

SHEVLIN-HIXON TAKE 2-0 GAME

LUMBERMEN PLAY AN ERRORLESS GAME.

**Lind Was Hitting Hero, Getting a
Homer in Second — Knutsen
Pitches Good Ball—Day
Calls Out Fans.**

(From Monday's Daily.)
The Shevlin-Hixon aggregation, on the first real baseball day of the season, stuck its peavies and cant-hooks into Prineville yesterday to the tally of 2 to 0, and besides played the first errorless game that has been chalked up on the local diamond since Heck was in the infant stages of canine development.
This business of playing errorless baseball is so unusual that it is worthy of mention in the blackest face type that this machine can set. There were some hard chances in the game. The first near-error came in the first inning when Greenwall, of Prineville, hit a fast grounder that took a bad bound to Klecker, a debutante in local ball circles. But Klecker did not abandon the muff and recovered by shooting a fast one to Bullock. Then in the eighth inning Malson hit a hot liner that bounced off Houston's thumb, but Houston kept right after the ball, caught it and threw Fox out at second. There was genuine cayenne in the game Sunday, the lumbermen playing snippy from the beginning until Knutsen got his revenge by striking out Tetherow in the ninth.
From the sticking standpoint, Lind, who returned last week to be in the employ of The Shevlin-Hixon Company this summer, was the hero of the game. It was in the third inning that the heroic act was accomplished. Shoots was the first man up and went to first on Albee's overthrow to Erickson. Lind came up and drove out a low fly that

went almost to the centerfield fence, and on the Bend diamond that is some distance. Lind brought in Shoots, and himself circled the bases. This inning looked like a one-ring circus going good, because Houston came up and got a nice single, but the fun was called off because Knutsen struck out and Clifford went out. Tetherow to Erickson.

Makes First Appearance.
Knutsen made his first appearance of the season in the box for Shevlin-Hixon and was steady and heady, with the exception of the eighth inning when he walked Fox, and allowing Tetherow to pass twice, once in the second and again in the seventh. The boy had much steam on the ball, striking out seven men, and being found for only five hits. He was given great support from every local player who touched the ball.

Tetherow was up to his usual form yesterday, so far as keeping the hitting average of the mill men down, allowing only three hits, but as misfortune would happen, Lind's homer spelled defeat for the visitors. Tetherow struck out five men.
The Shevlin-Hixon team has the best balanced lot of players it has had in a long time. Both the infield and outfield work fast and are sure. The infield handled every ball perfectly yesterday.

From the standpoint of an interested bystander it looks like there is some fast baseball coming up the remainder of this season, especially if Sol smiles on the diamond as he did yesterday. The score:

THE GOOD JUDGE JOINS THE ARMY.

COLONEL, PUT ME IN THE RANKS OR ANY OTHER OLD PLACE, BUT SEE THAT WE HAVE PLENTY OF THE LITTLE CHEW THAT SATISFIES.

WE HAVE A FOUR MONTHS SUPPLY OF W-B CUT TOBACCO.

THEN, OH GOING TO STAY WITH THIS REGIMENT.

WHEN men are drawn together in the army, you find out a lot about their likes and dislikes. It's always been a great place for the spread of W-B CUT popularity. They show each other why you shouldn't take more than a little chew of W-B CUT. Every shred is chock full of sap; a big chew is too rich. They take to W-B CUT, strong; nothing is too good for our soldiers.

Twenty-three years ago, Mr. Smith was a student under Pershing, who was then teaching mathematics and directing military drill at the University of Nebraska.
Mrs. Smith, who was also attending the university at that time, was in one of General Pershing's mathematics classes.
DIRECTORS ELECTED

Although the last legislature re-moved the property qualification hitherto required of voters at school elections, only about 20 voters met at the high school this afternoon for the annual election. Following the reading of the clerk's report, Carl A. Johnson, of The Shevlin-Hixon Company, W. R. Speck, of the Standard Oil Co., and R. W. Sawyer, of The Bulletin, were nominated for directors for two years. The polls closed at 4 o'clock, the vote resulting as follows: Johnson 44, Speck 37, Sawyer 43. Sixty-three voted.
