

UNIVERSITY MEN ORGANIZE CLUB

DR. U. C. COE CHOSEN AS PRESIDENT

Standing Committees Named and Tentative Arrangements Made to Entertain High School Seniors Before Commencement.

(From Friday's Daily.)

Organization was effected by the Bend University club, standing committees appointed, the aims of the club roughly outlined, and the date of the next meeting set for March 15 at the new Pilot Butte Inn, when college and university men gathered at a banquet and business meeting at the Emblem club last night. Dr. U. C. Coe was unanimously chosen president, Fred Woefflen as vice president, Ward Coble as secretary, and Clyde M. McKay as treasurer. These, with three others, Judge W. D. Barnes, F. H. May and Louis Bennett, comprise a council which will direct the affairs of the club.

May Start Scholarship.

The possibility of starting a fund which would enable the club to send some high school graduate, recommended by the county school superintendent, to college, was suggested, and a further plan was outlined by E. Thordarson, city school superintendent, who suggested that the idea be carried still further and applied to some eighth grade boy who would otherwise be unable to attend high school.

To Entertain Students.

It was decided that the club should give a dinner some time before the commencement exercises at the Bend high school, at which the boys of the graduating class should be guests. The club also approved the suggestion that the organization be put on a permanent basis, by filing articles of incorporation.

Standing committees named, were as follows: Finance, H. H. DeArmond, Ross Farnham, Louis Bennett; music, Ashley Forrest, Dr. Dwight F. Miller, F. Thordarson and Mr. Bennett; entertainment, Clyde M. McKay, W. G. Hastings and Ralph V. Poindexter.

The evening was enlivened by songs and instrumental music, Mr. Forrest and Dr. Miller alternating at the piano.

Charter Members Many.

Charter members of the club are: Ward H. Coble, W. G. Hastings, F. H. May, M. T. Cole, L. D. West, F. Thordarson, Dr. U. C. Coe, Gerald Eastham, Steve Steidl, Dr. W. W. Faulkner, Ralph V. Poindexter, R. B. Gould, Francis Lamberty, J. A. Sather, Ross Farnham, Robert D. Moore, Ernest Bell, H. J. Overturn, Fred Woefflen, H. C. Ellis, J. Alton Thompson, George S. Young, Edward H. Keane, H. H. DeArmond, W. D. Barnes, Robert W. Sawyer, E. V. Ward, Ashley Forrest, Louis Bennett, B. A. Stover, Henry N. Fowler, Clyde M. McKay, and Dr. Dwight F. Miller.

BEND STEERS BRING A TOP NOTCH PRICE

Three Year Old Shorthorns Sell For \$100.15 Each in Local Market—Weight 1450 Apiece.

(From Saturday's Daily Bulletin.)

Two three-year-old steers, the poorest of a bunch of six, were brought into Bend last night by G. L. Moore, living two miles east of Bend, and sold to O'Donnell Bros. for \$100.15 each. The animals tipped the beam at practically the same weight, each shading 1450 pounds. Mr. Moore states that they have never received any extra care until this winter, when they have received a plentiful ration of hay. The steers are of a mixed Shorthorn strain.

The four other were sold in Bend last fall, their total price being only slightly in excess of the figures now allowed for the remaining two.

AL. SUMMERS WINNER OVER FARMER BURNS

Victor Now Keener Than Ever to Meet Billy George—Woods-Schoel Bout Soon.

(From Friday's Daily.)

Of interest to local followers of the boxing game was the word received this morning by wire by Manager Doudlah, of the Hippodrome, that Al Summers, of Portland, was given the decision in a 16-round go fought at Echo last night, over Farmer Burns. Summers is especially keen to face Billy George.

George, it was announced this morning, will referee the bout to be staged late in the month at Prineville between "Speck" Woods, and Gilbert School, of Bend. In addition to the main event there will be a six and a four-round go.

ASKS SEED FOR NATIONAL RANGE

METHOD OF INCREASING GRAZING CAPACITY SUGGESTED IN LETTER—SUPERVISOR HASTINGS APPROVES OF IDEA.

(From Thursday's Daily.)

The possibility of bettering the range in the national forest by seeding to bring about the growth of domestic varieties of forage plants, is broached in a letter received by The Bulletin today from a local subscriber. In his letter, he says as follows:

"Having recently been reading about the increase in the charge on grazing lands on the national forests of the northwest, I have often wondered why it is that the forestry department has not at this time of year made arrangements to have the forest rangers supplied with some sweet clover seed and instructions to sow same along the tops of ridges and hog-backs in the mountains, when the snow is just going off.

"There is no doubt but what it will catch and grow and spread from such locations to the lower ground, and eventually furnish the best of range for sheep and cattle, thus giving the men who pay for the range something for their money.

"In time there would be an abundance of range and stock could be better kept under control, as there would not be that inclination to roam. Besides it would increase the number that could be ranged in a given territory.

"For my part, I do not see why the plan couldn't be worked out to the benefit of everybody.

"Would like to hear from some stockmen on the subject."

The communication was shown to Supervisor W. G. Hastings, of the Deschutes national forest, who declared himself to be strongly in favor of the suggestion made.

"The Forestry Department is now experimenting along these lines on the Wallowa forest," he said, "but so far, the only domestic forage plant found which will grow even with partial success is the orchard grass. The work is still continuing, and if successful, we hope to be able to prevail on Congress to make an appropriation sufficient to allow for this kind of range improvement.

"The writer of that letter is on the right track. I only wish more would voice their opinions on the subject, for it would aid in inducing Congress to furnish the needed funds."

FAST SMOKER TO BE HELD AT PRINEVILLE

Central Oregon Hopefuls Will Have Innings on Night of February 26—Fast Matches Scheduled.

(From Saturday's Daily.)

Central Oregon fistic hopefuls will be given their inning at Prineville, February 26, under the auspices of the Prineville Commercial club, at a big boxing smoker.

Manager W. L. Doudlah, of the Bend Athletic Club, has been lining up some local glove specialists for the event and to date has signed Gilbert School, who performed to the gratification of local fans last Monday night, to meet Spec Woods in a 10-round go, pursuant to a challenge issued by School at the Trumbull-George match. Ted Hoke will encounter Tommy Phillips, of Prineville, in a six-round match, and Johnny Montgomery will mix it with Fred Winters. A fast curtain raiser is also being planned for the event. Billy George, of Bend, will referee all the matches.

GOAT RAISING PLAN FOR CENTRAL OREGON

(From Thursday's Daily.) Investigating the possibility of goat raising in Central Oregon, E. W. Gurney is here today from Decatur, Wash. Today he conferred with Forest Supervisor W. G. Hastings in regard to his proposed venture, and was advised to look up conditions in the Sisters sections, as the most favorable.

HIGH SCHOOL TEAMS WILL PLAY TONIGHT

(From Thursday's Daily.)

Bend basketball fans are assured a lively exhibition tonight when the local high school five will clash with the Crook county high school team at the Hippodrome. The local aggregation is in good shape for the game, and is ready to give the visitors a hard, fast combat.

BILL PLANS BIG COUNTY SAVING

FORBES INTRODUCES MEASURE THIS MORNING PROVIDING FOR TRANSFER OF RECORDS TO DESCHUTES COUNTY.

(From Thursday's Daily.)

SALEM, Ore., Feb. 15.—(Special.)—A big saving to Deschutes county in the cost of transcribing records from Crook county will be made if a bill introduced in the legislature this morning by Representative Forbes becomes law. Although the legislative session is very near its close the passage of the bill is practically assured. It has to recommend it not only the large financial saving but the fact of the great convenience served.

The bill has been introduced at the request of Deschutes county citizens who have called Mr. Forbes' attention to the fact that a number of the Crook county records, such as tax rolls, plats, voter's registration cards and Tumalo project contract records are wholly without value in Crook county, but under the law, must be transcribed and copies brought to Deschutes county unless the proposed legislation is put on the statute books.

According to information received here the monetary saving to the new county brought about by the physical transfer of the books, instead of going to the expense of transcribing them, will amount to over \$1,000.

Other Central Oregon Affairs.

Other matters of interest to Deschutes county and other portions of Central Oregon are meeting with varying fortunes in the rush to clean up business before the expiration of the 40-day payroll limit.

One of the remaining measures of greatest interest to the Tumalo section—the \$25,000 appropriation for the repair of the project reservoir—seems doomed, the chance for its passage being now looked upon as very small. Thanks to the influence of Representative Forbes it is probable that the Crook County fair will receive an appropriation of \$500. The desired \$2,500 to assist in the Paisley appeal has been definitely lost.

M'NAUGHTS ENTERTAINED Mr. and Mrs. A. H. Horn Give Party for Departing Friends.

(From Saturday's Daily.)

A pleasant surprise party was given on Thursday evening by Mr. and Mrs. A. H. Horn in honor of Mr. and Mrs. William McNaught, and daughter Mae, who will leave soon for their future home in Oregon City. The McNaughts were the dinner guests of Mr. and Mrs. Horn, and while there a number of their friends and neighbors were invited in to spend the evening with them.

A very delightful time was enjoyed by all, games and singing being indulged in until a late hour, when a delicious buffet supper was served by the hostess.

Those present were: Mr. and Mrs. W. McNaught, Mae McNaught, Mr. and Mrs. Sutton, Mr. and Mrs. Arthur Gerton, Mrs. William Arnold, of Alberta, Mr. and Mrs. N. P. Smith, Mrs. William Downing, Mr. and Mrs. Bladreau, Mr. and Mrs. F. Smith, Mr. and Mrs. Roy Pierce, Mr. and Mrs. A. Taylor, Margery Smith, Fay Smith and sister, Elsie Horn and Mr. and Mrs. Horn.

Hawaiian Embroidery Has Just Arrived

SPORTY EFFECT.

All sorts of pongees and shantung are popular for sport togs. This young lady makes her Mt. however, with a Chinese silk sailor band with a strip of Hawaiian embroidery. The medallion is adorned with a cut leather tassel quite appropriate.

FOUR SEASONS ARE COMBINED

SNOW ON GROUND, BROTHERS RANCHERS THRESH, PLOUGH, HARROW AND SEED, IN SAME TOWNSHIP.

(From Friday's Daily.)

Spring, summer, autumn and winter are combined within the comparatively small area of one township in the vicinity of Brothers, according to Charles Haines, of this city, and E. W. Gurney, of Decatur, Washington, who returned today from a trip into the Brothers section where Mr. Haines' homestead is located.

Two threshing machines are busily at work separating what is left of the 1916 wheat crop, and in adjoining fields ranchers are harrowing, ploughing and seeding for the coming season. A few minutes after leaving the threshers behind them, Mr. Haines and Mr. Gurney drove through deep snow on their return to Bend.

The threshing season is later than ever before in Central Oregon, it is said, due largely to the relatively small supply of threshing machines. The burning of the outfit which was to have operated around Brothers has been another important factor in the delay.

One of the machines now working in the neighborhood, came all the way from Burns, working on ranches through all the grain country along the way. Several ranches are still to be visited by the threshers. A high grade of wheat is being turned out, Mr. Haines reports.

RECORD IS BROKEN ON CARMODY ALLEYS

Martin & Cashman Team Rolls 842 in One Game, and Stover Chalks Up Tally of 214.

(From Saturday's Daily Bulletin.)

Standing of the Teams.

TEAM	Won	Lost	Pct.
Martin & Cashman	6	3	.667
Brooks-Scanlon	5	4	.556
Bend Bulletin	4	5	.444
Shevlin-Hixon	0	3	.000

Two records for the season were broken last night, when the Martin & Cashman team rolled against The Bulletin team on the Carmody Alleys, Stover chalking up 214 in one game, while the first named team, in one game, marked a total of 842. The Bulletin took two out of three games. The score:

Martin & Cashman.				
PLAYERS	1st	2d	3d	T'l.
Martin	143	161	114	418
Shaw	155	166	141	462

Terrell	190	124	156	470
Menasco	168	137	140	445
Totals	817	681	743	2241

GRAZING EXPERT IS A VISITOR IN BEND

Forestry Department Endeavoring to Solve Range Expansion, Says Thomas P. McKenzie.

(From Saturday's Daily.)

Thomas P. McKenzie, grazing expert from the U. S. forestry office in Portland, arrived in Bend this morning, and soon after set out with Supervisor W. G. Hastings, of the Deschutes National forest, for Sisters, where they will attend the annual meeting of the Sisters-Metolius Livestock association.

Mr. McKenzie showed considerable interest in the question of range seeding which was raised here this week, but stated that out of a large number of experiments it had been found that when domestic forage plants were protected enough to give them a fair start, that native grasses also profiting by the protection, would take on a luxuriant growth, actually choking out the new arrivals.

The problem of increasing the range, and of augmenting the carrying capacity of the range already available is being carefully looked into, Mr. McKenzie stated. The latter phase of the question, he said, is being largely solved by the stockmen's associations, while for the problem of increasing the range acreage, the possibility of utilizing the higher timbered lands is being closely looked into.

A desirable bread knife free with every annual subscription to The Bend Bulletin.

FINAL WORK ON INN IS RUSHED

FURNITURE ARRIVES AND WILL BE PUT IN WITHIN FEW DAYS—HARDY VINES SOUGHT, TO BEAUTIFY HOSTLERY.

(From Thursday's Daily.)

Preparations for the occupying of the new Pilot Butte hotel are coming on apace, and Phillip Brooks, of Vancouver, B. C., owner of the hostelry, announced this morning that work would be begun installing furniture within the next few days. Two carloads of chairs and other furniture were being brought from the depot by Jack Wenandy today.

Men are busily engaged putting on the finishing touches inside the building, and concrete workers are laying a wide cement walk on two sides of the building.

As a final artistic touch to the general effect, Mr. Brooks will have planted, around the edge of the hotel, hardy vines, to cover the building with a green drapery. At his request, the Oregon Agricultural college is now investigating what varieties of plants will be best suited to this climate.

Mr. Brooks expects to be able to announce definitely the formal opening of the hotel, some time next week.

ONE CENT A WORD is all a little Want Ad will cost you.

POSTAL SERVICE TO BE BENEFIT

INCLUSION OF NEW POINTS ON BEND TO BROTHERS ROUTE WILL COMMENCE ON FIRST OF NEXT WEEK.

(From Saturday's Daily.)

On his last trip carrying the mail between Brothers and Bend, Orley King arrived in the city this morning. Clifton L. Evans, successful bidder for the government contract, will take up the work Monday, and in addition to the points previously covered by the route, will take in Imperial, Hampton, Rolyat, and Stauffer. Besides carrying the mail, he intends to maintain an express and passenger service.

The combining of the extra points in the route, it is expected, will enable letters from Bend to Imperial to bring replies in approximately half to the time hitherto required. From seven to 10 days was previously needed. Local merchants also see in the change an added convenience for the people of the Brothers section, a large majority of whom do their trading in this city.

For Croup, Coughs and Colds.

A. Baxter, Wheeler, Wisc., says: "For ten years we have used Foley's Honey and Tar in our family and consider it the best cough medicine on the market, especially for children, as they like it." Contains no opiates; safe for babies; effective for adults. Cures croup; stops coughs; relieves colds. Sold everywhere.—Adv.
