

WORK IS BEGUN FOR WAR DRAFT

CARDS NUMBERED AND LISTED TODAY.

County Board, Headed by Sheriff Roberts, Must Send in Lists in Three Days—Washington to Wire Numbers Taken.

(From Friday's Daily Bulletin) Disorganization of the county registry board, and the organization of the war draft board, with the same personnel as the first body, were effected this morning in the council chambers of the O'Kane building as another step toward the selection of men from Deschutes county to serve in the United States army under the conscription law. The action was taken on receipt of instructions from the adjutant general. The board is headed by Sheriff R. E. Roberts and has as its other members County Health Officer Dr. Dwight P. Miller, and County Clerk J. H. Haner.

The first session of the war board was spent today in making up lists of the men who have registered for the draft, and in numbering all registration cards. Within three days these must be sent to the office of the adjutant general, following to the instructions received, it shall be the duty of each person registered to examine the lists hereafter required to be posted, to ascertain whether his registration card is in the possession of the local board exercising jurisdiction in the area in which the individual is registered and to call any error to the attention of the local board.

As soon as the last board in the nation is organized, the lottery for the draft will commence in Washington, the numbers will be drawn and telegraphed to the adjutant general, who will give out the names of the drafted men.

RED CROSS TO HAVE BOOTH FOR PUBLIC

Members of Chapter Will Be on Hand July 4 and 5—Cordial Welcome Extended to Visitors.

(From Monday's Daily.) Headquarters for the Red Cross will be opened on Greenwood street opposite the Pilot Butte Inn, on both July 4 and 5, from 10 o'clock in the morning to 5 o'clock at night, it was announced today. Visitors will be cordially welcome and a member of the chapter will be in attendance at all times while the headquarters are open to give information concerning the Red Cross and the organization of the Bend chapter.

DEADLOCK HOLDS IN LEAGUE RACE

PRINEVILLE WINS IN GAME WITH BEND.

Visitors Take Long End of 6-4 Score, While Shevlin-Hixon Players Get 11-3 Victory Over Jefferson County in Madras.

(From Monday's Daily.) Standing of the Teams.

Team	Won	Lost	Pct.
Shevlin-Hixon	7	3	.700
Prineville	7	3	.700
Bend	4	6	.400
Jefferson County	2	8	.200

After Bend had won in the fourth inning yesterday with a score of 3-1 over Prineville, the locals dominated the game in the sixth, when bunched hits and errors led in three tallies to add to the brace of scores made by the visitors in the fourth and fifth. Then just for luck, the Crook county boys annexed another in the eighth, while Bend's best efforts resulted only in a total of four, the last by Johnson, who poked out the ball for four sacks, with the bases vacant.

Parker started the music for Bend, and scored on Springer's hit. Prineville's first run was a four-ply swat in the fourth by McCall.

In the last of the fourth, O'Donnell took first and second on Mason's overthrow to first. Slate gained first as O'Donnell reached third, went to second on Merchant's error, and both scored on Baker's hit.

Game Won in Sixth.

In the fifth Prineville advanced a notch when Fox took second on Baker's overthrow to first, scoring on Mason's single. The big killing in the sixth was started by Greenwall, who laced out a safe one. Ellis fanned, and Merchant hit, immediately afterward pilfering second. Tetherow hit, scoring Merchant and Greenwall. Fox laced a fly to center field, Springer dropped the ball, relayed it home, and Johnson threw the ball away in a wild peg to catch Fox at second. In the melee, Tetherow scored.

Ellis scored in the eighth, hitting, taking second on Slate's faulty throw to first, going third on Merchant's out, Slate to Parker, and scoring when Fox singled.

Double Plays Feature.

The Prineville infield pulled three neat double plays, the first coming in the fifth, Tetherow to Fox to Erickson, catching Springer on second and Lynch on first, the next in the sixth, Merchant to Fox to Erickson, nabbing Johnson at second and Baker at first, and the last in the final frame, Tetherow to Merchant to Erickson, cutting off Parker at

second and Clow at first. Bend cut down two runners in one play in the ninth, Ross catching Greenwall's fly to left field and relaying the ball via Slate to Johnson, squelching McCall at home. The score:

Prineville	AB.	R.	H.	PO.	A.	E.
Fox, ss	5	1	1	4	4	0
Mason, 3b	5	0	1	2	2	0
McCall, lf	5	1	2	1	0	0
Erickson, 1b	5	0	1	13	0	0
Stapleton, c	5	0	0	5	1	0
Greenwall, cf	5	1	1	0	0	0
Albee, rf	1	0	0	0	0	1
Ellis, lf	3	1	1	1	0	0
Merchant, 2b	4	1	1	1	3	1
Tetherow, p	4	1	2	0	8	1
Total	42	6	10	27	18	4

Bend	AB.	R.	H.	PO.	A.	E.
Hollinshead, lf	3	0	1	1	0	0
Ross, lf	1	0	0	2	1	0
Springer, cf	4	0	1	0	0	2
Lynch, ss	4	0	0	2	1	0
O'Donnell, rf	4	1	0	1	0	0
Slate, 3b	4	1	1	1	5	3
Johnson, c	4	1	3	12	0	1
Baker, 2b	4	0	2	2	0	2
Parker, 1b	4	1	1	6	0	1
Clow, p	4	0	1	0	12	0
Total	36	4	9	27	20	9

Summary—Batteries, Prineville, Tetherow and Stapleton; Bend, Clow and Johnson; umpires, Connarn and Mahoney; bases on balls, of Clow, one; two base hits, Slate, Parker, Tetherow; three base hits, Clow, Erickson; home runs, McCall, Johnson; struck out, by Clow 11, by Tetherow 6; stolen bases, Merchant, Springer; left on bases, Bend 5, Prineville 9; earned runs, Bend 2, Prineville 3.

The Shevlin-Hixon players kept pace with Prineville yesterday, when they defeated the Jefferson County team 11-3, playing on the Madras grounds. Bolan and Bolan, brothers just imported from Portland, constituted the Jefferson battery, while Knudsen and Shoots officiated for the mill men. The visitors sewed up the game in the fourth frame, when with the score 1-1, four more tallies were annexed. Knudsen's homer, with two on, was the feature of the game from a hitting standpoint, while Merrill had three two-baggers and a single to his credit at the close of the fracas. The Bend men generally hit heavily throughout the game.

TAILLIGHTS UNLIT BASIS FOR CHARGE

(From Monday's Daily.) Failure to have tail lights on their cars Saturday night caused a number of auto owners to be halted before Municipal Judge Ellis, but investigation showed that the offenders were non-residents, unacquainted with the city laws, and reprimands were the only punishments meted out.

PINE TREE PLANT GETS EQUIPMENT

(From Monday's Daily.) Two planers and a 150-horse power four-cylinder Russell gasoline engine have arrived in Bend for installation in the Pine Tree Lumber company plant, six miles out of Bend.

THE FOOD PROBLEM

This Country Pays a Big Price For Its Reckless Habits.

WANTON WASTE IN OUR HOMES

Each Year \$700,000,000 in Good Edibles is Flung Into Garbage Pails or is Destroyed in Cooking or Allowed to Spoil.

Good food heedlessly thrown into garbage pails, food allowed to spoil in the household, food ruined by improper cooking and food destroyed by rats, mice and insects constitute the heavy items in the \$700,000,000 annual waste of food in homes in the United States. Seven hundred million dollars is considered to be a conservative figure by the secretary of agriculture. In household waste, of course, are not included the vast losses of food allowed under improper handling or insufficient marketing methods to spoil in transit or in the hands of producers or dealers.

Much of this \$700,000,000 household waste of food, the dietary specialists of the department declare, is easily preventable. This preventable waste consists in large part of the following items:

Edible food thrown into the garbage pail or into the kitchen sink. Much of the food is thrown out, the specialists say, because so many people do not know how to utilize leftovers or will not take the trouble to keep and prepare them. The specialists point out:

Leftover cereals can be reheated or combined with fruits, meats or vegetables into appetizing side dishes, and even a spoonful of cereal is worth saving as a thickener of soups, gravies and sauces.

Stale bread can be utilized in a variety of ways in combination with vegetables and meats and in preparing hot breads and puddings.

Skim milk, too widely looked down upon as a food, although it contains practically all the nourishing elements of whole milk with the exception of the cream or fat, can be used as a beverage in cooking cereals or as a basis for milk soups or sauces.

Sour milk, so largely thrown away, can be used in making hot breads or in the home manufacture of cottage cheese.

Every scrap of meat or fish can be combined with cereals or other foods lacking in pronounced flavor, both to give it flavor and to add nourishment to made over dishes. Every bit of fat or meat trimmed from meat before cooking or tripe out in boiling, roasting or broiling can be made useful in cooking. Many butchers, after they have weighed meat and named the price for the cut, trim off valuable suet and fat. This fat, which the housewife pays for, if taken home and used, would reduce expenditures for prepared cooking fats.

Many persons regard the saving of small amounts of leftover food as unimportant. If they kept accurate account, however, the specialists say, many families would be astounded by the amount of good food they are throwing out.

Next comes the spoilage of food due to careless handling and storing in the home. Much milk spoils quickly because it is kept uncovered in warm kitchens. Close observance of the doctrine, "Keep perishable food, especially milk, cool, clean and covered continuously," may make a striking difference in the food bills of many families.

In other cases, one or two vegetables, beets or carrots, for instance, not needed immediately, are thrown out or allowed to spoil instead of being used in soups or combination dishes. Fruits which could be stewed and kept are allowed to spoil.

As to food spoiled by careless cooking, many housewives who complain that children and adults will not eat breakfast cereals fail to realize that the cereals they serve are undercooked, scorched or improperly seasoned and thus made unpalatable. Most of the cheaper foods require careful seasoning and preparation to be fully appetizing.

Waste in preparation is cited. Much useful food gets into the garbage pail because the housewife in preparing potatoes or other vegetables and fruit, such as apples, cuts off with the skin a considerable percentage of edible material.

Many persons are unaware that the green and tender tops of many vegetables, which contain valuable mineral and other food substances, are excellent cooked as greens or even as additions to salads.

The over generous serving of food is held responsible for waste. Many families take pride in serving lavish and overbountiful meals. Such meals lead not only to waste of food on the table, but to overeating, which often impairs health and efficiency.

The same standard, "Eat enough food and no more," rigidly followed, would reduce greatly food bills in many homes and at the same time tend to improve the physical condition of all members of the household.—United States Department of Agriculture Bulletin.

The True and the False. The president of a bank when asked by a young clerk how he could distinguish the counterfeit bills from the good said, "Get familiar with the good bills and you will recognize the bad bills at sight." Here is a vast volume of general wisdom summed up in a single sentence.—Christian Herald.

She may be clasped so close we cannot see its face.—Trench.

COUNTY COURT PROCEEDINGS

Bend, Oregon, June 15.—The County Court met in the council room in the O'Kane building at 10 o'clock a. m., pursuant to adjournment, all members being present. The meeting was called to order by the Judge.

Requests having been made to the county court that a stock inspector be appointed, Woodie Best was appointed temporary stock inspector, and until a further order of this court is made.

It was ordered that L. H. Root, supervisor of road district No. 11, be instructed to open the Peterson road in that district and to notify parties along the line of said road to move their fences at once.

S. R. Hogin, being interested in the Dayton road, asked that his resignation as a viewer of said road, be accepted. Same was accepted by the court, and J. C. Thorp appointed as a viewer in his stead.

The court adjourned at 12 m. to meet at 1:30 p. m. same date.

The court reconvened at 1:30 p. m. same date, meeting in the council room, same members present as at morning meeting.

Ordered, that Supervisor Brookings be instructed to fix and the wind break to catch the sand on the road adjoining the Ewing place, near Hampton.

At the request of the county physician the following order was entered: Ordered, that the county clerk be, and he is hereby instructed to extend the invitation of this court to the several physicians in the county to meet with this court on Wednesday, June 27, 1917, to consider and discuss a method for the care and treatment of county patients.

The matter of insuring the county records, furniture, etc., was taken up, but the matter was left for further consideration.

The county surveyor made a report on the rock cut north of the North Canal on the Tumalo road, showing the estimated changes to cost \$942. Matter was left for further consideration.

Ordered that claims numbered 476 to 487, inclusive, as shown on page 17 of the docket of claims, be and the same are hereby allowed, and the clerk is instructed to issue his warrants in payment thereof.

On motion duly made and seconded, court adjourned to meet June 27, 1917.

Claims allowed June 15, term of court:

Rod Foster, deputy water master	\$ 5.00
D. W. Harthing, rent hall, election	5.00
