

To Observe Fire Prevention Day

By HARVEY WELLS.

State Fire Insurance Commission. The anniversary of the Chicago conflagration in October 9th and nearly every state in the union will observe this as "Fire Prevention Day." The insurance department of Oregon wishes to urge the observance of this day and earnestly requests the municipal officers to call the attention of the citizens of their community to the need of fire prevention.

Fire prevention means good house-keeping; the cleaning out of attics, store rooms, closets and basements; the proper disposal of rubbish; repairing defective flues and chimneys; repairing gas fixtures and electric light cords; making heating plants and stoves safe; and proper storage of gasoline. Try fire prevention once and you will find it is to your interest. I am sure the cleaning up of places will mean sanitation as well as fire prevention.

And I appeal to every school district to hold appropriate exercises and fire drills. If any schools are interested probably this department can offer suggestions for the school program.

I trust that the insurance agents will cooperate with the fire departments and officers of the different municipalities in order that the many towns in this state may properly observe this day.

Telling Tariff Points

Let these telling points on tariff and protection in the speech by Charles Evans Hughes, the Republican candidate for President, delivered in the Salt Lake Tabernacle, be fixed permanently in your mind and memory during the remainder of the campaign:

We are desirous of having strong and sure the foundations of our national greatness in this pursuit of competition among the nations which is sure to follow the cessation of the present struggle.

I propose that the Republican party as the national party, according to the constitution of the United States, within the national sphere, shall proceed wherever it is practicable to build up and foster and encourage American enterprise and open the doors wide for honest American achievement.

Then came the Underwood tariff bill itself. What was the result? Enterprise halted and there was a contraction of trade throughout the land, and America, instead of going ahead, stopped. That is what happened. Three hundred thousand were unemployed in the city of New York. There was not a city in this land where the jobless man anxious and able to work did not walk the street. They were fed by our charitable organizations, which were taxed to the utmost limit to provide for those for whom American enterprise could no longer make provision. It was a sad spectacle. Americans have not forgotten it. It is not forgotten here or anywhere. It cannot be forgotten. It is too recent.

WINS CLEAR WHITE SKIN BY SIMPLE NEW METHOD

A girl whose face had been a mass of pimples and blotches for years gave her friends a delightful surprise by appearing before them with a complexion clear and white as new milk. The change was so marked that those who knew that for years the unfortunate girl had tried everything on the market wondered how she had accomplished the apparently impossible task. She hastened to explain that she had used a new preparation called Santsieptic Lotion which had been recommended by her

friends and that just one 50-cent bottle had performed the miraculous change in her appearance. Santsieptic is used for all kinds of skin troubles, including acne, eczema, moth spots, sallowness, discolorations, etc. It is invaluable for sunburn, windburn, freckles and other troubles due to exposure, banishing all soreness and leaving the skin white and softly smooth. Delightful after shaving. Santsieptic can be obtained at Reed and Horton's Drug Store.
