Houton, Chico, California.

## At the Movies

### Bend Theatre.

The fallacy of the saying that a man must sow his "wild oats" is vividly and powerfully portrayed in the striking picture "Damaged Goods" to be shown tonight only at the Bend Theatre. This film ranks among the greatest and most valuable contributions to the screen that has ever been produced, because it deals fairly and squarely with one of the world's most vital problems—the sex evil. The story does not stop with the sowing, but carries the action to the harvest. Ministers of the Gospel, physicians, famous sociologists the country over have praised the picture in glowing terms. The picture is free from anything that is risqué or racy. It handles the problem in a most delicate manner without destroying the punch that its author intended that it should have. In the larger cities of the northwest where it has been shown, "Damaged Goods" has drawn capacity houses in every particular. The picture is one that every youth or grownup should witness. Children under 16 years

old will not be admitted without being accompanied by their parents.

"The Girl and the Game" series, the third installment of which will be shown on Friday and Saturday, is proving a winner for the management of the Bend Theatre. The play is live, has many surprises for the

CHARLIE CHAPLIN.

lover of railroad drama. Mary Pickford, who will be seen

In "Fanchon, the Cricket," at the Bend Theatre tomorrow evening is now in a class by herself, having formed an exclusive company. The fame of Pickford is stretching more widely all over the country.

Charlie Chaplin, will roll up again on the screen at the Bend in "work." Most all the pictures in which the \$175,000 per year movie freak appears appear to be a combination of work and fun, but to see Chaplin exclusively in work ought to be a drawer for his followers on Saturday night.

Managers Catlow & Doonar have advance bookings on a number of the biggest photoplays on the market in addition to their regular Paramount program. "Trail of the Lonesome Pine," Clara Kimball Young's "Camille" and by special arrangement the new De Luxe edition of "The Spoilers," by Rex Beach will be shown in the near future.

### HATCHERY ATTRACTS.

The young trout now being cared for in the ponds at the local hatchery and the eggs being hatched are attracting considerable attention from visitors who make their way to the hatchery. The work is in charge of Pearl Lynes.

### INSTITUTE DATES SET.

The Crook county teachers institute this year will be held on December 18, 19 and 20. The dates were selected at a meeting of the county school superintendents recently held at Salem.

## MELLOW-SWEET IS TASTE OF "SPEAR HEAD"

Most Richly-Flavored Chew That Was Ever Pressed Into Plugs

FAVORITE FOR A GENERATION

Red-blooded men with real tobacco hunger find that they can satisfy it only by chewing, and the most wholesome and satisfying tobacco to chew is that made in plug form.

The limit of luxury in tobacco chewing is the rich, sweet, juicy flavor that trickles through your system when you chew Spear Head.

No other chewing tobacco is so mellow, so luscious and so satisfying. No other equals Spear Head for putting a keen edge on your appetite.

Spear Head is made of the world's best tobacco leaf—the choicest of red Kentucky Burley. This leaf is selected for its full, juicy richness with the most painstaking care, is stemmed by hand, is pressed into Spear Head plugs so slowly that not a drop of the rich, natural juice escapes.

Your first chew of Spear Head will open your eyes to the genuine enjoyment there is in chewing.

Chew the rich and mellow tobacco that has been the favorite for a third of a century—that's Spear Head. In 10c cuts, wrapped in wax paper.

SUMMER ESTATES AND FISHING AND HUNTING RETREATS

MR. BUSINESS MAN: BEND, OREGON.

You have often asked yourself if it is possible to find a spot near home, where it is so beautiful that a man can go to spend a day, a week end, or a whole vacation, and completely forget the worries of his business, his debtors and creditors, forgive his enemies and get back into tune with the whole world and nature at its best.

THERE IS SUCH A PLACE: At least I have found it so!!!

TAKE THE BEST ROAD OUT OF BEND, go northwest about forty miles to the point where you find a beautiful valley that looks like green velvet, snuggling closely to the foot of Mt. Jefferson, with countless cool and sparkling springs nestling in its bosom, and the fish-laden Metollan River winding to and fro through its entire length. THERE you will find METOLO: the Fisherman's Paradise—the Hunter's Delight—the Sportsman's Home—the Pleasure Seeker's Mecca—and the Ideal Retreat for the tired Business Man to recuperate his strength and revitalize his energy.

METOLO is strictly a pleasure resort; NOT a townsite or business proposition. Every tract and estate reserved from business uses forever. Each tract almost as large as an ordinary city block, yet only costing from \$75 to \$125 each. Think of it!—a summer home site for about a hundred dollars, and nearly every one with water frontage, that can be purchased on any terms desired.

Build your cabin or lodge out of native materials to be found right on the place, and you have no preparations to make when you want an outing. A hospitable farmer close at hand provides all the eats and comforts for you.

Over one half these tracts are already spoken for or taken! See any real estate man in Bend for selections promptly.

J. B. MINER.
