The Romans Dressed For Dinner.

A sartorial authority says that the custom of dressing for dinner began with the Romans. It was a simpler procedure then at present. A loose robe of fine material was donned for the evening meal, preferably at home, but in cases where guests came from a distance to the home of the host he kept a supply of dinner clothes on hand for the use of his guests who came unprovided.

See J. Ryan & Co., for farm land loans.—Adv
