

# PRINEVILLE TO CONTEST BEND

## COUNTY SEAT TO BE SCENE

Local Eleven Being Groomed for First Gridiron Engagement Next Sunday—Prospects Bright for Victory—Men All Work Hard

Coach Ketchum will embark next Sunday morning with a crew of 15 pigskin pushers for Prineville where in the afternoon of that day they will attempt to mould a reputation for Bend on the gridiron.

Bend's recent challenge to the Prineville eleven to meet the local gridironsters here could not be accepted and instead, Bend will journey to the county seat for a matinee engagement on the Prineville field.

Bend is an unknown quantity to itself so far this year. Although the team has been out for three weeks in signal practice and light scrimmage, it is not known just what the bunch can do in action. It is believed that the Bend eleven is not only heavier on the line and more experienced than it was last year, but the backfield is shiffter and faster. The team has had more pre-season training under a seasoned man than it had last year and is working much more smoothly. Stiff signal practice and harder scrimmage will feature the work this week prior to the game.

### Prineville Is Strong.

It is known that Prineville has a fast eleven, made up largely of old stars of college and the Crook County high school. The Listers, Brosius, Barnes, Yancey, Estes, Charlton and others of the coterie of stars gave Burns a drubbing a few weeks ago and since then have been working hard for the game expected with Bend.

Coach Ketchum has not definitely selected his men for the Prineville game. He will take 15 men, at least, to Prineville. Stover and Steve Steidl most likely will work at the ends. At end he may also work Boyd, who is a valuable man on the line at any place except center; at tackles it may be Thomas, Ketchum and Hennett. Guards seem to line up Ward and Lamberson; center, Shumway or Latham. In the backfield Holand will likely work at fullback, with Erskine, Kelley, John Steidl or Ketchum, halfbacks, and Woelfen at quarterback.

The spirit of the team is running high this year, especially to take Prineville into camp, and a big effort is going to be made to retrieve losses of last year when Prineville took two games.

### Bend May Meet Burns.

Message was received last Saturday morning from the management of the Burns eleven stating that Burns will accept Bend's challenge to come here any date after October 29 on a \$200 guarantee. The management of the local team has wired to Burns for a game in Bend either November 5 or 12, with the understanding that a return game will be

## At the Movies

### Dream Theatre.

Charley Chaplin will disport in full regalia tonight at the Dream Theatre, the occasion being Chaplin Night. The headliner for the occasion will be "Charley's Picnic." This film is a brand-new, first-time-shown, three-part comedy, with many laughs. Charley will also be featured "In Cuckoo Land," a cartoon film, also typical of the well known actor.

William Vaughn Moody's great American play, "The Great Divide," the tremendous story of a real eastern girl's hatred and eventual love for an untamed, rough character of the West, is the latest offering to be made to motion picture fans. The play has been produced in five acts, with House Peters and Ethel Clayton in the leading roles. This film will be shown Thursday night only at the Dream Theatre.

The photo-play version has been accorded a unanimous praise by motion picture and dramatic critics, both for its scenic grandeur and its remarkable dramatic acting. It was produced at the bottom of the Grand Canyon of Arizona at the identical spot of which Arthur Moody wrote.

Prominent in the "punches" of the picture are the tremendous landslide in which the entire side of a mountain is forced away by a terrific charge of dynamite; the fight for possession of Ruth by Ghent, Pedro and "Dutch" in Ruth's cabin, and the wonderful night scenes.

The last episode of "The Iron Claw" will be seen Friday night at the Dream. In addition, two good comedies will be shown. On Saturday evening "The Absentee," featuring Robert Edson, one of the best and most popular screen stars, will be given to local lovers of good picture acting. "Grace's Gorgeous Gown," a screen comedy, will also be displayed.

Sunday evening Robert Mantell, whose reputation on the legitimate stage in Shakespearean dramas is world-wide, will take the leading role with Genevieve Hamper in "The Spider and the Fly." This film strikingly depicts Parisian life and strikes deep into the roots of the liquor evil. This film will be shown Sunday and Monday nights.

### Bend Theatre.

"The Innocent Lie," with Miss Valentine Grant, the sweet little screen star, as Nora O'Brien, will be shown at the Bend Theatre tonight and Thursday. The exquisite exterior scenes were pictured on the island of Bermuda, where a well selected cast under the leadership of Sidney Oleott went expressly for this production.

Miss Grant, by her splendid portrayal of many trying situations, creates a new dramatic character on the motion picture stage. Credit enough

played later in the month at Burns. Bend will enter into negotiations with Prineville for a game in Bend on Thanksgiving Day.

Owing to the great expense attendant upon bringing teams from the Willamette Valley to Central Oregon, any steps toward this end have been given up. Telegrams were sent last week to the Chemawa Indian school and the Multnomah Athletic Club, of Portland, but their terms were excessive.

A large number of Bend people will make the trip to Prineville to see next Sunday's game.

cannot be given the cast which supports her so admirably.

Wallace Reid and Geraldine Farrar in "Maria Rosa."

"Maria Rosa," the photoplay that made Geraldine Farrar a bride—will be the attraction at the Bend Theatre next Sunday and Monday. This is the third production made by Miss Farrar for the Jesse L. Lasky Feature Play Company, the others being "Carmen" and "Temptation."

It has been called "the photoplay that made Geraldine Farrar a bride."

because it was while Miss Farrar was in California last summer making this production that she first met Lou Tellegen, whom she married in New York several months ago.

In "Maria Rosa," a Paramount picture, Miss Farrar will have a part quite different from the role of "Carmen" or Rene Dupree in "Temptation."

In this picture Miss Farrar appears as a young Spanish peasant girl, for whose hand two admirers are in eager contest. One of the youths, Ramon, is of a jealous nature and not liked by Maria Rosa. The other, "Andres," is her favorite. Produced and directed by Cecil B. DeMille, "Maria Rosa," in the opinion of those who already have seen it, is decidedly the best of the three productions which Miss Farrar thus far has made for the Lasky Company.

Sessue Hayakawa, the noted Japanese actor, who recently created such a success through his wonderful performance in the Lasky production of "The Cheat," will be seen at the Bend Theatre soon in the thrilling photo drama, "Alien Souls," it is a Paramount attraction.

The five-reel comedy, "Help Wanted," with Lois Meredith as star, will be shown at the Bend Theatre this Friday and Saturday.

## Sol Shines On; Records Broken; Everyone Happy.

It's a fine summer we're having this autumn.

Fifty-two days of unbroken sunshine weather, counting today. All records for such weather, which may now almost be recorded as climate, have been broken.

"What is so rare as a day in June?" asked a well known American poet, essayist and diplomat. The answer: A day in October in Bend.

The weather man is proving himself a good comeback. He is making up for some of that snowbound winter weather and humid spring weather of which much was said a few months ago.

In more than one way Central Oregon is under a dry regime. Just

THAT'S two critters you can't fool—yo' automobile and yo' pipe. If you want 'em to work smooth you've got to burn the right stuff in 'em.

*Velvet Joe*

## Nature Makes VELVET Right for Your Pipe

And nobody can make tobacco any "righter" than Old Mother Nature.

Nothing can take the place of the two years' natural ageing that gives VELVET its mellow smoothness. Nothing else could make VELVET so mild and cool and smooth without robbing it of its natural flavor and body.

## THIS WILL TELL YOU HOW TO SAVE DOLLARS ON YOUR FUEL THIS WINTER.

Do you know that the soot on the inside of your furnace or stove and chimney increases day by day until it forms a crust which is almost heat and fire-proof and that eventually almost half of the heat value of your fuel is wasted and lost in getting through this crust? The draught is poor and you can't get results.

A chimney sweep will clean out this sooty crust for you for two or three dollars and make a lot of work, dirt and muss, and yet it is worth it if you can't get it done any other way.

However, one package of "ZIP," a chemical compound, will accomplish the same result in five minutes without work or dirt and for only twenty-five cents. Your grocer has a package for you now, waiting your order. Tell him to send it over at once and stop that fuel waste today.

BOND STREET

33 years have taught the producers of Golden West coffee something about the selecting, blending and roasting of coffee. That's why—

Golden West Coffee is "Just Right"

what the records for October rainfall were before the local weather office was established are not available here, but old-timers in this vicinity generally testify that they have never seen anything like it before. "Greatest October weather I have ever seen in Bend, although fall weather here is always good," says R. P. Minter. "Longest stretch of fine weather I have seen in this part of the country in 13 years," says J. M. Lawrence. "About nine years ago we had just about such weather as this," said John Steidl, "but when I stop to think, I believe this is the finest October weather we have ever known. It's the warmest October I have ever seen in Central Oregon."

And so on down the line. Others were also asked about the weather

and the opinion is general that this is unbeatable October "climate."

The average maximum temperature for the first 25 days of October for the last six years has been:  
1911 ..... 65 degrees  
1912 ..... 59.99 degrees  
1913 ..... 62.37 degrees  
1914 ..... 62.04 degrees  
1915 ..... 58.88 degrees  
1916 ..... 73.33 degrees

### Cut This Out—It Is Worth Money.

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for bronchial coughs, colds and croup; Foley Kidney Pills, and Foley Cathartic Tablets. Specially comforting to stout persons. Sold everywhere.—Adv.

### POWELL BUTTE HARVEST BALL

Friday, November 3, 1916.

When the frost is on the pumpkin and the fodder in the shock, Leave all your cares and worries—put on your dancing frock.

The ladies come in gingham, gents in overalls blue. We'll dance the light fantastic the whole night through. At Powell Butte Community Hall. Farmer supper served. Good music. 34-35c

Everybody invited to the big masquerade at the Hippodrome on Halloween.—Adv.
