## INDIANS FAVOR ROAD

Strahorn's Desire to Have Reservation Opened Finds Response.

(The Oregonian.)

KLAMATH FALLS, Feb. 16.—(Special.)—Steady progress is being made in the preliminaries looking toward the opening of the Klamath Indian Reservation, as desired by Mr. Strahorn in connection with the new railway through Central Oregon.

President J. W. Siemens, of the Klamath Commercial Club, received word today from Superintendent William A. Frower, of the Klamath Reservation, that he had received a telegram from the Indian Department at Washington, directing him to make a formal request in writing to the department for leave to convene the Tribal Council to consider and act upon the matter.

The Indians are working with the whites to secure the opening of the Reservation.

**LEACH BUYS DESCHUTES HOTEL.** A. M. Leach, of Gardner, Oregon, last week purchased the Deschutes hotel at Deschutes, from L. A. Brandenburg. Mr. Leach took possession on Wednesday. Mr. Brandenburg has moved his family to Bend to reside.

**REMOVAL MADE DIFFICULT.** A decision which will make it difficult for any other Jefferson county town to remove the county seat from Culver has just been rendered by Attorney General Brown, according to reports in the Portland newspapers. According to Mr. Brown, three fifths of the electors of the last election must sign a petition for the removal of the county seat of Jefferson from Culver, in order to get the question on the ballot, and after the question goes on the ballot three fifths of the electors must vote for it to make the change.

**PARENTS VISIT SCHOOL.** The teachers of the Reid school yesterday received the parents of the school children. About 200 attended during the afternoon hours. A special program was prepared to celebrate Washington's birthday. Children were dressed in colonial costumes. After the program tea and water were served by the teachers to the guests.

**COUNTY'S SHARE \$146.47.** SALEM, Feb. 17.—State Treasurer Kay notified the counties of the state that the state forester had apportioned the expense to be borne by them in the enforcement of the forest fire laws and that it is now due. Under the law each county must pay one-third of the expense. The apportionment for Crook county was \$146.47.

**AND THIS FROM YOU.** (Crescent News.)

The reported shipment of a large quantity of "the stuff that cheers" to La Pine by parcel post, turned out to be nothing more than a box of soap and candles. However it caused a special inspector to be sent to La Pine to determine the difference between soap and whiskey; when as a matter of fact nearly every resident of Bend could tell if there was anything to drink around, even if it was in bottles at the post office.

Clean up and paint up. See Edwards.—Adv.

**COUNCIL MEETS TONIGHT.**

The council will meet tonight to consider an ordinance which will govern the sale of soft drinks. According to Mayor Eastes there is no city regulation to govern the soft drink places and the beverages they are permitted to sell. The city officers are going under the state laws in the matter of enforcement of the prohibition law. The proposed ordinance will probably provide for search and seizure.

## MOORE SAMPLES WATERS

Promoter Makes Shipment From Summer and Abert Lakes.

(Oregon Journal.)

SILVER LAKE, Feb. 17.—Jason C. Moore of New York, holder of the lease of Summer and Abert Lakes, arrived Tuesday and is overseeing the work of preparing a large shipment of the water from these two lakes to New York for analysis. This is being done for the benefit of the financial backers of Mr. Moore, who plans to commercialize treatment of the salts and chemicals in the lakes. Mr. Moore said he hopes to be

with the people soon in the development of these lakes, and that it will mean the spending of large sums of money in this community.

Mr. Moore came from the east to Reno, then to Lakeview over the N. C. & O., and thence overland by team to the lakes. He will return to New York upon the completion of the water shipment.

INSTITUTE WELL ATTENDED.

(By A. E. LOVETT.)

Notwithstanding the disappointment of two meetings scheduled in the county because of the trains not reaching this section at that time, seven very interesting institute meetings were held with a total attendance of 525 persons. One day institutes were held in each community with Prof. J. E. Larsen and Miss Anna Turley assisting Agriculturist Lovett. Meetings were held at Lower Bridge, Cloverdale, Tumalo, Powell Butte, and Grange Hall, Terrebonne and Redmond. The principle subjects discussed were potato culture and diseases, alfalfa culture, the use of the fireless cooker and home canning. Plans are already under way for holding one to three day meetings in communities desiring them in the late fall or early winter.

C. S. Hudson—"To me it seems on this election depends the question as to whether Bend shall continue to be a good small town, or a good big town and the jobbing center and metropolis of Central Oregon. I shall vote yes."
