

BEND IS CENTER OF ROADS MOVE

LAURGAARD DELEGATES WORK BOOSTING FOR \$6,000,000 ROAD BOND ISSUE TO LOCAL COMMERCIAL CLUB.

(From Monday's Daily.)

That Bend will be made the headquarters for the publicity campaign to be conducted through Central Oregon for the \$6,000,000 road bond issue, was the intelligence brought back to Bend by Fred N. Wallace and H. J. Overturf, who were in Portland Saturday attending the meeting of the legislative publicity committee. At the meeting, the state was divided into groups of counties, to facilitate the publicity work, and Representative O. Laugaard, because of his knowledge of the greater portion of the Central Oregon district.

In turn, Mr. Laugaard delegated the work to the Bend Commercial club, making this city the headquarters for good roads boosting in Central Oregon.

As a side issue on the road question, a communication has been received from the Commercial club, asking the representatives of the club and of the county court be in Portland on March 31 to attend a meeting of the Northwest Tourist association, in regard to the expenditure of the \$45,000 appropriation to be devoted to tourist advertising.

METROPOLITAN ENLARGES

Rapidly increasing business is the cause given by the owners for the enlarging of the Metropolitan barber shop on Oregon street. A fifth chair is now in operation, B. R. Carlson, formerly of Spokane, having come to Bend as the fifth man to find employment in the establishment.

BEND PROMINENT IN PUBLIC EYE

LARGE NUMBER OF INQUIRIES AS TO RESOURCES AND CONDITIONS HERE ARE SENT IN TO THE COMMERCIAL CLUB.

(From Monday's Daily.)

That Bend is constantly in the public eye is shown in a report compiled by Commercial Club Manager H. J. Overturf, giving the amount of correspondence handled through his office for February and a part of January. Three hundred and thirteen letters on different phases of community activity were received during this time, he reported.

The following itemization was made: Requests for literature, 46; inquiries regarding business locations, 21; inquiries regarding farm lands and homesteads, 43; inquiries regarding Bend schools, three; inquiries regarding the location of industries, eight; regarding labor conditions, 15; regarding public library, eight; in connection with the Strahorn right of way work, 59; matters taken up with the county agriculturalist, nine; regarding road work, six; irrigation matters, seven; miscellaneous, 59; replies to bulletins sent out by the Portland Chamber of Commerce, 29.

Among matters of especially vital interest to Bend and the vicinity at the present time, Mr. Overturf lists the location of a county library here, the publication of a tourist road map of Central Oregon, and the promotion of the potato industry in this section.

BABY GIRL IS HURT BY AUTO

LITTLE DAUGHTER OF THEODORE TWEET BADLY INJURED, BUT WILL RECOVER—ACCIDENT UNAVOIDABLE.

(From Monday's Daily.)

Stopping from behind the auto of Charles Boyd, where she was playing, Irene, the three year old daughter of Theodore Tweet, was run down in front of her home in Lytle addition early yesterday afternoon by an auto driven by A. L. Saye. The little one sustained severe scalp wounds, and had bruises on the body and legs, but although her condition was at first considered critical, it was believed today that she had an excellent chance for recovery. She is being cared for at the Bend Surgical hospital.

According to Mr. Boyd, an eye witness of the affair, the accident was unavoidable. Mr. Boyd's auto was stopped in the middle of the road, and to pass, Mr. Saye was forced to turn to the left, going at a low rate of speed. At that instant, Mrs. Tweet called from the house to her daughter, and the child stepped directly into the path of the oncoming machine. She was struck on the head by the fender, and hit by the wheel as she was thrust to one side.

Mr. Saye stopped the car within eight feet, and a friend riding in the car jumped out and picked up the child. Mr. Saye immediately speeded off in his auto, returning with a physician.

The regular meeting of the West Side Ladies' club was held last Thursday afternoon.

The most successful social event of the year occurred last Saturday evening when the ladies of the Tillicum club gave their annual banquet. Curtains and portieres divided the hall into parlor and dining room. Festoons of crimson and gray suspended from a large T decorated the ceiling of the parlor, which was otherwise made cosy by cushions, pennants, rugs, etc. In honor of St. Patrick, green was chosen as the predominating color for the dining room decorations. Above the table, placed in the form of a C, hung a large green C, from which long emerald streamers reached to the walls. Sprays of lily and several beautiful bouquets of red and white carnations, presented to the members of the club by Judge Barnes, decorated the tables. Mesdames Thompson, C. P. Becker and T. Becker received the guests, after which the following program was given: Address of welcome, Mrs. F. E. Dayton; reading, "Birth of St. Patrick," Mrs. Mildred Taylor; duet, "Missouri," Mesdames Coen and C. P. Becker; reading, Mrs. J. A. Thompson; burlesque, "Ma Sweetheart and Her Daughters"; reading, Mrs. Minta Howard; Living pictures from songs; instrumental solo, Miss Edith Bales. At the conclusion of the program, the guests were ushered into the dining room, where a delicious four-course banquet was served. The guests present were Messrs. W. D. Barnes, Nelson, Tweed, Reiboff, F. E. Dayton, H. E. Dayton, J. N. B. Gerking, G. Gerking, R. Armstrong, R. M. Smith, B. F. Wilson, N. Ray, J. Coen, R. U. Flickinger, R. Brown, J. W. Brown, J. Marsh, C. P. Becker, B. Miller and J. A. Thompson.

MILLICAN.

(Special to The Bulletin.)
MILLICAN, March 14.—The rabbit drive Sunday was very successful, 635 rabbits being killed, due in part to the co-operation of some of the Bend people. Sunday, March 15, there will be another drive at the same place.

Leo Tauscher visited with his parents, Mr. and Mrs. Ferdinand Tauscher, Monday night.

Mr. and Mrs. B. B. Conaway, Mr. and Mrs. R. R. Keller and children, Walter Millican and Leo Tauscher were Monday visitors at the Leo Keller home.

Mr. and Mrs. Geo. Millican have not been in California, as previously reported. Mr. Millican was at Bend the past week and is expected here any day. Mrs. Millican is still at Prineville.

Walter Millican intends to leave for his home March 15.

Harry Morrison came out this way yesterday.

Miss Selma Brown again returned to Bend, only staying on her claim a few days.

J. J. Holland and R. R. Keller were callers at the Leo Keller home on day this week.

Wm. A. Rahn intends to move his house onto a different part of his homestead this week, if the weather is favorable. He will then enlarge the house, so that he will have floor room enough for dancing.

Mrs. Ferdinand Tauscher visited with her daughter, Mrs. Leo Keller, Tuesday.

POWELL BUTTE.

POWELL BUTTE, March 15.—Mr. and Mrs. Allen Willcox are now living in their new house. The house is not finished, but is rapidly nearing completion.

Despite the fact that the weather was bad, between 40 and 50 of the settlers gathered at the hall Friday morning to hear a talk by ex-Governor West, on the organizing of an irrigation district. It was the unanimous decision of the meeting to go ahead and form a district.

A quiet home wedding took place at the R. L. Moore ranch on Saturday, March 10, at 1 o'clock, when Miss Lina Moore became the bride of J. H. Mertz, of Redmond. Only the family and a few friends witnessed the ceremony. Rev. Blair, the Presbyterian minister of Redmond, officiated. The bride looked lovely in a dress of white lingerie, hand embroidered and trimmed with tating, with white satin girdle. After the ceremony a four-course dinner was served. Those present besides the family were Rev. Blair and wife and Mr. Glen Cox, of Redmond; Mrs. W. T. Smith, Mrs. Van Doren and Celia Mancoski, of Powell Butte. The happy couple left in the evening for their home near Redmond.

The recently organized wool growers' association, of this locality, met Saturday evening. They have as yet made no definite plans, but hope to perfect their organization in the near future. The officers of the association are: President O. E. Butterfield; Secretary-Treasurer, Earl Saunders; Board of Directors, W. M. Wilson, N. P. Alley and E. N. Hall.

Clyde Moore is at present in Seattle and may remain there for work.

Mrs. Alma Hall went to Prineville Sunday to visit a few days with Mrs. E. A. Bussett.

The children of George Havens are suffering from an attack of the measles, as also are two more of the McDaniel family.

Mr. Wells was called to Redmond, where all his family are down with measles.

L. W. Van Doren killed a rabid coyote in his door yard on Tuesday morning.

It Takes Brass.

It takes a lot of so-called brass to ask the taxpayers to foot the bill for an attempt to invalidate the rabbit bounty law when the people placed this act on the books with such an overwhelming vote. Such, however, is the plea of those who filed suit against Lake county's most beneficial measure.—Fort Rock Times.

Winter Still Hangs.

The nights still remain cool but during the day it warms up and thaws just enough to make the roads soft and sloppy.—Silver Lake Leader.

"Spec" Cleaned Him.

The "big" boxing contest between Spec Wood, of Bend, and Henry Kalama, of Warm Springs, which was pulled off at Madras Saturday evening, resulted in the Indian being put to sleep in the first round. A very large crowd was present to witness the event. It is reported that they will meet in another contest some time in the near future.—Jefferson County Record.

Smith Has Shock.

Commissioner L. E. Smith had an attack of heart failure on Tuesday morning but it did not last long. He had been in Bend the day before and had returned home late and did not

know that the children had left the cellar door open thus exposing quantities of \$3.00 potatoes and other costly stuff. The thermometer registered 20 above, so fortunately nothing was frozen, and he speedily recovered.—Redmond Spokesman.

Rabies Spreads.

That the rabies are spreading in Klamath county and that something must be done to stop the disease is evidenced by the fact that this week George Mayfield lost another blooded animal, making the third within the past three months from this infection. Just when the animal became infected is not known, but if within the past two months, it is likely that Mr. Mayfield's loss has just started. At this time of year when cattle are close together being fed, a rabid coyote might easily infect the whole band. This is evidenced by the action on a rabid coyote attacking four head of cattle which were being driven along the road near Silver Lake some time ago. After making the first assault it went away a short distance and after a short pause, returned and attacked another animal, and continued this performance until it was finally killed.—Crescent News.

Not Bothered Any More.

So-called rheumatic pains, grippe aches, lame back, sore muscles or stiff joints are the result of over-worked, weak or disordered kidneys, E. L. Turner, Homer, Ky., writes: "Since taking Foley Kidney Pills, I have not been bothered any more." Strengthen weak kidneys and help rid the blood of acids and poisons. Sold everywhere.—Adv.
