At the Movies

Good pictures will draw good crowds. That is the opinion of the local theatre managers this week, who say that they are now enjoying capacity houses at almost every show.

This is paramount picture week. The Grand Theatre shows Valokk Suratt in the "Immigrant," on Sunday evening. Little is known here of Miss Suratt, but the play deals much like Israel Zangwill's "The Quaker Girl." This play has been represented to be strong. This feature will be shown Sunday night. Tonight and tomorrow night Macklyn Arbuckle will appear in "The Reform Candidate." This picture shows the typical boss operations in a large city and has some rich humor. On Friday and Saturday William H. Crane comes to "David Harum." This play has been one of the many to give the Paramount Pictures the standing they have gained. Mr. Crane is one of the best known actors of the legitimate stage, and his impersonation of David Harum is excellent. This film will probably be the best of the week.

Dream Theatre. Manager Budow has not completed his program for the week, but he has one offering that should attract a capacity house on Sunday. Dorothy Donnelly will appear in Alexander Hissin's famous book, Madam X. This photo play has been shown upon the screen for several years. In many places it has been a repeater. It has drawn big houses on every occasion. Madam X is intensely dramatic. Dorothy Donnelly as Madam X is a striking character.

Tenight Valli Valli will appear in the Turnoff. Valli Valli has appeared at the Dream Theatre several times and will probably score a big hit in the Turnoff.

MELLOW-SWEET IS TASTE OF "SPEAR HEAD"

Most Richly-Flavored Chew That Was Ever Pressed Into Plugs

FAVORITE FOR A GENERATION

Red-blooded men with real tobaccounger find that they can satisfy it only by chewing, and the most wholesome and satisfying tobacco to chew is that made in plug form.

The limit of luxury in tobacco chewing is the rich, sweet, juicy flavor that trickles through your system when you chew Spear Head.

No other chewing tobacco is so mellow, so luscious and so satisfying. No other equals Spear Head for putting a keen edge on your appetite.

Spear Head is made of the world's best tobacco leaf—the choicest of red Kentucky Burley. This leaf is selected for its full, juicy richness with the most painstaking care, is stemmed by hand, is pressed into Spear Head plugs so slowly that not a drop of the rich, natural juice escapes.

Your first chew of Spear Head will open your eyes to the genuine enjoyment there is in chewing.

Chew the rich and mellow tobacco that has been the favorite for a third of a century—that's Spear Head. In 10c cuts, wrapped in wax paper.
