

TIMBERMEN SEE OREGON OPENING

TOUR WITH R. A. BOOTH SIGNIFICANT.

Johnson-Frost Representatives Visit Bend, Then Leave for Klamath, Where New Railroad Will Tap Rich Timber Belt.

(From Tuesday's Daily.)
Travelling by special car, on a combined business and sight-seeing trip, E. A. Frost, P. D. Whited and J. L. Keenan, of Shreveport, Louisiana, and C. W. Nelson and C. D. Johnson, of St. Louis, all officials of the Frost-Johnson Lumber Company, of Louisiana, arrived in Bend yesterday, spent the afternoon in going through the mills, stopped over night in the city, and left this morning for Klamath Falls. Hon. R. A. Booth, of Eugene, of the Booth-Kelly Lumber Co., and owner of large tracts of pine timber in the country which will be tapped by the Strahorn railway, accompanied the party.

Mr. Johnson, who acted as spokesman for the party, praised the efficiency of the local plants, but denied that any new lumber activities would result in this section from the visit of himself and his associates. Although unwilling to make any definite statement as to the probable outcome of their trip to Klamath Falls, it is understood that the visit of these lumbermen to Oregon is in connection with their desire to purchase either a fir or a pine lumber operation, and Mr. Booth's presence with them on their trip to Klamath Falls, it is understood that the visit by a coincidence, whether or not planned it is impossible to learn, Robert E. Strahorn also arrived here yesterday on his way to Klamath Falls where he will be located this summer during the construction of the Oregon, California & Eastern railroad out of Klamath. This line will approach and ultimately tap the Booth timber, so that if any nego-

RABID BOB CAT BITES RANCHER

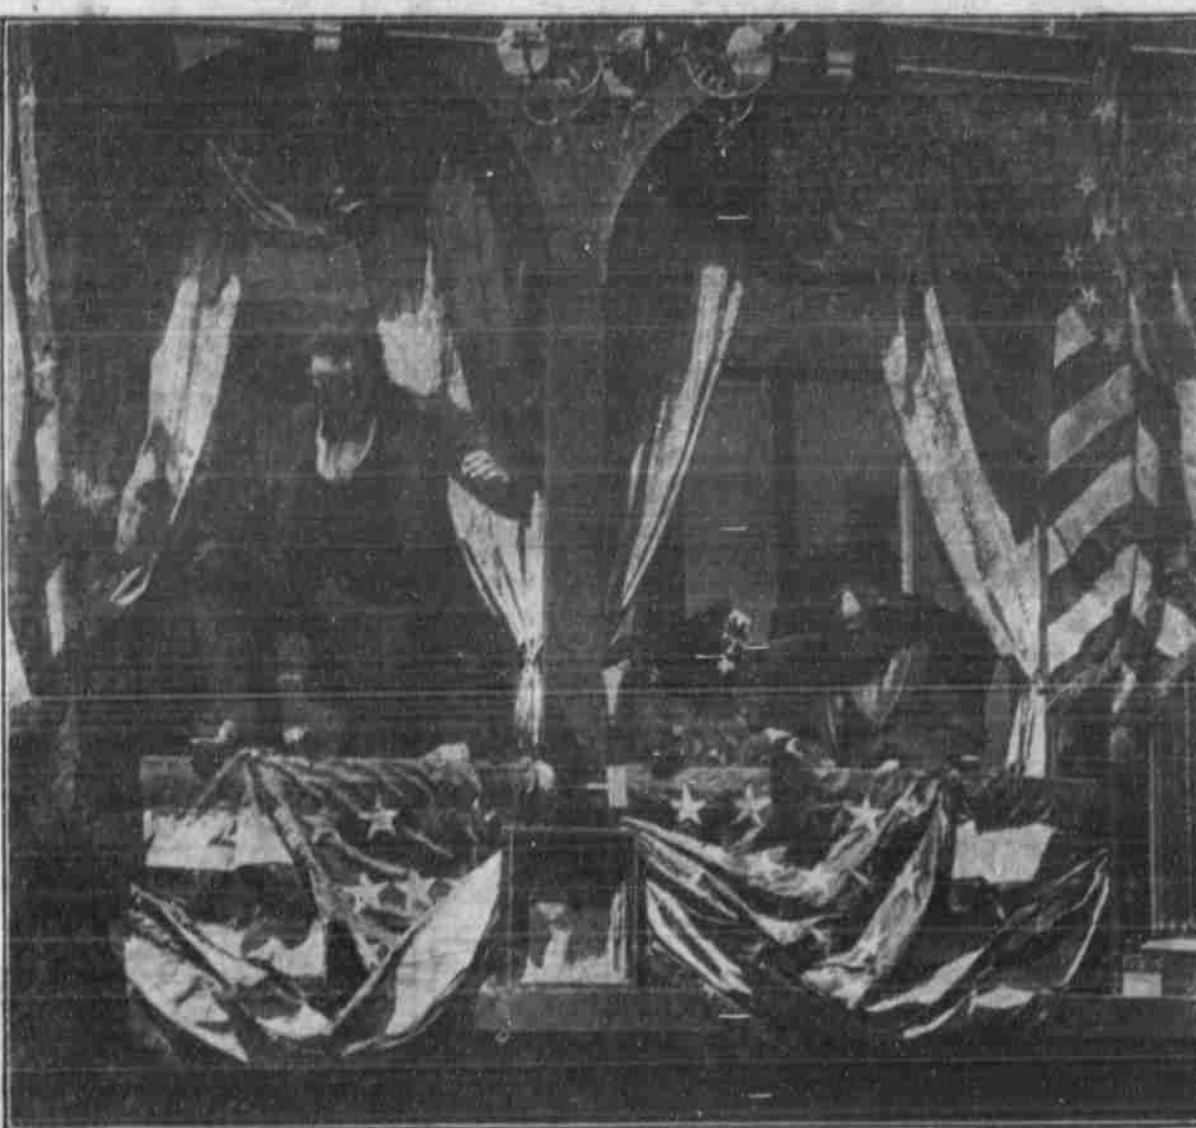

A. T. DONOVAN, OF WAGON TIRE, ATTACKED WHILE HE WAS LEADING HORSES THROUGH HIS FIELD.

(From Tuesday's Daily.)
Bitten about the hand and the leg and severely scratched by a bob cat, which he believed was affected with the rabies, while he was leading a team of horses across one of his fields in the Wagon Tire district, A. T. Donovan, a rancher, left last night for Portland where he will take the pasteur treatment for rabies under the direction of State Health Officer Dr. Roberg, of Portland.
Mr. Donovan was brought to Bend last night and exhibited several ugly scratches and tooth marks inflicted by the bob cat. Mr. Donovan says that the cat crouched and sprang at him unexpectedly, and having one hand free he choked the animal twice before it was subdued. The head of the animal was sent to Portland last night for examination for rabies.

CO-OPERATION ASKED TO GET VOLUNTEERS

(From Friday's Daily.)
Sergeant Chas. Davis, of the recruiting service of the United States army, is seeking the co-operating of Bend people for the week beginning June 23 to June 30, which has been designated Volunteer Week by President Wilson, in which a call for 70,000 volunteers is being made throughout the country.
Persons knowing of any young unmarried men who are desirous of volunteering are requested to refer the names to Sergeant Davis, that he may communicate with any prospective.

Applications are pending for a sale, Mr. Strahorn's railroad plans would have an important connection. Such a deal would mean a big impetus to the lumber industry in the Klamath section.

Assassination of President Lincoln, in the "Birth of a Nation," coming to the Grand Theatre July 4, 5, 6 and 7.

"THE BIRTH OF A NATION" COMING

David W. Griffith's most extraordinary achievement with his new photo spectacle, "The Birth of a Nation," coming to the Grand on July Fourth, for four days, is that of making history live. He has touched the high peaks of American history—the introduction of slavery, the war of secession, the surrender at Appomattox, the death of Lincoln, the miseries of Reconstruction and the restoration of the South to its own.

Mr. Griffith employed 18,000 peo-

ple in taking these historical pictures. The battle scenes were actual duplicates of several of the Civil War conflicts, and so were the facsimiles of other important events. We see Lincoln among his counsellors issuing the call for volunteers. Grant and Lee shaking hands at Appomattox, the shot that John Wilkes Booth fired, the Freedman's Bureau, the carpetbaggers' excesses, and the famous rides of the Ku Klux. The realism is almost uncanny. Often the old war shouts are heard in the audiences from the lips of veterans who momentarily forget that it is only a picture. It is hard to keep

one's feet from dancing to the well-beloved tunes of the martial music. Scenes in the latter half of the pictures are so skillfully managed that often the applause is practically continuous for half to three-quarters of an hour.

The labor involved in this newest sort of picture-making is enormous. There are 5000 separate and individually posed scenes involving about 200,000 interesting details. The musical score is as complex and elaborate as that of any grand opera. In brief, the magnitude of the stupendous film dwarfs the average stage play into insignificance.

MANY SHEEP TO BE SENT HERE

TEN TRAIN LOADS EXPECTED TO BE SHIPPED IN FOR SUMMER GRAZING—MAUPIN MEN TO SEND FIRST FLOCK.

(From Tuesday's Daily.)
Shipment of sheep into Bend for grazing on the national forest reserves will begin about July 1, for this summer, says J. T. Hardy, traveling freight agent, who believes that about 10 or 12 train loads will be shipped here for summer grazing. The first shipment will come from Tom Connolly, of Maupin, who is shipping 25 cars of his sheep. Arrival of sheep at the Bend station between July 1 and 10 will average about a train, 20 or 25 cars, per day.
Sheep shipped here for grazing come principally from the Shanks country.

BIDS FOR SCHOOLS OPENED LAST NIGHT

(From Thursday's Daily.)
Meeting for the first time as a board in a first class district, the directors of School District 1 last night considered bids for the construction of the second unit of the high school and for the proposed new Kenwood school. Inasmuch as the total of the low bids plus the cost of the land for the Kenwood building amounted to more than the \$30,000 available for the buildings and furnishings a tentative agreement was reached to devote the funds to the completion of the high school unit, making temporary arrangements for the Kenwood needs.
The board will meet this afternoon to decide finally on the new buildings and at that time contracts will probably be let. In last night's bids, E. P. Brosterhouse was low man on the general contract for the high school, his figure being \$14,933. Guy Wilson being next lowest with a bid of \$14,937. J. E. Engbreton's bids were lowest for the heating and the plumbing of the high school unit.

SATHER'S CELEBRATION @ CHAUTAUQUA SPECIALS!

We invite visitors to make themselves "at home" at our store while in Bend during the Fourth of July Celebration and Chautauqua. We want you to make yourselves acquainted with our complete stock of Shoes, Dry Goods, Ready-to-Wear for Men, Women and Children
