SUMMER ESTATES AND FISHING AND HUNTING RETREATS

MR. BUSINESS MAN: BEND, OREGON.

You have often asked yourself if it is possible to find a spot near home, where it is so beautiful that a man can go to spend a day, a week end, or a whole vacation, and completely forget the worries of his business, his debtors and creditors, forgive his enemies and get back into tune with the whole world and nature at its best.

THERE IS SUCH A PLACE: At least I have found it so!!!

TAKE THE BEST ROAD OUT OF BEND, go northwest about forty miles to the point where you find a beautiful valley that looks like green velvet, snuggling closely to the foot of Mt. Jefferson, with countless cool and sparkling springs nestling in it's bosom, and the fish-laden Metolus River winding to and fro through it's entire length. THERE you will find **METOLO**: the Fisherman's Paradise—the Hunter's Delight—the Sportsman's Home—the Pleasure Seeker's Mecca—and the Ideal Retreat for the tired Business Man to recuperate his strength and revitalize his energy.

**METOLO** is strictly a pleasure resort; NOT a townsite or business proposition. Every tract and estate reserved from business uses forever. Each tract almost as large as an ordinary city block, yet only costing from \$75 to \$125 each. Think of it!—a summer home site for about a hundred dollars, and nearly every one with water frontage, that can be purchased on any terms desired.

Build your cabin or lodge out of native materials to be found right on the place, and you have no preparations to make when you want an outing. A hospitable farmer close at hand provides all the eats and comforts for you.

Over one half these tracts are already spoken for or taken! See any real estate man in Bend for selections promptly.
