

Shearings

Hay Does Well.

Report has reached this office to the effect that the field of rye on the Matlock place east of Fort Rock will make two tons of hay per acre. Show us the fellow who said the country has gone to the eternal bow wows.—Fort Rock Times.

Farmers are Smiling.

From all parts of the county come reports of good crops in hay and grain and great activity prevails upon the ranches now in harvesting them. What was lost by the late spring has been more than made up by the abundant rains later in the season and the farmers are now wearing the "smile that won't come off" for very tangible reasons.—Silver Lake Leader.

Pleased With Work.

About the only phase of the railroad question touched upon at this time was the progress made upon the right of way. In this connection Mr. Strahorn met with the right of way committee of the Paisley Commercial Club and heard their report upon progress made. He seemed well pleased with their work to date and so expressed himself. He strongly recommended giving longer time to those who are holding back in signing deeds as he believes that in time they will get some small matters adjusted which will satisfy a large number of these and therefore accomplish more in the end and do it without a contest.—Chewaucan Press.

Road Work Resumed.

Work on the new road to Newberry Crater, which was suspended last week pending a completion of the survey work, was resumed Monday. The crew is now stationed at East lake.—La Pine Inter-Mountain.

Road Nearing Completion.

The new grade on the Grandview road is nearly completed and will soon be open for travel. This road is now traveled nearly as much as any in the county. Dozens of autos go over the road daily to and from Grandview and Geneva, over the mountains and to the ideal camping places along the Metolius and at the lakes.—Deschutes Valley Tribune.

Prineville Has Park.

A variety of important matters was disposed of at the regular meeting of the city council last Tuesday night. The park commission reported their work to date, and were granted a regular allowance by the council for the continuation of the work which has been so ably started under the present arrangement. The cost of the work which has transformed the park from a disgraceful sight to a beautiful start for a park, has been very small indeed. Plans have been worked out by the commission for beautifying the grounds in such a manner that they will be without a peer in any city and the success of this venture will rest in the continuance of the commission for a considerable period.—Crook County Journal.

Doc Cline and His Mine.

Dr. Cline was up into the Chinabarbelt far up the Ochoco on Sunday, where he has mines of probable fabulous wealth. Mines in the vicinity have been retorting the pure stuff in large quantities with the crudest of appliances. His company is having development work done and the prospects are excellent. The mineral belt there is extensive and only work appears necessary to create producing and remunerative properties.—Redmond Spokesman.

Many are Camping.

People will soon have to look further for the wilds of nature, there being now about 100 people in camp between the head of the river and Allen's ranch.—Jefferson County Record.

Down on Anti-Irrigationists.
The Anti-Irrigationists, after having a fair and full opportunity to test the validity of the organization of the North Unit Irrigation District, are not satisfied, and by filing a new suit of placing upon the taxpayers of district a new and additional burden. This is entirely unnecessary, as all matters could and should have been decided in the first suit. No fairer or more impartial trial could be expected than the one already had, and why any set of reasonable men should desire to burden themselves and the taxpayers of the district with a multiplicity of suits is beyond our comprehension.—Madras Pioneer.

Assessment Books to Close.
County Assessor Lee is giving notice that the assessment books will soon close. If you do not want the sheriff to assess you it would be well to make a list of your property including improvements on your homestead and send it to the assessor at once and request that your name be placed on the rolls.—Crescent News.

Engineers in Burns.

The Strahorn engineers were surveying Main street, in Burns Monday and Tuesday and proceeded south through the Voetgig and the old Levens field. The reporter of the Tribune could not get any definite

information from the engineers, but it is generally thought that they have made an excellent showing for a grade down Sage Hen that will be acceptable to Mr. Strahorn, and that the president of the Oregon, California & Eastern will be in a position to make a definite proposal to Burns which will give us a railroad before the first of the year.—Harney County Tribune.

MARTIN WILL MEET STEMM OF SAN FRANCISCO, MONDAY

Fast Match Expected as Both Men Have Good Records—Preliminaries Will Start at 8:30 O'Clock.

Max Martin, of Bend, will endeavor to annex further wrestling honors on August 14 when he will go to the mat with Rosco Stemm, of San Francisco. Stemm is considered to be among the best wrestlers in the Golden Gate city and will have a 23 pound handicap in weight over Martin. Stemm has been training in Bend for several weeks and is in fine condition. The match will be catch as catch can, two best falls out of three.

Several fast preliminaries are scheduled for the evening. Fred Gilbert, 145 pounds, will box George Carroll, 145 pounds, in a six round go and "Spec" Woods will meet John Montgomery in a six round match. Several fast wrestling preliminaries will also be held. Special music is being planned by the Shevlin-Hixon quartet and the band will be on hand. The admission charge will be \$1. Preliminaries will start at 8:30 o'clock.

THE GOOD JUDGE FINDS MOST MEN KNOW WHY THEY USE W-B CUT TOBACCO

YOU can't hide the truth—that's why men who use W-B CUT Chewing know what quality tobacco is. A small chew of the real tobacco tucked away in the cheek gives men the tobacco satisfaction they want. A gentleman's chew—it cuts down grinding and spitting and there's no unwieldy wad to roll around in your mouth or to plug out the cheek. Give W-B CUT Chewing the quality test and learn what tobacco satisfaction is. Made by WEYMAN-BRUTON COMPANY, 50 Union Square, New York City
