

SERVICE WARNS ALL SPORTSMEN

URGES EXTREME CARE IN FORESTS

Wishes to Prevent Accidents to Property and Human Life—National Forests Best Hunting Grounds in Country—Encourage Use.

Emphasizing the destruction of property and human life caused by careless hunters, a warning issued by the Forest Service urges all sportsmen on the National Forests to use the greatest possible care to prevent forest fires and to avoid such accidents as caused the death of Forest Ranger Clark on the Cabinet National Forest in Montana last year.

Mr. Clark was mistaken for a bear by a careless hunter, who fired without waiting to be sure what he was shooting at. To show that such accidents are not uncommon, the warning quotes an estimate of the Biological Survey that between 150 and 200 persons are annually killed in hunting accidents in this country and that this number is increasing. Furthermore, it is stated, 15 per cent of all the forest fires in the National Forests are caused by careless hunters and other campers.

The National Forests, it is pointed out, contain the best hunting grounds in the country. The number of game animals is increasing on account of the protection from forest fires and illegal killing which is afforded by Forest officers. On many of the forests, deer, elk, mountain sheep and other species are fairly plentiful, while small game is usually abundant. Bear, mountain lion and other predatory animals are found on most of the Forests and the killing of these meat eaters is encouraged because they prey on domestic stock and the herbivorous game animals.

The value of the Forests for hunting grounds depends largely upon whether they are protected from fire. Forest fires destroy the range and breeding places of the game and often kill large numbers of the animals themselves, while a great many more are driven out of the country by the flames. Furthermore, streams flowing through burned-over areas are subject to such extreme variations of flow and are often so choked up with deposits of sediment that fish cannot live in them.

Each year sees an increase in the number of persons who visit the National Forests for hunting and other recreation purposes. Every effort is made to encourage the use of the Forests. The best indication of a man's fitness to be in the woods, the warning points out, is the care which he shows in handling fire arms and fire. None but the most inexperienced tenderfoot will shoot without getting a plain view of his game, while the man who lets his campfire escape or who carelessly drops a lighted match or hot tobacco ashes betrays at once his ignorance of the fundamental principles of woodcraft.

Hay Fever, Asthma and Bronchitis. Every sufferer should know that Foley's Honey and Tar is a reliable remedy for coughs, colds, bronchitis, hay fever and asthma. It stops racking coughs; heals raw, inflamed membranes; loosens the phlegm and makes wheezy, difficult breathing. Sold Everywhere.—Adv.

FOREST SERVICE SURVEYS LOTS ON METOLIUS RIVER

Home Sites for Summer Residences are in Demand by Sherman County Families.

Forty-six lots, 80 feet by 150 feet, have been surveyed on the east side of the Metolius river between the Updike ranch and the Allingham ranger station by engineers from the district office of the Forest Service under the direction of W. G. Hastings of the Deschutes National Forest. Of these 46 lots 14 have already been spoken for by application of families residing in Sherman county.

The lots all command a picturesque view of the Metolius river and are ideally located in the timber. A roadway runs through the lots which gives those near the river an east and west frontage and the lots farther from the river a west frontage. The price of the lots to the applicants varies from \$5 to \$15 annually.

According to Mr. Hastings, applications for these lots will be received at his office.

He Was Worried and Hopeless. "For ten years I was bothered with kidney trouble," writes T. F. Hutchinson, Little Rock, Ark. "I was worried and had almost given up all hopes. I used five boxes of Foley Kidney Pills and am now a well man." Foley Kidney Pills drive out aches, pains, rheumatism and all kidney trouble symptoms. Sold Everywhere.—Adv.

PINE PRICES INCREASED.

(The Timberman.) At a largely attended meeting of the lumber manufacturers of the Inland Empire held at Spokane August 24, advances on several items were made, including: 4 inch No. 2 white pine, \$1.00, with a similar advance in western pine; 8 and 10 inch No. 3, Western pine boards, 50 cents; No. 4 white pine boards, 50 cents; white fir boards and several other items took advances of 25 cents to \$1. The general feeling was one of optimism and the general situation throughout the country, statistical position of stocks, cost of manufacture, warranted the increase, which became effective immediately.

ONE CENT A WORD is all a little Want Ad will cost you.

SURVEY IS BEGUN. The physical valuation of the railroads of the United States, provided for by act of Congress a few years, has touched Bend in its scope, a line man for the Oregon Trunk and a representative of the United States appraisers having been here recently to survey the company's telephone and telegraph systems. They spent only an hour here leaving on a gasoline speeder to carry on the work on the rest of the line.

TO COMPLETE TELEPHONE LINE

The gap in the telephone system of the Deschutes National Forest will be filled between Bend and Pine mountain with the construction of 10 miles of line between Millican and Pine mountain. At the present there is communication between Millican and Bend, Bend and Big River ranger station and Big River Ranger Station and Pine Mountain. The work on the line will begin just as soon as the more dangerous fire period is over.

No Need For Alarm. "She asked me what I thought of you." "Indeed!" "Yes, but don't get frightened. I didn't tell her."

Her Long Dream. Estelle—Ah! His proposal was just like a dream! Agnes—Well, you ought to know, dear. You've been dreaming of that proposal for years.

One bad example spoils a good many excellent precepts.

GOVERNMENT CROP REPORT

WASHINGTON, D. C., Sept. 8.—A summary of the September crop report for the State of Oregon and for the United States, as compiled by the Bureau of Crop Estimates (and transmitted through the Weather Bureau), U. S. Department of Agriculture, is as follows:

Winter Wheat.

State—Preliminary estimate 12,489,000 bushels; production last year (final estimate), 16,200,000 bu.

United States.—Preliminary estimate 457,709,000 bushels; production last year (final estimate), 655,045,000 bushels.

Spring Wheat.

State.—September 1 forecast, 4,560,000 bushels; production last year (final estimate), 3,825,000 bushels.

United States.—September 1 forecast, 156,000,000 bushels; production last year (final estimate), 356,460,000 bushels.

Oats.

State.—September 1 forecast, 15,000,000 bushels; production last year (final estimate), 16,060,000 bushels.

United States.—September 1 forecast, 1,220,000,000 bushels; production last year (final estimate) 1,540,362,000 bushels.

Barley.

State.—September 1 forecast, 4,600,000 bushels; production last year (final estimate), 4,680,000 bushels.

United States.—September 1 forecast, 184,000,000 bushels; production last year (final estimate), 237,009,000 bushels.

Potatoes.

State.—September 1 forecast, 7,020,000 bushels; production last year (final estimate), 5,520,000 bu.

United States.—September 1 forecast, 318,000,000 bushels; production last year (final estimate), 359,103,000 bushels.

Hay.

State.—Preliminary estimate, 1,970,000 tons; production last year, (final estimate), 1,870,000 tons.

United States.—Preliminary estimate, 86,200,000 tons; production last year (final estimate) 85,225,000 tons.

State.—September 1 forecast, 1,250,000 barrels; production last year (final estimate), 1,043,000 barrels.

Prince Albert gives smokers such delight, because

- its flavor is so different and so delightfully good;
- it can't bite your tongue;
- it can't parch your throat;
- you can smoke it as long and as hard as you like without any comeback but real tobacco happiness!

On the reverse side of every Prince Albert package you will read: "PROCESS PATENTED JULY 30th, 1907"

That means to you a lot of tobacco enjoyment. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

PRINCE ALBERT

the national joy smoke

YOU'LL find a cheery howdy-do on top no matter how much of a stranger you are in the neck of the woods you drop into. For Prince Albert is right there—at the first place you pass that sells tobacco! The tippy red bag sells for a nickel and the tippy red tin for a dime, than there's the hand-some pound and half-pound tin humidors and the round crystal-dish humidors with sponge-mustener top that keeps the tobacco in such bang-up trim all-the-time!

in goodness and in pipe satisfaction is all we or its enthusiastic friends ever claimed for it!

It answers every smoke desire you or any other man ever had! It is so cool and fragrant and appealing to your smokeappetite that you will get chummy with it in a mighty short time!

Will you invest 5c or 10c to prove out our say-so on the national joy smoke?

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

This is the reverse side of the Prince Albert tippy red tin. Read this "Patented Process" message to you and realize what it means in making Prince Albert so much to your liking.

United States.—September 1 forecast, 67,700,000 barrels; production last year (final estimate), 76,670,000 barrels.

Prices. The first price given below is the average on September 1 this year, and the second, the average on September 1 last year.

49. Hay \$9.80 and \$8.40 per ton. Eggs, 28 and 23 cents per dozen. United States.—Wheat 131 and 95.0 cents per bushel. Corn, 83.6 and 77.3 cents. Oats, 41.1 and 38.5 cents. Potatoes, 109 and 50.5 cents. Hay, \$10.40 and \$10.80 per ton. Eggs, 23.3 and 18.7 cents per dozen. Cotton, 14.6 and 8.5 cents per pound.
