

### BILLY MASCOTT WINS FROM TURKEY WITH A KNOCK OUT

Portland Lad Too Fast Company For Tacoma Bantam—Other Contests Are Wanted.

Billy Mascott, the fast and clever bantam weight of Portland, won from Young Turkey, of Tacoma, in a scheduled 10 round boxing contest in the Hippodrome on Monday night in the middle of the third round with a knock out. A right swing to the left jaw and a right swing to the left jaw counted Turkey out.

From the beginning Mascott took the aggressive, repeatedly hanging stiff lefts on the Tacoma lad. Turkey was clearly outclassed from the start, and at no time did he give the fast Portland lad any serious trouble.

So impressed were some of the Prineville fans, who attended, that immediately after the go they rushed to Mascott's dressing room and tried to sign up for a go with Muff Bronson to be staged in Prineville during the Crook County Fair. Bobby Evans, Mascott's manager, has made the Prineville crowd an offer and it is expected that they will accept. Bend fans are also enthusiastic about Monday night's performance, although Turkey was somewhat of a disappointment, and efforts will be made to stage a 10 round go between Mascott and Gorman for next month.

In the preliminaries Whinning and Bennett, local featherweights went to a draw in a four round go. White won from Kid Jeff in a four round bout. Bosco created much mirth for the fans in his match with Speck Woods in a four round contest, which was decided a draw.

#### CANTINE CHILDREN GO HOME.

Charles and Thomas Cantine, the young sons of Deputy State Engineer Cantine of Portland, who have been with their parents at the road camp south of Bend for the past few weeks were brought to town Thursday afternoon by Dr. Ferrell and taken to Portland on the night train. They have both been suffering from the complaint which has attacked so many children in this vicinity in the last few weeks and it was thought that the altitude added to the difficulty, making it desirable that they be taken home for treatment.

#### WOMEN'S CLUB MEETS.

At the regular monthly meeting of the Women's Auxiliary of the Bend Commercial Club, held on Thursday afternoon at the Commercial Club room, the question was discussed of having the two cross roads in the cemetery closed. It was reported that the street signs, which the club is furnishing the city, were nearly done. Meetings of the club will be held hereafter on Saturday instead of Thursday because of the conflict with school sessions on the latter day.

**CROPS ARE GOOD.**  
There is not a single cultivated acre in the La Pine country that will not bring in at least \$30 this year, according to W. G. Fordham, who was in town yesterday. The crops are unusually good and farmers are happy. Mr. Fordham says that La Pine is even stronger for division this year than it was two years ago when only two or three votes were cast against the proposition.

**FISH READY TO PLANT.**  
The young trout that have been fed at the Bend hatchery this summer are now ready for planting according to Game Warden McKay. He is now receiving applications for the fish in order that allotments may be made and asks that all who wish trout to distribute communicate with him at once.

### Tag You're It Is The Latest Bend Auto Sport

There is a certain elongated gentleman in town whose first three initials spell LAW. His official title spells cop, and it is the duty of this Scotch-Irishman to see to it that the law is enforced within the limits of this city. It is for that that the city doles out an allowance to him the first Tuesday of every month.

LAW has a new game—Tag, you're it. He plays this game with automobiles with negligent drivers; drivers who forgot to attend to the lighting of tail lamps after the shades of night have fallen, or who fail to calculate with a fair degree of accuracy a 25 degree angle with a curb, or who, through some inadvertence, leave their motors running longer than 600 seconds without an attendant, and many other breaches of automobile decorum.

During the last seven days, 16 men, too busy to think about these details of their daily routine have been tagged by LAW and have been advised by LAW with a small, inoffensive tag attached to some conspicuous place on their Fords and others to report to City Recorder Ellis at a certain hour on a certain date.

Now LAW is not particularly abusive, nor is the city recorder. They are delegated with certain powers and paid for the performance of certain specified duties. LAW is very explicit as to the cause of the tagging, and the city recorder is just as lenient as he dares to be to the first offender.
