Justice Association Indicates Approval of Legislative Move

The Daily Express, dated April 12th, contains the following article:

"The interest of law in the county is growing, as evidenced by the recent appointment of a Justice of the Peace in the county. This is a step forward in the right direction, as it will give more people an opportunity to participate in the administration of justice. The appointment of a Justice of the Peace is a step in the right direction, and it is to be hoped that more will be done in this direction in the future."
