SISTERS.

(Special to The Bulletin.)

SISTERS, May 12.—The all-absorbing topic of interest in Sisters last week was the "water hearing," before the State Public Service commission, held at Allen's hall. The Squaw Creek Irrigation company applied for the right to raise the rates charged water users. The settlers quite generally feel that the rates are now too high. A hearing was called by the Public Service commission. During the three days which the commission sat, many witnesses were called, much evidence was produced by both parties to the controversy and a careful investigation made of the points at issue. It is expected that a decision will be reached within a few days. Forbes and De Armond, of Bend, were the attorneys for the settlers, and Elliott and Upton were the attorneys for the irrigation company.

ZEROLENE
the Standard Oil for Motor Cars

ENDORSED BY PEERLESS MOTOR COMPANY—because their technical department was "able to secure uniformly better results with Standard Oil Company's Zerolene motor lubricant than with any other."

That's because Zerolene is correctly refined from asphalt-base crude by methods especially developed by the Standard Oil Company.

Less wear and more power because Zerolene keeps its lubricating body at cylinder heat. Less carbon because it burns clean and goes out on exhaust.

Zerolene is the oil for your car.
