WEDNESDAY, AUG. 9, 1916.

COUNTY DIVISION.

Now that satisfactory lines have been agreed upon and assurances given as to the east side vote we believe that county division is the proper action to be taken to obtain a county seat on the west side of the county. A large majority favored this action two years ago, and although there are some few irreconcilables who feel that Prineville should be humbled by the removal of the county seat, we believe that the majority is still favorable to division. The removal petition was brought seriously but the reason for its being was taken away when division was offered.

As was the case two years ago Redmond seems to be preparing to fight the division move. Prominent Redmond men pledged their support to division a few weeks ago and then allied themselves with a Prineville minority in an effort to defeat it.

They wanted to get on the band wagon but were uncertain which wagon was going to carry the band and as a result are now some distance behind the music. There is still room and a place for them and in the interest of harmony, which Bend has sought from the first, we hope they will hasten along and get aboard.

To develop the Redmond attitude we ask the Redmond Spokesman to reply to the following questions:

(1) Did not Redmond seek to divide Crook county six years ago? (2) If Powell Butte was included in the proposed new county would not Redmond be in favor of division? (3) What was Redmond's actual objection to division two years ago? (As the present editor of the Spokesman was not here here at that time we refer him for answer to the present mayor of the city who took a prominent part in the campaign.) (4) Was the Spokesman in favor of division on the lines proposed by the Redmond and the Prineville committees on July 27?

THE ELECTION.

Certainty that the two charter amendments will carry at next Tuesday's election should not deter any voter from casting his or her ballot. Every possible vote in the city should be brought out and everyone should be in favor of the amendments. That which permits bonding for street improvements imposes no liability on the city. It merely makes bonding of certain districts possible if the voters in those districts desire it, and should be passed to give the power for use when necessary. It is a preparedness measure entirely.

The bond issue for the Strahorn terminals has been voted once and undoubtedly will be voted again. A few votes were cast against it before. This time there should be none. And the vote for it should be large, as an expression of confidence in Mr. Strahorn. Portland wholesalers purchased in Bend after the last vote. They will begin construction when the railroad is under way. Let us do all in our power to get it under way as soon as possible.

A favorable vote should be cast as well for the proposition to extend the city boundaries. No one lives in the proposed addition to the city who does not feel that he is a resident of Bend. Bend is his town and is the means of his living. Let him, then, vote to be a part of the city in fact as well as in name and see me his share of the responsibilities of the city.

To paraphrase a question recently asked in Portland, "What has Bend to be proud of because YOU are living here?" Presumably you are doing your best for yourself. At the same time are you giving something of yourself to the town, for its betterment, its improvement and growth? If you are making a living here do you not owe something to the town which makes your success possible? Give it and be a better citizen in a better town. Then Bend will be proud of you.

The mobilization of the national guard has resulted in producing a series of enforced Plattsburgh encampments which should furnish many trained men for officers when they are needed.

"Have seen nothing yet that Central Oregon cannot have with the same amount of labor," writes a Bend man on his way east for a visit. That is the spirit that wins. Bend is lucky in having citizens who are ready to give the necessary labor to produce the result.

Hotter in Washington than ever before. Hughes has started on his speechmaking tour.

Vote "Yes" on all three measures next Tuesday.

How about that downtown telegraph office?

Some mills, aren't they?

Welcome.

WOULD BEGIN WORK HERE

Strahorn at Paisley, According to Press, Says Greatest Good Would Be Served.

That Robert E. Strahorn hopes to begin construction of the Oregon, California & Eastern from Bend is apparent from reports coming from Paisley following Mr. Strahorn's recent visit here. According to the Chewaucan Press, Mr. Strahorn in speaking of where construction might be expected to commence said that both Klamath Falls and Burns were anxious to have the road start from there but he said that, personally, he felt as do the majority of the people of this vicinity, that the greatest good can be accomplished in the least time by starting work from Bend. This will give Central Oregon its much needed outlet to the north quicker than it can be secured in any other way. It is therefore almost certain that construction will begin at Bend and that the Central Oregon route to Lakeview will be constructed first.

"His whole conversation was so filled with optimism that it was quite plain Mr. Strahorn has no doubt but that the road will be built."

MEN WANTED.

We need several more good men. Wages \$3 per day. Board \$5.25 a week. Bend Brick & Lumber Company—Adv.

Want Ads only ONE CENT a word.

SCHOOL FUND APPORTIONED.

(Spokesman.) The annual apportionment of the interest collected from the irreducible school fund during the last year was made Tuesday morning by State Treasurer Kay, the sum of \$369,482.36 being sent to county treasurers. This is \$9,417.94 more than the apportionment made in 1915. Census returns show that there are 208,748 children of school age in the state at this time, an increase of 2996 over the returns made in 1915. The apportionment this time is \$1.75 per capita, an increase of two cents per capita over that of a year ago.

**RAID MADE ON ROYAL CAFE;
GAMBLING THOUGHT GOING ON**

George Dalton Held on Two Charges
Bound Over to Grand Jury—
Perjury is Alleged.

Acting upon the belief that wholesale drinking, gambling and bootlegging has been carried on in the Royal Cafe on Bond street, officers Nixon and Kulp arrested George Dalton, proprietor, at about midnight on Friday and lodged him in the city jail charged with gambling. According to the officers the place has been watched for some time with the thought that infractions of the law were occurring. Late on Friday evening they entered the place by breaking in the door. They found a number of men gathered about a table, and evidences were that they had been playing cards. No outward evidence, however, of gambling was there. In the search of the place one bottle of alcohol was found on the floor.

On Monday afternoon Dalton was brought before City Recorder H. C. Ellis, charged with gambling. The case, after testimony of several witnesses was taken, was taken under advisement, and no decision has yet been given.

Charged with perjury, Dalton was brought before Judge J. A. Eastes yesterday afternoon, and was bound over to the grand jury at the fall term of the circuit court. The specific charge which Dalton faces is that of swearing falsely to an affidavit for the purchase of a quantity of alcohol, which he intended to use for bathing purposes. It was the contention of the state that Dalton used the alcohol in question as a beverage.

In Monday's case H. H. De Armond appeared for the city, and C. W. Erskine for the state. Mr. Erskine also appeared for the state in yesterday's case and J. A. Moore for the defendant.

Dalton will be taken to Prineville some time this week to await trial.

WILL IMPROVE STOCK.

A registered Holstein bull, 10 months of age, was received Friday morning by Phillip Burt, who has a ranch six miles out on the Bear Creek road. Mr. Burt will use him to improve the blood of his dairy herd. The bull is of good stock, his sire's dam having a butter record of 30 pounds in seven days and his dam of 600 pounds in 10 months.

HARMONY MEETING LOST.

(Crook County Journal.) There has been lost to Crook county, we hope only temporarily, however, one perfectly good harmony meeting. Redmond had the first one, Prineville followed a month later by a banquet which made up in numerical attendance what it lacked in harmony. Under the conditions it might be more appropriate to hold this third meeting in October but we leave the date entirely with Bend.

ACCIDENT COMMISSIONER VISITS

Commission Harvey Beckwith, of the State Industrial Accident Commission, spent two days in Bend last week, on work of the commission, visiting the saw mills and inspecting the local hospital where patients are being cared for by arrangement with the commission. Mr. Beckwith was full of praise for the two mill companies for the many safe guards they had installed for their employees.

Now's the Time
for Some Unusual Values
in Clothes

YOU KNOW that the clothes we sell are always good value; and, of course, you understand that the price of anything you buy is high or low according to the quality of the goods.

Our policy has always been to give big value at every price and that's particularly true of

Hart Schaffner & Marx Clothes

Just drop in now and see what you can do with \$15; or with \$18; or with \$20 and \$25. You'll see the bigger value at a glance.

New goods arriving every day. Florsheim Shoes and Dutchess Trousers, a specialty. 10c a button, \$1.00 a rip.

MARTIN & SAYE

TO ELECT NEW CLERK.
A special election will be held tomorrow for the purpose of electing a clerk for school district 12 to succeed D. M. Davis, who has resigned. The election will be held at the Reid school at 11 o'clock. The district will also hold a special election on August 25 to vote on the question of issuing \$25,000 worth of bonds for the purpose of building a new school building. If the bonds are voted they will be sold on the following Monday.

Anecdotes of Richter.
Mme. X. was singing at a rehearsal and was decidedly out of tune. Dr. Richter stood it as long as he could, then turned to her. "Madame," he said, "will you kindly give the orchestra your A?"

At another rehearsal one of the instrumentalists made a mistake. "No," said Dr. Richter, "it goes so (humming)—rum-tum-tarum!" The same player made another mistake. "No, no—rum-tum-tarum!" At the third mistake Dr. Richter momentarily lost patience and cried, "Why do you make so many mistakes, Mr. —?" Then quickly recovering his habitual good humor, "Ah, I know why it is—you like to hear me sing!"—Manchester Guardian.

Why He Was on Time.
Beranger was one day complimented by a lady on the punctuality with which he kept his engagements. "It is a pleasure," said she, "to invite you to dinner, for you never make us wait." "I am no longer young, madam," replied the poet, "and experience has taught me one thing—it is dangerous not to arrive at the precise hour, for the guests who are waiting for you will pass the time in discussing your faults."

A Rising Concern.
"So you've invested your money in a new airship company?"

"Yes. If our airship goes up the stock will go up."

"But suppose it doesn't?"

"Then the company will go up."—Boston Transcript.

What Portland Cement Is.
Portland cement is defined by the Scientific American as a product made by burning limestone and clay, mixed in certain proportions, and grinding the resulting clinker to powder.
