## WHY THE BEST OF CHEWS IS "SPEAR HEAD"

Its Rich, Sweet, Mellow Flavor Has Been Famous for a Generation

### MADE OF CHOICEST RED BURLEY

The secret of tobacco satisfaction is known only to the man who chews plug tobacco. The reason is that a good chew gets right next to your taste, while the leaf in plug tobacco is in a state of fresh, juicy richness that is not possible in any other form of tobacco.

There's no tobacco in the world that can give you the hearty, wholesome flavor that you get from a delicious chew of Spear Head.

Spear Head is made exclusively of ripe, red Kentucky Burley—the most richly-flavored chewing tobacco that grows. Still more, only the very choicest red Burley leaf is used for Spear Head.

This choice leaf is selected with the most painstaking care, is stemmed by hand, is thoroughly washed free of all foreign matter, and is pressed into Spear Head plugs so slowly that not a drop of juice or an atom of the natural flavor escapes.

Try Spear Head, and you'll get a sweet, mellow, luscious, satisfying chew that cannot be obtained in any other tobacco. In 10c cuts, wrapped in wax paper.

## SUMMER ESTATES AND FISHING AND HUNTING RETREATS

MR. BUSINESS MAN!

BEND, OREGON.

You have often asked yourself if it is possible to find a spot near home, where it is so beautiful that a man can go to spend a day, a week end, or a whole vacation, and completely forget the worries of his business, his debtors and creditors, forgive his enemies and get back into tune with the whole world and nature at its best.

THERE IS SUCH A PLACE: At least I have found it so!!!

TAKE THE BEST ROAD OUT OF BEND, go northwest about forty miles to the point where you find a beautiful valley that looks like green velvet, snuggling closely to the foot of Mt. Jefferson, with countless cool and sparkling springs nestling in its bosom, and the fish-laden Metollus River winding to and fro through its entire length. THERE you will find METOLO: the Fisherman's Paradise—the Hunter's Delight—the Sportsman's Home—the Pleasure Seeker's Mecca—and the Ideal Retreat for the tired Business Man to recuperate his strength and revitalize his energy.

METOLO is strictly a pleasure resort; NOT a townsite or business proposition. Every tract and estate reserved from business uses forever. Each tract almost as large as an ordinary city block, yet only costing from \$75 to \$125 each. Think of it!—a summer home site for about a hundred dollars, and nearly every one with water frontage, that can be purchased on any terms desired.

Build your cabin or lodge out of native materials to be found right on the place, and you have no preparations to make when you want an outing. A hospitable farmer close at hand provides all the eats and comforts for you.

Over one half these tracts are already spoken for or taken! See any real estate man in Bend for selections promptly.
