

# BEND DEFEATS BURNS 19 TO 7

VISITORS SHOW MORE IN SPEED.

Locals Held to One Touchdown in First Half, but Make Two more in Second—Burns Pats Ball Over on Long Run.

Bend had a harder time defeating Burns Thanksgiving day by a score of 19 to 7 than it did the Sunday previous. Burns came back strong and hard, playing both a better offensive and defensive game by 50 per cent than in the first engagement. The Sagebrushers were faster, more sure in the execution of their plays, got away for frequent long gains, and kept Bend on edge, especially in the first half, during which Bend scored only one touchdown.

Bend received the ball on the kickoff, and marched it consistently to the Burns eight-yard line, when Burns recovered the ball on a fumble and kicked out of danger. Bend took the ball up the field, and early in the second quarter Boland was sent off left tackle on the 10-yard line for a touchdown. This was the only score in the first half. Bend used slightly different tactics in the Turkey Day game, playing more open and using the pass, with which it got away frequently for long gains.

**Bend Speeds Up.**  
In the second half, Bend opened with a dash, carrying the ball all over the field, but in a pinch for a time it was unable to shove the ball over. When the team had advanced the pigskin to Burns' 10-yard line, Erskine called for the unexpected and got away with it marvelously. Instead of plugging the line or trying passes just over the goal line, he called Stover away from right end, to pluck the oval from Boland on a fake pass. The entire Burns eleven was drawn into the center of the line, and Stover shot around Burns' right end and glided over for the second touchdown. Ketchum kicked goal.

**Burns Scores Touchdown.**  
Up to this time it looked as though Burns was going to be held scoreless. After the touchdown Bend kicked to Burns and the ball was played about the center of the field. Burns' backfield then began to scintillate a little, with Jenkins tearing off 40 yards around Bend's left end, and Breilcount dodging in a broken field for 35 yards. In the fourth quarter Burns had Bend on Bend's 10-yard line without gain, when Boland, for the first time in the game, punted.

Breilcount recovered the ball on the 50-yard line, and tore up the field, skirting the Bend ends and backs and went clean for a touchdown. This Breilcount is just about the fastest football man who has ever set cleats in Bend sod. Page kicked goal.

With about three minutes to play Bend received the ball, and a few long gains through the line by Steidl, Kelly and Boland, brought the pigskin to Burns' 15-yard line, when Boland shot a perfect pass to Clifford on left end and the Bend midget left end carried the ball over for his first touchdown this year.

Both teams played clean, hard ball. Burns was a surprise to the big crowd, a large majority of whom saw Bend walk away with a 26 to 7 victory the previous Sunday. The Burns line was much stronger and Bend was unable to get away with long gains on line bucks, as it did in the first game. The Burns backfield was faster and handled their plays from a direct pass more formidably than before.

The Bend line was just as impenetrable as it was in the first game, Burns failing to make first down once through line plunging.

The Burns team left for their homes Friday morning by automobile, after spending six days as the guests of the Bend team. Thursday night they were guests of the Bend team at the George-Parlow boxing contest, and later at a dance at the Emblem club.

## BILLY GEORGE WINS FROM PARLOW IN THREE ROUNDS

Portland Man Unable to Land Safe Punch—Local Boxer Deals Severe Punishment.

Frank Parlow, of Portland, was hopelessly outclassed Thanksgiving night in his match with Billy George, Idaho champion, in a scheduled 10-round match at the Hippodrome, under the auspices of the Bend Athletic club. Parlow was able to show only a little of his cleverness in the first round, when George was feeling him out. In the second round George opened up with terrific right and left uppercuts, and greatly weakened Parlow. The third round opened with George rushing Parlow against the ropes and dealing severe punishment. Parlow took the defensive in the last moments of the third round, with a broken hand. Parlow threw up the sponge at the end

**Satisfy!—that's a new thing for a cigarette to do**

It's nothing for a cigarette to just taste good—lots of cigarettes may do that. But Chesterfields do more—they satisfy! Just like a thick, juicy steak satisfies when you're hungry.

Yet, with all that, Chesterfields are *MILD!*

No other cigarette can give you this new enjoyment (satisfy, yet mild), for the good reason that no cigarette maker can copy the *Chesterfield blend*—an entirely new combination of tobaccos and the most important development in cigarette blending in 20 years.

**of the third round.**  
 Both men weighed in just before the match. George's weight was 161.5 and Parlow weighed in at 151. Dr. Cousineau referred the match.  
 In the preliminaries, Spec Wood obtained a decision over Clyde Barber in a fast six-round bout, in which both men were evenly matched until the sixth round when Woods led out strong.

**The Food of the Cod.**  
 The cod has the reputation of being as omnivorous as the goat, whose appetite for posters and old tin cans is the subject of frequent jests. The varied nature of what the cod swallows is not more remarkable than the enormous quantity. According to a writer in the Scotsman, such articles as silver brooches, clasp knives, books and rubber balls have been found in its stomach. One fisherman of Aberdeen has a stone that weighs more than a pound, taken from a cod that had swallowed it for the sea anemones with which it was covered. The same fisherman has also found specimens of almost all the stalk-eyed crustaceans that frequent the northern coast of Scotland and of every kind of fish that a cod can master, including its own young. Cod have been known to swallow partridges, gullinots and hares.

**BROWN MAKES GIFT**  
 (Oregonian.)  
 SALEM, Dec. 1.—W. W. Brown, wealthy rancher, of Fife, Or., who a few weeks ago promised to donate \$10,000 to the Methodist Old People's Home for a new building in this city, providing another \$10,000 is raised by subscription, today as a surprise sent a \$1000 check to be used by the home. Recently he also gave \$6000 towards construction of a new woman's dormitory at Willamette University.

**NOTICE TO THE PUBLIC**

**Alder Dye.**  
 For the purpose of making dyes the common alder appears to have been unnoticed by the pioneers of this country, who made use of so many barks and roots. However, it was well known to the Indians, who used it to good effect. It dyes a reddish color, and down to a few years ago was employed by natives of the northwest Pacific coast in coloring their fish nets. Alder dye, used for the same purpose, is said to be the oldest recorded dye in the world. It is mentioned in the Kalevala of Finland, supposed to date nearly 3,000 years ago.

**Good Talker.**
