Other departments of the plant will be given drill at other times. Thursday's drill was not expected by the employees of the sawmill.

**GOVERNMENT ASSISTS FORT RORK STOCKMEN WITH RANGE**

Three Associations to Be Developed and Wells Will Be Drilled to Provide Water for Livestock.

Steps were taken by 25 Fort Rock stockmen at their meeting with Supervisor W. G. Hastings, of the Deschutes National Forest, on October 20, at Fort Rock, to organize three stock associations. The purpose of the associations will be the utilizing of the forest range, comprising nearly 150,000 acres, and to develop wells with which it will be possible to water several thousand head of stock.

The plan, first suggested by Supervisor Hastings, was the formation of one large association so that all the stockmen of the Fleetwood, Fort Rock and Fremont districts could cooperate in the maintenance of the range and pool their interests. At the meeting, however, it was thought it would be more profitable to organize in three smaller units, yet working together for utilization of the range.

In order to afford proper watering facilities in the various centers on the range, the stockmen thought that three wells will accommodate all the stock in that section for some time. It is planned to drill three wells, one near Fort Rock, one near Fleetwood and another north of Fremont, each association to be organized to have one well for its stock. The government has expressed its willingness to cooperate with the stockmen to the extent of casing the walls of the wells to make them more permanent.

**Took the Hurt Out of Her Back.**  
Mrs. Anna Byrd, Tusculum, Ala., writes: "I was down with my back so I could not stand up more than half the time. Foley Kidney Pills took all the hurt out." Rheumatic pains, swollen ankles, backache, stiff joints and sleep disturbing bladder ailments indicate disordered kidneys and bladder trouble.—Adv.

**ELKINS WOULD LEASE**

(Chewaucan Press.)  
Frank Elkins, of Bend, was a Paisley visitor this week. While here he endeavored again to secure a lease of the Monarch mines south of town, but was unable to do so on account of the fact that L. P. Klippel, who is part owner in them, had already given a 30-day option to a Colorado company within the last few days. This Colorado company will immediately send a representative to look over the proposition and should this inspection sustain the claims of its owners, there is likely to be some development work done here within a short time.

**HOLD FAMILY REUNION**

One of the pleasantest experiences enjoyed by E. W. Gillett, of Plainview, on his recent visit to his old home in Iowa was a family reunion. The gathering is described in the Adams County Union-Republican, of Corning, Iowa, as follows:

"There was a big reunion of the Gillett relatives at the Art Fife home near Corning last Saturday. The occasion was in honor of Ed Gillett, of Tualo, Oregon, who was visiting here and who left Sunday for his home. Mr. Gillett formerly lived in Corning and was in business here for a number of years. The relatives in this locality gathered at the Fife home to the number of 51, and the big dinner was a feature of the day. Music and visiting passed the social time in a delightful manner for all. The five Gillett brothers, Ed from Oregon, John, Fred, George and Albert, from Lorimer, and the sisters, Mrs. John Cases, Mrs. L. D. Ziowin, Miss Clara Gillett, and their children and grandchildren were the guests of the day. Jasper Gillett and wife were visiting in Montana and missed the big gathering. The day was a pleasant one for all. It had been a long time since the Gillett brothers and sisters had sat down at the same table and it will probably be some time before they are again permitted to enjoy this sort of a gathering, hence they all appreciated the opportunity and the day will long be a pleasant memory to all."

This fellow is our body and mind. But how can our body have a fair show when the feeder of this great machine, our stomach, is all out of order?—"Caused by Bad Teeth." And how can we give our mind a fair show when we are suffering with bad teeth that are annoying us? Do not allow your teeth to be neglected. A square deal always.

Do you know why so many are coming to us each day? It is because we have PRACTICALLY ELIMINATED ALL PAIN in dentistry. Our method of antiseptic dentistry is not excelled or equaled by any SKILLED WORK—and POPULAR PRICES is our motto.

We advertise, of course. We want you to know that you are no longer compelled to pay the exorbitant prices exacted by the dentists of any society or trust to uphold their ethics. We expect to secure your work and patronage by our superior skill, reasonable and just prices, and without adhering to the society's ethics and the trust.
