At the Movies

Dream Theatre.

wide comment from the press and is considered to be Pathé's greatest film achievement. Patty Ashcroft will be shown on Friday evening. On Saturday evening, May Allison will be featured in a five reel southern drama entitled, "The End of the Road." This film is a typical southern production with plenty of color.

"Via Wireless" has proven to be one of the biggest spectacular plays shown on the film, and is considered to be more sensational than the "Inferno." The story is interspersed with plenty of action of the most daring character.

Bend Theatre.

Charlie Chaplin and Geraldine Farrar will be headliners at the Bend Theatre this week. Chaplin comes in "Police" on Friday and Saturday. This film is considered by reliable moving picture critics to be the funniest film that Chaplin has appeared in, not barring "Tillie's Punctured Romance" or "Carmen." Chaplin says, "It's a Scram!" This is a Hood-lum feature. "Police" was released for the screen on May 27.

In this play she is herself in the role of an opera singer. The play is intensely interesting. Life behind the scenes of a great opera company and true incidents are depicted. Tonight and tomorrow night "The Old Homestead," a wholesome and genuine form drama will be shown. All those who enjoy good drama with good humor will not go amiss by seeing this play.

"SPEAR HEAD"
AN OLD TIME
FAVORITE

The Most Popular Chew for a
Third of a Century

PURE, RICH, FRUITY-SWEET

The man who chews gets by far the most wholesome enjoyment and satisfaction out of tobacco, especially if he chews plug tobacco. The rich juices of the leaf are retained in good plugs better than in any other form.

For more than a generation Spear Head has held first place as the favorite high-grade plug chewing tobacco.

This unique distinction is due solely to the wonderful quality and flavor of Spear Head—the richest, mellowest, tastiest chew in the whole world.

Spear Head is the choicest of all red Burley, hand-stemmed and made into mellow-sweet plugs in a perfectly clean, most sanitary factory.

You can't chew the flavor out of Spear Head, because it's a part of the tobacco. That rich, ripe, red Burley taste keeps on pleasing you as long as you keep on chewing.

Chew Spear Head and you'll be chewing the purist and most satisfying tobacco that it's possible to make. In 10c cuts, wrapped in wax paper.
