, and the mean minimum was 6.81 degrees above zero. Of the 31 days in last month, 16 were cloudy, 9 partly cloudy and 6 were clear.

For a good clean shave, a good hair cut, facial massage or a chin, visit the Metropolitan, on Oregon street.—Adv.

A desirable bread knife free with every annual subscription to The Bend Bulletin.

For sign painting see Edwards.—Adv.

RETURN ALLEGED FORGERS

Crook County Deputies Expected to Arrive Today.

Frank Taylor and John Steiner, of Luttrell, Tennessee, will arrive in Prineville today in the custody of deputy sheriffs Theodore Anne of Bend and Commissioner J. F. Blanchard of Prineville, to answer charges of forgery alleged to have been committed in Bend on December 19, when several checks to the amount of \$215 were passed on seven local merchants, to which the name of Geo. Millean was signed.

The last report received here by chief of police Roberts was when the Crook county deputies were in Chicago, at which time they said that they expected to arrive Wednesday night with their prisoners. It is understood that the two officers found themselves stranded at one stage of their journey and had to wire home for more money.

RABBIT FUR FOR HATS

Representative Sinnott is Having Tests Made in East.

WASHINGTON, Jan. 29.—Within a month Representative Sinnott, of Oregon, expects to be wearing a Big fell hat made largely from the fur of Oregon Jack rabbits.

Through Representatives Edmunds of Pennsylvania the assignment of Oregon Jack rabbit pelts received by Mr. Sinnott have been turned over to a Philadelphia factory, which manufactures high grade felt hats. With the pelts went Mr. Sinnott's head measurement.

The manufacturer has written Mr. Sinnott acknowledging the furs, saying they will be thoroughly tested

and promising him the first hat made from them. If the Oregon Jack rabbit fur proves suitable for hat manufacture, Mr. Sinnott is prepared to put the manufacturer in touch with various of his constituents who will find a market for a product they have heretofore regarded as worthless.

BLANDING OFF TO WAR

Former Bend Boy Enlists With Canadian Expeditionary Forces.

Word has come from G. P. Putnam in Salem that Donald Blanding, formerly of Bend, has joined the British forces in Canada and shortly will be on his way to the war in Europe. Blanding recently enlisted with the American Legion of the Canadian Expeditionary force, and when last heard from was training near Toronto.

Blanding worked here in the First National Bank for a year prior to 1914, when he went to Chicago where he has since been studying art, with considerable success. In October, 1915, he visited the Putnams at Salem, and together with Mrs. Putnam's brother, Edwin Blaney, Jr., walked across the mountains to Bend. In his letters he says he expects to be transferred later to hospital service. He has arranged to do newspaper illustration work so far as military requirements will permit.

"GLEN" EYRE DIES

Succumbs to General Break Down—Had Stroke on Thursday.

Leonard C. Eyre, better known in Bend as "Glen" Eyre, died on Friday. Death resulted from general break down, the immediate cause being a stroke of paralysis suffered on Thursday. The funeral was held on

Tuesday from the Niswonger undertaking parlors, being conducted by W. N. Eyre, a brother, who is an elder in the Mormon church. Interment was made in Pilot Butte cemetery.

The deceased was the youngest son of John and Sarah A. Eyre, who are still living at the ages of 84 and 78 respectively, in Cowley, Wyoming. He was born in 1879 in Parowan, Iron county, Utah, being 37 years old at the time of his death. His wife, who was Miss Elsie McIntire, of Butte, Montana, survives, as well as his parents, five brothers and two sisters.

The American Bakery announces that it has begun to make ice cream and from now on will have it for sale at all times to hotels, restaurants and private families. adv

DUFFY IS PRAISED

Home Town Paper Speaks Well of Record Made.

(Crook County Journal.)

Judge T. E. J. Duffy, it will be remembered, was appointed a little less than a year ago, to the office which he now holds. His record here up to that time was one of hard work and efficient service, and there was little doubt at the time of the appointment that he would make good as a judge.

His record during the time that he has been in office has been even better than could reasonably be expected of a new man in the position. He has proven himself an able man, and has gained a reputation of being a hard worker, making his decisions after considering every phase possible. He is asking at this time, the support of his party which he will of course receive at the primaries. Later he will expect and receive the support of friends from all the parties.

FOUR REASONS GIVEN BY CLUB

(Continued from Page 1.)

work upon any reclamation system for said segregation.

"4. That the lands involved are semi-arid in character, but are available and useful as enlarged homestead, and a large portion of the same can be successfully farmed under the dry farming methods. That the extension of the contract on the segregation involved would only serve to deter settlement of the lands in question, and would only tend to hold back the development of this section of the country. That we believe that it would be for the best interest of State and Federal Government to refuse to extend the time for the reclamation of said lands.

"This statement, and the objections herein enumerated are submitted with a view of doing what is best in the premises and we trust that the Federal authorities will make full and complete examination before acting in the premises."

PREPAREDNESS

President Wilson is now wisely advising us to make preparations to Safeguard our Country.

-----How about preparedness nearer home. Have you secured a desirable lot in one of the best residence districts (Park or Boulevard Additions) for the nice home you intend to build this spring, or later? If not you should be prepared by buying one or more of these choice lots before the spring rush comes and advances prices. A small amount down and a few dollars a month pays for one of these lots. It's the ideal location for those employed at either one of the mills.

----These Lots range in price from \$75 up. Choice Lots, with nice trees, easy walking distance from Shevlin-Hixon Mill and Factories, \$125.00. Now is the time to get your lot. Come and see us about it.
